8	What are planning instruments	3
(1)	A <i>planning instrument</i> is an instrument that sets out policies for planning or development assessment, and is either—	4 5
(a)	a State planning instrument; or	6
(b)	a local planning instrument.	7
(2)	A <i>State planning instrument</i> is a planning instrument made by the Minister to protect or give effect to State interests, and is either—	8 9 10
(a)	a State planning policy (including a temporary State planning policy); or	11 12
(b)	a regional plan.	13
(3)	A <i>local planning instrument</i> is a planning instrument made by a local government, and is either—	14 15
(a)	a planning scheme; or	16
(b)	a TLPI; or	17
(c)	a planning scheme policy.	18
(4)	To the extent of any inconsistency—	19
(a)	a State planning policy applies instead of a regional plan or local planning instrument; and	20 21
(b)	a regional plan applies instead of a local planning instrument; and	22 23
(c)	a planning scheme applies instead of a planning scheme policy; and	24 25
(d)	a TLPI applies instead of a planning scheme or planning scheme policy.	26 27

[s 9]

<i>Note—</i>	1
A TLPI may also suspend, or otherwise affect, the operation of a planning scheme or planning scheme policy—see section 23(3).	2 3
(5) A local planning instrument must not include a provision about building work, to the extent the building work is regulated under the building assessment provisions, unless allowed under the Building Act.	4 5 6 7
(6) To the extent a local planning instrument does not comply with subsection (5), the local planning instrument is of no effect.	8 9 10
9 When planning instruments and designations have effect	11
(1) This section explains when certain instruments made under this chapter start to have effect.	12 13
(2) The <i>effective day</i> is the day when the following instruments start to have effect—	14 15
(a) a planning instrument or designation;	16
(b) an amendment or repeal of a planning instrument or designation.	17 18
(3) If this chapter requires public notice of the instrument to be published, the effective day is—	19 20
(a) the day on which the notice is published in the gazette; or	21 22
(b) a later day stated in—	23
(i) the notice; or	24
(ii) the instrument.	25
(4) However, with the Minister’s agreement in writing, the effective day for the making or amendment of a TLPI is the day when the local government, at a public meeting, resolved to give the TLPI or amendment, and the request for an earlier effective day, to the Minister for approval.	26 27 28 29 30

-
- (5) Also, if under this chapter a planning instrument may be repealed by a later planning instrument, the repeal starts to have effect when the later planning instrument starts to have effect.

Part 2 State planning instruments

- 10 Making or amending State planning instruments**
- (1) This section applies if the Minister proposes to make or amend a State planning instrument.
- (2) The Minister must publish a public notice that states—
- (a) where copies of the proposed State planning instrument, or proposed amendment, (the *instrument*) may be inspected or purchased; and
 - (b) a phone number or email address to contact for information about the instrument; and
 - (c) any person may make a written submission about the instrument to the Minister; and
 - (d) the requirements for properly making a submission; and
 - (e) the period, after the public notice is gazetted, within which a submission may be made.
- (3) The period for subsection (2)(e) must be at least—
- (a) for making a State planning policy—40 business days; or
 - (b) for amending a State planning policy—20 business days; or
 - (c) for making a regional plan—60 business days; or
 - (d) for amending a regional plan—30 business days.

[s 11]

- (4) The Minister must give a copy of the public notice and instrument to each affected local government. 1
2
- (5) After the Minister considers all submissions that are made as required under the public notice, the Minister must decide— 3
4
- (a) to make the instrument; or 5
- (b) to make the instrument with the changes that the Minister considers appropriate; or 6
7
- (c) not to make the instrument. 8
- (6) If the Minister decides to make the instrument (with or without changes), the Minister must— 9
10
- (a) publish the decision by a public notice that states— 11
- (i) the day when the instrument was made; and 12
- (ii) where a copy of the instrument may be inspected or purchased; and 13
14
- (b) give a copy of the notice, and the instrument, to each affected local government. 15
16
- (7) A State planning instrument that is made or amended substantially in compliance with this section is valid, as long as any noncompliance does not— 17
18
19
- (a) restrict the public’s opportunity to properly make submissions about the instrument; or 20
21
- (b) adversely affect public awareness of the existence and nature of the instrument. 22
23
- (8) If the Minister decides not to make the instrument, the Minister must publish the decision by a gazette notice. 24
25

11 Minor amendments to State planning instruments 26

- (1) The Minister may make a minor amendment to a State planning instrument without complying with section 10. 27
28
- (2) Instead, the Minister may make a minor amendment by publishing a public notice that states— 29
30

(a)	the day when the amendment was made; and	1
(b)	where a copy of the amended State planning instrument may be inspected or purchased.	2 3
(3)	A <i>minor amendment</i> , of a State planning instrument, is an amendment that—	4 5
(a)	corrects or otherwise changes—	6
(i)	a spelling, grammatical or mapping error; or	7
(ii)	an explanatory matter about the instrument; or	8
(iii)	the format or presentation of the instrument; or	9
(iv)	a factual matter incorrectly stated; or	10
(v)	a redundant or outdated term; or	11
(vi)	inconsistent numbering of provisions; or	12
(vii)	a cross-reference in the instrument; or	13
(b)	the Minister considers only reflects—	14
(i)	a part of another State planning instrument, if the Minister considers adequate public consultation was carried out in relation to the making of that part of the other State planning instrument; or	15 16 17 18
(ii)	this Act or another Act; or	19
(c)	is prescribed by regulation.	20
(4)	The Minister must give a copy of the public notice, and the amendment, to each affected local government.	21 22
12	Making temporary State planning policies	23
(1)	This section applies if the Minister considers a State planning policy is urgently required to protect or give effect to a State interest.	24 25 26
(2)	The Minister may make a State planning policy (a <i>temporary State planning policy</i>) that has only temporary effect.	27 28

[s 13]

- (3) A temporary State planning policy may suspend or otherwise affect the operation of, but does not amend or repeal, a State planning instrument. 1
2
3
- (4) Instead of complying with section 10, the Minister may make a temporary State planning policy by publishing a public notice that states— 4
5
6
- (a) the name of the temporary State planning policy; and 7
- (b) if the temporary State planning policy suspends or otherwise affects the operation of another State planning instrument—the name of the other State planning instrument; and 8
9
10
11
- (c) if the temporary State planning policy has effect only in a part of the State—the name, or a description, of the part of the State; and 12
13
14
- (d) where a copy of the temporary State planning policy may be inspected or purchased. 15
16
- (5) The Minister must give a copy of the notice, and the temporary State planning policy, to each affected local government. 17
18
19
- (6) The temporary State planning policy has effect for 2 years from the effective day, or a shorter period stated in the policy, unless repealed sooner. 20
21
22

13 Repealing State planning instruments 23

- (1) The Minister may repeal a State planning instrument by— 24
- (a) making another State planning instrument that specifically repeals the instrument; or 25
26
- (b) publishing a public notice that states— 27
- (i) the name of the State planning instrument; and 28
- (ii) if the State planning instrument has effect only in a part of the State—the name, or a description, of the part of the State; and 29
30
31

(iii) that the State planning instrument is repealed.	1
(2) The Minister must give a copy of the public notice to each affected local government.	2 3
14 Advice to Minister about regional plans	4
(1) The Minister may establish a regional planning committee for a region by a gazette notice that states the committee's name and membership.	5 6 7
(2) When developing and implementing a regional plan, the Minister must consider the advice of any regional planning committee for the region.	8 9 10
Part 3 Local planning instruments	11
Division 1 Introduction	12
15 What part is about	13
(1) This part sets out—	14
(a) the process for making, amending or repealing a local planning instrument; and	15 16
(b) the State's powers in relation to local planning instruments.	17 18
(2) A local planning instrument, or amendment of a local planning instrument, (the <i>instrument</i>) that is made substantially in compliance with the process in division 2 is valid, as long as any noncompliance does not—	19 20 21 22
(a) for the making or amending of a planning scheme or TLPI—restrict the Minister's opportunity to consider whether the instrument would adversely affect State interests; or	23 24 25 26

[s 16]

(b)	if the process provides for public consultation about the instrument—	1 2
(i)	restrict the public’s opportunity to properly make submissions about the instrument under that process; or	3 4 5
(ii)	adversely affect public awareness of the existence and nature of the instrument.	6 7
16	Contents of local planning instruments	8
(1)	A planning scheme must—	9
(a)	identify strategic outcomes for the local government area to which the planning scheme applies; and	10 11
(b)	include measures that facilitate the achievement of the strategic outcomes; and	12 13
(c)	coordinate and integrate the matters dealt with by the planning scheme, including State and regional aspects of the matters.	14 15 16
(2)	A regulation may prescribe requirements (the <i>regulated requirements</i>) for the contents of a local planning instrument.	17 18
(3)	The contents prescribed by regulation apply instead of a local planning instrument, to the extent of any inconsistency.	19 20
17	Minister’s guidelines and rules	21
(1)	The Minister must make an instrument that contains—	22
(a)	guidelines setting out the matters that the chief executive must consider when preparing a notice about making or amending planning schemes; and	23 24 25
(b)	rules setting out the process for—	26
(i)	making amendments including amendments to LGIPs, of a type stated in the rules, to planning schemes; and	27 28 29

-
- (ii) making LGIPs, whether as part of a proposed planning scheme or as an amendment of a planning scheme; and
 - (iii) reviewing LGIPs; and
 - (iv) making or amending planning scheme policies; and
 - (v) making or amending TLPIs.
- (2) Sections 10 and 11 apply to making or amending the guidelines or rules as if the guidelines or rules were a State planning policy.
- (3) The guidelines and rules start to have effect when a regulation prescribes the guidelines and rules.

Division 2 Making, amending or repealing local planning instruments

18 Making or amending planning schemes

- (1) This section applies if a local government proposes to make or amend a planning scheme.
- (2) The local government must give notice of the proposed planning scheme, or proposed amendment, (the *instrument*) to the chief executive.
- (3) After consulting with the local government, the chief executive—
- (a) must give a notice about the process for making or amending the planning scheme to the local government; and
 - (b) may give an amended notice about the process for making or amending the planning scheme to the local government.
- (4) The chief executive must consider the Minister’s guidelines when preparing the notice or an amended notice.

[s 18]

- (5) The notice, or amended notice, must state at least— 1
- (a) the local government must publish at least 1 public 2
notice about the proposal to make or amend the planning 3
scheme; and 4
 - (b) the local government must keep the instrument available 5
for inspection and purchase for a period stated in the 6
public notice of at least— 7
 - (i) for a proposed planning scheme—40 business days 8
after the day the public notice is published in a 9
newspaper circulating in the local government 10
area; or 11
 - (ii) for a proposed amendment—20 business days after 12
the day the public notice is published in a 13
newspaper circulating in the local government 14
area; and 15
 - (c) the public notice must state that any person may make a 16
submission to the local government about the 17
instrument; and 18
 - (d) a communications strategy that the local government 19
must implement about the instrument; and 20
 - (e) the local government must consider all properly made 21
submissions about the planning scheme or amendment; 22
and 23
 - (f) the local government must notify persons who made 24
properly made submissions about how the local 25
government dealt with the submissions; and 26
 - (g) the local government must give the Minister a notice 27
containing a summary of the matters raised in the 28
properly made submissions and stating how the local 29
government dealt with the matters; and 30
 - (h) after the planning scheme is made or amended, the local 31
government must publish a public notice about making 32
or amending the planning scheme. 33

-
- (6) The local government must make or amend the planning scheme by following the process in the notice or amended notice. 1
2
3
- (7) If the notice requires the Minister to approve the instrument, the Minister may approve the instrument if the Minister considers the instrument appropriately integrates State, regional and local planning and development assessment policies, including policies under an applicable State planning instrument. 4
5
6
7
8
9
- (8) A planning scheme replaces any other planning scheme that the local government administers. 10
11
- 19 Applying planning scheme in tidal areas** 12
- (1) A local government may apply a planning scheme as a categorising instrument in relation to prescribed tidal works in the tidal area for its non-port local government area, to the extent prescribed by regulation. 13
14
15
16
- (2) In this section— 17
- non-port local government area*, for a local government, means the local government area, other than any strategic port land in the local government area. 18
19
20
- prescribed tidal works* means tidal works of a type prescribed by regulation. 21
22
- strategic port land* see the Transport Infrastructure Act, section 286(5). 23
24
- tidal area*, for a non-port local government area or strategic port land (each *the area*), means— 25
26
- (a) the part or parts of a tidal river, an estuarine delta, or an artificial waterway that are— 27
28
- (i) subject to tidal influence; and 29
- (ii) next to the area; and 30
- (iii) between the high-water mark and the middle of the river, delta or waterway; and 31
32

[s 20]

	(iv) no further up the river, delta or waterway than the spring tides ordinarily flow and reflow; and	1 2
	(b) to the extent the boundary of the area is, or is seaward of, the high-water mark—the land that is seaward and within 50m of the high-water mark.	3 4 5
20	Amending planning schemes under Minister’s rules	6
	(1) This section applies to an amendment of a planning scheme that the Minister’s rules apply to.	7 8
	(2) Instead of complying with section 18, a local government may amend a planning scheme by following the process in the Minister’s rules.	9 10 11
	(3) The rules must provide for the local government to publish a public notice about the planning scheme being amended.	12 13
21	Making or amending LGIPs	14
	Despite sections 18 and 20, a local government must follow the process in the Minister’s rules for making or amending an LGIP, if the local government—	15 16 17
	(a) proposes to include an LGIP in a planning scheme; or	18
	(b) amends a planning scheme to include an LGIP; or	19
	(c) amends an LGIP.	20
22	Making or amending planning scheme policies	21
	(1) A local government may make or amend a planning scheme policy by following the process in the Minister’s rules.	22 23
	(2) The rules must provide for the local government to publish a public notice about the making or amendment of a planning scheme policy.	24 25 26

23	Making or amending TLPIs	1
(1)	A local government may make a TLPI if the local government and Minister decide—	2 3
(a)	there is significant risk of serious adverse cultural, economic, environmental or social conditions happening in the local government area; and	4 5 6
(b)	the delay involved in using the process in sections 18 to 22 to make or amend another local planning instrument would increase the risk; and	7 8 9
(c)	the making of the TLPI would not adversely affect State interests.	10 11
(2)	A local government may amend a TLPI if the Minister decides the amendment of the TLPI would not adversely affect State interests.	12 13 14
(3)	A TLPI may suspend or otherwise affect the operation of another local planning instrument, but does not amend or repeal the instrument.	15 16 17
(4)	The local government may make or amend a TLPI by following the process in the Minister’s rules.	18 19
(5)	The rules must provide for—	20
(a)	the Minister to approve a TLPI or amendment before the TLPI or amendment is made; and	21 22
(b)	the local government to publish a public notice about the making of a TLPI or amendment.	23 24
(6)	The TLPI, with or without an amendment, has effect for 2 years after the effective day, or a shorter period stated in the TLPI, unless repealed sooner.	25 26 27
(7)	A TLPI—	28
(a)	does not create a superseded planning scheme; and	29
(b)	is not an adverse planning change.	30

[s 24]

24	Repealing TLPIs or planning scheme policies	1
(1)	A local government may repeal a TLPI, or planning scheme policy, (the <i>instrument</i>) by resolution.	2 3
(2)	However, if the instrument was made by, or at the direction of, the Minister, the local government must get the Minister's written approval before making the resolution.	4 5 6
(3)	As soon as practicable after the local government makes the resolution, the local government must publish a public notice that states—	7 8 9
(a)	the name of the local government; and	10
(b)	the name of the instrument being repealed; and	11
(c)	the day when the resolution was made.	12
(4)	The local government must give a copy of the public notice to the chief executive.	13 14
(5)	A local government may repeal a TLPI by making, or amending, a planning scheme to specifically repeal the TLPI.	15 16
(6)	The planning scheme policies for a local government area are repealed by making (but not amending) a planning scheme for the local government area.	17 18 19
25	Reviewing planning schemes	20
(1)	A local government must—	21
(a)	review its planning scheme within 10 years after—	22
(i)	the planning scheme was made; or	23
(ii)	if the planning scheme has been reviewed—the planning scheme was last reviewed; and	24 25
(b)	decide, based on that review, whether to amend or replace the planning scheme.	26 27
(2)	If the local government decides not to amend or replace the planning scheme, the local government must—	28 29

(a)	give written reasons for the decision to the chief executive; and	1 2
(b)	publish a public notice, in the approved form, about the decision; and	3 4
(c)	keep a copy of the public notice in a conspicuous place in the local government's public office, for a period of at least 40 business days after the notice is published.	5 6 7
(3)	Despite subsection (1), a local government must review any LGIP (an <i>LGIP review</i>) in its planning scheme within 5 years after—	8 9 10
(a)	the LGIP was included in the planning scheme; and	11
(b)	if the LGIP has been reviewed—the LGIP was last reviewed.	12 13
(4)	When conducting an LGIP review, the local government must follow the process in the Minister's rules.	14 15
(5)	An LGIP review is not a review for subsection (1).	16
Division 3	State powers for local planning instruments	17 18
26	Power of Minister to direct action be taken	19
(1)	This section applies to the following instruments made by a local government—	20 21
(a)	an existing local planning instrument or designation;	22
(b)	a proposed local planning instrument or designation;	23
(c)	a proposed amendment of a local planning instrument or designation.	24 25
(2)	If the Minister considers the local government should take action in relation to an instrument or designation—	26 27

[s 26]

- (a) to ensure the instrument or designation is consistent with the regulated requirements for the instrument or designation; or
- (b) to protect, or give effect to, a State interest;
- the Minister may give the local government a notice that complies with subsection (3).
- (3) The notice must state—
- (a) the action that the Minister considers the local government should take; and
- (b) the reasons for taking the action; and
- (c) the local government may make a submission to the Minister about the local government taking the action; and
- (d) the reasonable period within which a submission may be made.
- (4) After the Minister considers all submissions made as required under the notice, the Minister must decide—
- (a) to direct the local government to take the action stated in the notice; or
- (b) to direct the local government to take other action; or
- (c) not to direct the local government to take any action.
- (5) Without limiting subsection (4), the Minister may direct the local government—
- (a) to review a planning scheme, as required under section 25, and report the results of the review to the Minister; or
- (b) to review a designation, and report the results of the review to the Minister; or
- (c) to make, amend or repeal a planning scheme as required under the process in—
- (i) sections 18 to 24; or

-
- (ii) the Minister’s notice; or 1
- (d) to amend a designation as required under the process in 2
the designation process rules or to repeal a designation 3
under section 40. 4
- (6) If the Minister decides to direct the local government to take 5
action, the Minister must give the local government a notice 6
that states— 7
- (a) the nature of the action; and 8
- (b) a reasonable period within which the local government 9
must take the action. 10
- (7) If the local government does not take the action, the Minister 11
may— 12
- (a) take the action; and 13
- (b) recover any expense the Minister reasonably incurs in 14
taking the action from the local government as a debt. 15
- (8) The action taken by the Minister has the same effect as if the 16
local government had taken the action. 17
- 27 Power of Minister to take urgent action 18**
- (1) This section applies if the Minister considers— 19
- (a) action should be taken under section 26(2)(b) to protect, 20
or give effect to, a State interest; and 21
- (b) the action must be taken urgently. 22
- (2) The Minister may give the local government a notice that 23
states— 24
- (a) the action that the Minister intends to take; and 25
- (b) the reasons for taking the action. 26
- (3) After giving the notice, the Minister may take the action as 27
required under the process in the Minister’s rules without— 28
- (a) giving a direction to the local government under section 29
26; or 30

[s 28]

	(b) consulting with any person before taking the action.	1
(4)	The action taken by the Minister has the same effect as if the local government had taken the action.	2 3
(5)	Any expense the Minister reasonably incurs in taking the action may be recovered from the local government as a debt.	4 5
28	Limitation of liability	6
	A local government does not incur liability for anything the local government does or does not do in complying with a direction of the Minister, or any action taken by the Minister, under this division in relation to—	7 8 9 10
	(a) an existing local planning instrument or designation; or	11
	(b) a proposed local planning instrument or designation; or	12
	(c) a proposed amendment of a local planning instrument or designation.	13 14
Part 4	Superseded planning schemes	15
Division 1	Applying superseded planning scheme	16 17
29	Request to apply superseded planning scheme	18
(1)	This section applies if a person wants a superseded planning scheme to apply to a proposed development application or proposed development.	19 20 21
(2)	A <i>superseded planning scheme</i> is a planning scheme, together with related planning scheme policies, that was in effect immediately before any of the following events (a <i>planning change</i>) happens—	22 23 24 25

-
- (a) the planning scheme was amended or replaced; 1
- (b) any of the planning scheme policies were amended, 2
replaced or repealed; 3
- (c) a new planning scheme policy was made for the 4
planning scheme. 5
- (3) A person may, within 1 year after the planning scheme and 6
related policies become a superseded planning scheme, make 7
a superseded planning scheme request in relation to the 8
superseded planning scheme. 9
- (4) A **superseded planning scheme request** is a written request to 10
a local government— 11
- (a) to accept, assess and decide a development application 12
(a **superseded planning scheme application**) under a 13
superseded planning scheme; or 14
- (b) to apply a superseded planning scheme to the carrying 15
out of development that was accepted development 16
under the superseded planning scheme. 17
- (5) A regulation may prescribe the following in relation to a 18
superseded planning scheme request— 19
- (a) that the request must be made in an approved form; 20
- (b) the information that must be given with the request; 21
- (c) how the local government may set a fee for considering 22
the request; 23
- (d) the period for deciding the request, and how the period 24
may be extended; 25
- (e) when and how a local government must notify the 26
person making the request of the local government’s 27
decision; 28
- (f) another matter related to deciding the request. 29
- (6) The local government must decide whether or not to agree to a 30
superseded planning scheme request within the period 31
prescribed by, or extended as required under, the regulation. 32
-

[s 29]

- (7) The local government must, within 5 business days after making the decision, give a decision notice to the person who made the superseded planning scheme request. 1
2
3
- (8) If, within 5 business days after the end of the period or of the period extended under subsection (6), the local government does not give a decision notice to the person, the local government is taken to have agreed to the superseded planning scheme request. 4
5
6
7
8
- (9) If the local government decides to agree, or is taken to have agreed, to a request under subsection (4)(a)— 9
10
- (a) the superseded planning scheme application must be made within 6 months after the local government— 11
12
- (i) gives a decision notice to the person who made the request; or 13
14
- (ii) is taken to have agreed to the request; and 15
- (b) the superseded planning scheme application may be made for prohibited development, despite section 50(2). 16
17
- (10) If the local government decides to agree, or is taken to have agreed, to a request under subsection (4)(b)— 18
19
- (a) the development may be carried out under the superseded planning scheme; and 20
21
- (b) the following apply to the decision as if the decision were a development approval, given by the local government as the assessment manager, that took effect on the day when the decision notice was given or the local government is taken to have agreed to the request— 22

- (i) chapter 3, part 5, division 4; 28
- (ii) schedule 1, table 1, item 3. 29
- (11) Despite section 45(5) and (6), an assessment manager must assess a superseded planning scheme application as if the superseded planning scheme was in effect instead of— 30
31
32
- (a) the planning scheme; and 33

-
- (b) any related planning scheme policies. 1

Division 2 Compensation 2

30 When this division applies 3

- (1) This division applies in relation to an adverse planning change. 4
5
- (2) An *adverse planning change* is a planning change that reduces the value of an interest in premises. 6
7
- (3) An adverse planning change includes a planning change (a *public purpose change*) that limits the use of premises to— 8
9
- (a) the purpose for which the premises were lawfully being used when the change was made; or 10
11
- (b) a public purpose. 12
- (4) However, an adverse planning change does not include a planning change that— 13
14
- (a) has the same effect as another statutory instrument, other than a TLPI, for which compensation is not payable; or 15
16
17
- (b) is made to comply with the regulated requirements; or 18
- (c) includes infrastructure in a planning scheme, or removes or changes the infrastructure shown in a planning scheme, including under a designation; or 19
20
21
- (d) is about matters included in a LGIP; or 22
- (e) is made— 23
- (i) to reduce a material risk of serious harm to persons or property on the premises from natural events or processes (bush fires, coastal erosion, flooding or landslides, for example); and 24
25
26
27
- (ii) as required under the Minister’s rules, and are prescribed by regulation; or 28
29

[s 31]

- (f) is about the relationships between, the location of, or the physical characteristics of, buildings, works or lots, if the yield achievable is not substantially different from the yield achievable before the change. 1
2
3
4
- (5) For subsection (4)(e), the Minister’s rules must require a local government to prepare a report assessing feasible alternatives for reducing the risk stated in subsection (4)(e), including imposing development conditions on development approvals. 5
6
7
8
- (6) For subsection (4)(f), the yield achievable is not substantially different from the yield achievable before the change, in relation to building work for a residential building, if the gross floor area of the residential building— 9
10
11
12
- (a) is not more than 2000m²; and 13
- (b) is reduced by not more than 15%. 14
- (7) In this section— 15
- gross floor area** means the sum of the floor areas, including all walls, columns and balconies, whether roofed or not, of all stories of every building located on premises, other than— 16
17
18
- (a) the areas used for building services, a ground floor public lobby or a public mall in a shopping centre; or 19
20
- (b) the areas associated with the parking, loading and manoeuvring of motor vehicles. 21
22
- yield** means— 23
- (a) for buildings and works—the gross floor area, the density of buildings or persons, or the plot ratio, achievable for premises; or 24
25
26
- (b) for reconfiguring a lot—the number of lots in a particular area of land. 27
28

31 Claiming compensation 29

- (1) This section is about when a person (an *affected owner*) with an interest in premises, at the time an adverse planning change 30
31

-
- starts to have effect for the premises, may claim compensation because of the adverse planning change. 1
2
- (2) An affected owner may claim compensation if the adverse planning change is a public purpose change. 3
4
- (3) An affected owner may claim compensation in relation to development that becomes assessable development after the adverse planning change has effect, if— 5
6
7
- (a) the local government refuses a superseded planning scheme request in relation to the development; and 8
9
- (b) a development application has been made for the development; and 10
11
- (c) the development application is— 12
- (i) refused; or 13
- (ii) approved with development conditions; or 14
- (iii) approved in part, with or without development conditions. 15
16
- (4) An affected owner may claim compensation in relation to development that becomes prohibited development after the adverse planning change has effect, if the local government refuses a superseded planning scheme request in relation to the development. 17
18
19
20
21
- (5) However, an affected owner may not claim compensation because of an adverse planning change— 22
23
- (a) to the extent that compensation— 24
- (i) is payable under another Act; or 25
- (ii) has been paid to a previous owner of the interest; 26
or 27
- (b) for anything done in contravention of this Act. 28
- (6) An affected owner must make a claim for compensation to a local government within— 29
30

[s 32]

(a)	for subsection (2)—2 years after the adverse planning change has effect; or	1 2
(b)	for subsection (3) or (4)—6 months after notice of the decision under subsection (3)(c) or (4) is given to the affected owner.	3 4 5
32	Deciding compensation claim	6
(1)	If an affected owner makes a compensation claim to a local government, the local government must decide—	7 8
(a)	to approve all or part of the claim; or	9
(b)	to refuse the claim; or	10
(c)	if the claim relates to a public purpose change—to give a notice of intention to resume the affected owner’s interest in premises under the Acquisition Act, section 7.	11 12 13 14
(2)	If the claim relates to a public purpose change, the local government may also decide to amend the planning scheme to allow premises to be used for the purposes that the premises could be used for under the superseded planning scheme.	15 16 17 18
(3)	The local government’s chief executive officer must, within 70 business days after the claim is made, give the affected owner—	19 20 21
(a)	if subsection (1)(c) applies—the notice of intention to resume; or	22 23
(b)	otherwise—a notice that states—	24
(i)	the local government’s decision; and	25
(ii)	if the local government decides to approve all or part of the claim—the amount of compensation to be paid; and	26 27 28
(iii)	the affected owner’s appeal rights.	29
(4)	If a notice of intention to resume is withdrawn or lapses, the local government’s chief executive officer must comply with	30 31

subsection (3)(b), within 20 business days after the notice of intention to resume is withdrawn or lapses.	1 2
(5) If the local government approves all or part of the claim, the local government must pay the compensation within 30 business days after—	3 4 5
(a) if the decision is not appealed—the appeal period ends; or	6 7
(b) if the decision is appealed—the appeal ends.	8
33 Amount of compensation payable	9
(1) The amount of compensation payable to the affected owner is the difference between the market value of the owner’s interest in premises immediately before, and immediately after, the adverse planning change.	10 11 12 13
(2) When deciding the market value immediately after the adverse planning change, the local government must consider—	14 15 16
(a) any benefit to the owner’s interest in the premises, or in neighbouring premises, because of the adverse planning change; and	17 18 19
<i>Example—</i>	20
the likelihood of improved amenity in the locality of the premises	21 22
(b) any benefit to the owner’s interest in neighbouring premises because, after the adverse planning change but before the compensation claim was made—	23 24 25
(i) another planning change started to have effect; or	26
(ii) infrastructure, other than infrastructure that the owner funds, was constructed or improved on the neighbouring premises; and	27 28 29
(c) any conditions or other limitations that might reasonably have applied to development of the premises under the superseded planning scheme; and	30 31 32

[s 34]

(d)	for an adverse planning change that was the subject of a superseded planning scheme request—	1 2
(i)	the effect of any other planning change that started to have effect after the adverse planning change but before the superseded planning scheme request was made; and	3 4 5 6
(ii)	the effect of any development approval mentioned in section 31(3)(c)(ii) or (iii).	7 8
(3)	However, the local government must not consider the effect of—	9 10
(a)	any TLPI; or	11
(b)	the land being joined with, or separated from, other land.	12 13
34	Recording payment of compensation on title	14
(1)	This section applies if the local government pays compensation to the affected owner of an interest in premises.	15 16
(2)	The chief executive officer of the local government must give notice of the payment of the compensation to the following person (the <i>recorder</i>)—	17 18 19
(a)	to the extent the interest in the premises is recorded on the freehold land register under the Land Title Act—the registrar of titles under that Act;	20 21 22
(b)	to the extent the interest in the premises is recorded on a register under the Land Act—the chief executive under that Act.	23 24 25
(3)	The notice must be in the form approved by the recorder.	26
(4)	The recorder must keep the information in the notice under—	27
(a)	to the extent the interest in the premises is recorded on the freehold land register under the Land Title Act—section 34 of that Act; or	28 29 30

- (b) to the extent the interest in the premises is recorded on a register under the Land Act—section 281 of that Act. 1
2

Part 5 **Designation of premises for development of infrastructure** 3
4

35 **What is a designation** 5

- (1) A *designation* is a decision of the Minister, or a local government, (a *designator*) that identifies premises for the development of 1 or more types of infrastructure that are prescribed by regulation. 6
7
8
9
- (2) A designation may include requirements about— 10
- (a) works for the infrastructure (the height, shape, bulk, landscaping, or location of works, for example); or 11
12
- (b) the use of premises, for example— 13
- (i) vehicular and pedestrian access to, and circulation on, premises; and 14
15
- (ii) operating times for the use; and 16
- (iii) ancillary uses; or 17
- (c) lessening the impact of the works or use (environmental management procedures, for example). 18
19
- (3) The chief executive may, by notice, require a local government to include a matter in subsection (2) in a designation made by the local government. 20
21
22

Note— 23

For the effect of a designation on the categorisation of development, see section 44(6)(b). 24
25

[s 36]

36	Criteria for making or amending designations	1
(1)	To make a designation, a designator must be satisfied that—	2
(a)	the infrastructure will satisfy statutory requirements, or budgetary commitments, for the supply of the infrastructure; or	3 4 5
(b)	there is or will be a need for the efficient and timely supply of the infrastructure.	6 7
(2)	To make or amend a designation, if the designator is the Minister, the Minister must also be satisfied that adequate environmental assessment, including adequate consultation, has been carried out in relation to the development that is the subject of the designation or amendment.	8 9 10 11 12
(3)	The Minister may, in guidelines prescribed by regulation, set out the process for the environmental assessment and consultation.	13 14 15
(4)	The Minister is taken to be satisfied of the matters in subsection (2) if the process in the guidelines is followed.	16 17
(5)	However, the Minister may be satisfied of the matters in another way.	18 19
(6)	Sections 10 and 11 apply to the making or amendment of the guidelines as if the guidelines were a State planning policy.	20 21
(7)	To make or amend a designation, a designator must have regard to—	22 23
(a)	all planning instruments that relate to the premises; and	24
(b)	any assessment benchmarks, other than in planning instruments, that relate to the development that is the subject of the designation or amendment; and	25 26 27
(c)	if the premises are in a State development area under the State Development Act—any approved development scheme for the premises under that Act; and	28 29 30
(d)	any properly made submissions made as part of the consultation carried out under section 37; and	31 32

-
- (e) the written submissions of any local government. 1
- 37 Process for making or amending designation 2**
- (1) This section is about the process for— 3
- (a) making a designation for premises; or 4
- (b) amending a designation for premises, including by 5
amending— 6
- (i) the area of the premises; or 7
- (ii) the type of infrastructure for which the premises 8
were designated. 9
- (2) If the Minister proposes to make or amend a designation, the 10
Minister must give notice of the proposal to the affected 11
parties. 12
- (3) However, the Minister need not give the notice to an owner of 13
premises if— 14
- (a) a notice has already been given to the owner as part of 15
the consultation for an assessment under section 36(2); 16
or 17
- (b) the Minister can not notify the owner after making 18
reasonable efforts. 19
- (4) The notice must invite the affected parties to make 20
submissions about the proposal to the Minister within a period 21
of at least 15 business days after the notice is given. 22
- (5) If, after considering any properly made submissions, the 23
Minister decides not to proceed with the proposal, the 24
Minister must give a decision notice to the affected parties. 25
- (6) If a local government proposes to make or amend a 26
designation, the local government must follow the process in 27
the designation process rules, before the local government 28
makes or amends the designation. 29

[s 38]

- (7) Sections 10 and 11 apply to the making or amendment of the designation process rules as if the designation process rules were a State planning policy. 1
2
3
- (8) In this section— 4
designation process rules means rules made by the Minister and prescribed by regulation. 5
6
- 38 Process after making or amending designation** 7
- (1) If, after considering any properly made submissions, the designator decides to make or amend a designation, the designator must publish a gazette notice that states— 8
9
10
- (a) that the designation has been made or amended; and 11
- (b) a description of the designated premises; and 12
- (c) the type of infrastructure for which the premises were designated; and 13
14
- (d) for an amendment—the nature of the amendment. 15
- (2) The designator must give the following things to each affected party and the chief executive— 16
17
- (a) a copy of the gazette notice; 18
- (b) a notice of any requirements included in the designation under section 35(2); 19
20
- (c) a notice of how the designator dealt with any properly made submissions. 21
22
- 39 Duration of designation** 23
- (1) A designation stops having effect on the day (the *end day*) that is 6 years after the designation starts to have effect, unless— 24
25
26
- (a) on the end day— 27

-
- (i) a public sector entity owns, or has an easement for the same purpose as the designation over, the designated premises; or
- (ii) another entity owns, or has an easement over, the designated premises and construction of the infrastructure for which the premises were designated started before the end day; or
- (b) before the end day—
- (i) a public sector entity gave a notice of intention to resume the designated premises under the Acquisition Act, section 7; or
- (ii) a public sector entity signed an agreement to take designated premises under the Acquisition Act or to otherwise buy the premises; or
- (iii) the designator complies with subsection (3).
- (2) The designator may extend the duration of a designation, for up to 6 years, by publishing a gazette notice about the extension before the designation stops having effect.
- (3) The designator must give notice of the extension of the designation to—
- (a) if the Minister is the designator—each of the affected parties and the chief executive; or
- (b) if a local government is the designator—the owner of the premises and the chief executive.
- (4) If a public sector entity discontinues proceedings to resume designated premises, either before or after the end day, the designation stops having effect on the day when the proceedings are discontinued.
- 40 Repealing designation—designator**
- (1) A designator may repeal a designation made by the designator by publishing a gazette notice that states—
- (a) that the designation is repealed; and

[s 41]

(b)	a description of the designated premises; and	1
(c)	the type of infrastructure for which the premises were designated; and	2 3
(d)	the reasons for the repeal.	4
(2)	The designator must give a copy of the notice to—	5
(a)	if the Minister is the designator—each of the affected parties and the chief executive; or	6 7
(b)	if a local government is the designator—the owner of the premises and the chief executive.	8 9
(3)	Any development started under the designation may be completed as if the designation had not been repealed.	10 11
(4)	Subject to any requirements under section 35(2), a use of the premises that is the natural and ordinary consequence of the development is taken to be a lawful use.	12 13 14
41	Repealing designation—owner’s request	15
(1)	An owner of an interest in designated premises may request a designator to repeal a designation made by the designator on the basis that the designation is causing the owner hardship.	16 17 18
(2)	Subsection (1) does not apply if—	19
(a)	the premises are subject to an easement for the infrastructure for which the premises are designated; or	20 21
(b)	the designation also applies to other premises and relates to a land corridor for the infrastructure; or	22 23
(c)	the premises are a road.	24
(3)	The request must be in writing, and contain any information that the guidelines made under section 36(3) require.	25 26
(4)	The designator must, within 40 business days after receiving the request—	27 28
(a)	repeal the designation, using the process under section 40; or	29 30

(b)	decide to refuse the request; or	1
(c)	decide to take other action that the designator considers appropriate in the circumstances.	2 3
(5)	The designator must, within 5 business days after making a decision under subsection (4)(b) or (c), give a decision notice to the owner.	4 5 6
42	Noting designation in planning scheme	7
(1)	This section applies if a local government—	8
(a)	makes, amends, extends or repeals a designation; or	9
(b)	receives a notice about the Minister making, amending, extending or repealing a designation.	10 11
(2)	The local government must include a note about the making, amendment, extension or repeal in—	12 13
(a)	the local government’s planning scheme; and	14
(b)	any planning scheme that the local government makes before the designation stops having effect.	15 16
(3)	The note must—	17
(a)	identify the premises that were designated; and	18
(b)	describe the type of infrastructure for which the premises were designated; and	19 20
(c)	state the day when the designation, amendment, extension or repeal started to have effect.	21 22
(4)	The local government must include the note in the planning scheme in a way that ensures the other provisions of the scheme that apply to the designated premises remain effective.	23 24 25
(5)	To remove any doubt, it is declared that—	26
(a)	the note is not an amendment of a planning scheme; and	27
(b)	a designation is taken to be part of a planning scheme; and	28 29

[s 43]

- (c) a designation is not the only way that a planning scheme may identify infrastructure; and 1
2
- (d) a designation does not affect the provisions of a planning scheme that apply to designated premises, even after the designation stops having effect. 3
4
5

Chapter 3 Development assessment 6

Part 1 Types of development and assessment 7 8

43 Categorising instruments 9

- (1) A *categorising instrument* is a regulation or local categorising instrument that does any or all of the following— 10
11
 - (a) categorises development as prohibited, assessable or accepted development; 12
13
 - (b) specifies the categories of assessment required for different types of assessable development; 14
15
 - (c) sets out the matters (the *assessment benchmarks*) that an assessment manager must assess assessable development against. 16
17
18
- (2) A *local categorising instrument* is— 19
 - (a) a planning scheme; or 20
 - (b) a TLPI; or 21
 - (c) a variation approval, to the extent the variation approval does any of the things mentioned in subsection (1). 22
23
- (3) A regulation made under subsection (1) applies instead of a local categorising instrument, to the extent of any inconsistency. 24
25
26

(4)	A local categorising instrument—	1
(a)	may state that development is prohibited development only if a regulation allows the local categorising instrument to do so; and	2 3 4
(b)	may not state that development is assessable development if a regulation prohibits the local categorising instrument from doing so; and	5 6 7
(c)	may not change the effect of a specified assessment benchmark, or a specified part of an assessment benchmark, to the extent a regulation prohibits the local categorising instrument from doing so.	8 9 10 11
(5)	To the extent a local categorising instrument does not comply with subsection (4), the instrument has no effect.	12 13
(6)	A variation approval may do something mentioned in subsection (1) only in relation to—	14 15
(a)	development that is the subject of the variation approval; or	16 17
(b)	development that is the natural and ordinary consequence of the development that is the subject of the variation approval.	18 19 20
(7)	Subsections (3) and (5) apply no matter when the regulation and local categorising instrument commenced in relation to each other.	21 22 23
44	Categories of development	24
(1)	There are 3 categories of development, namely prohibited, assessable or accepted development.	25 26
(2)	<i>Prohibited development</i> is development for which a development application may not be made.	27 28
(3)	<i>Assessable development</i> is development for which a development approval is required.	29 30
(4)	<i>Accepted development</i> is development for which a development approval is not required.	31 32

[s 45]

(5)	A categorising instrument may categorise development.	1
(6)	However—	2
(a)	if no categorising instrument categorises particular development—the development is accepted development; and	3 4 5
(b)	development in relation to infrastructure under a designation is—	6 7
(i)	to the extent the development is building work under the Building Act—the category of development stated for the building work under a regulation; or	8 9 10 11
(ii)	otherwise—accepted development.	12
45	Categories of assessment	13
(1)	There are 2 categories of assessment for assessable development, namely code and impact assessment.	14 15
(2)	A categorising instrument states the category of assessment that must be carried out for the development.	16 17
(3)	A <i>code assessment</i> is an assessment that must be carried out only—	18 19
(a)	against the assessment benchmarks in a categorising instrument for the development; and	20 21
(b)	having regard to any matters prescribed by regulation for this paragraph.	22 23
(4)	When carrying out code assessment, section 5(1) does not apply to the assessment manager.	24 25
(5)	An <i>impact assessment</i> is an assessment that—	26
(a)	must be carried out—	27
(i)	against the assessment benchmarks in a categorising instrument for the development; and	28 29

(ii)	having regard to any matters prescribed by regulation for this subparagraph; and	1 2
(b)	may be carried out against, or having regard to, any other relevant matter, other than a person's personal circumstances, financial or otherwise.	3 4 5
	<i>Examples of another relevant matter—</i>	6
	• a planning need	7
	• the current relevance of the assessment benchmarks in the light of changed circumstances	8 9
	• whether assessment benchmarks or other prescribed matters were based on material errors	10 11
(6)	An assessment carried out against a statutory instrument, or another document applied, adopted or incorporated (with or without changes) in a statutory instrument, must be carried out against the statutory instrument or document as in effect when the application was properly made.	12 13 14 15 16
(7)	However, if the statutory instrument or other document is amended or replaced before the assessment manager decides the application, the assessment manager may give the weight that the assessment manager considers is appropriate, in the circumstances, to the amendment or replacement.	17 18 19 20 21
46	Exemption certificate for some assessable development	22
(1)	A development approval is not required for assessable development on premises if there is an exemption certificate for the development.	23 24 25
(2)	The following persons may give an exemption certificate—	26
(a)	for development for which a local government would be the assessment manager if the development, and no other development, were the subject of a development application—the local government;	27 28 29 30
(b)	otherwise—the chief executive.	31
(3)	The person may give an exemption certificate if—	32

[s 46]

- (a) for development for which there is a referral agency—each referral agency has agreed in writing to the exemption certificate being given; and
- (b) any of the following apply—
 - (i) the effects of the development would be minor or inconsequential, considering the circumstances under which the development was categorised as assessable development;
 - (ii) the development was categorised as assessable development only because of particular circumstances that no longer apply;
 - (iii) the development was categorised as assessable development because of an error.
- (4) The person must give a copy of the exemption certificate to—
 - (a) each owner of the premises; and
 - (b) each referral agency for the development; and
 - (c) if the person is the chief executive—the local government for the premises.
- (5) The exemption certificate attaches to the premises and benefits each of the owners, the owners’ successors in title and any occupiers of the premises.
- (6) The exemption certificate has effect for 2 years after the day the certificate was given, or a later day stated in the certificate.
- (7) However, the exemption certificate may state a period, or periods, within which—
 - (a) stated development must be completed; or
 - (b) a use that is the natural and ordinary consequence of the development must start; or
 - (c) a plan for reconfiguring a lot that is required under a regulation to be given to the local government for its approval must be given.

-
- (8) To the extent development does not comply with a requirement stated under subsection (7), the exemption certificate has no effect. 1
2
3
- (9) Subject to a requirement stated under subsection (7)— 4
- (a) any development substantially started under the exemption certificate may be completed as if the certificate had not expired; and 5
6
7
- (b) a use that is the natural and ordinary consequence of the development is taken to be a lawful use; and 8
9
- (c) a development approval is not required for reconfiguring a lot that is the subject of the exemption certificate if works for the reconfiguration substantially started before the certificate expires. 10

Part 2 Development applications 14

Division 1 Introduction 15

47 What part is about 16

This part explains how a person makes a development application to an assessment manager for a development approval to carry out assessable development. 17
18
19

48 Who is the *assessment manager* 20

- (1) The *assessment manager* is the person responsible for either or both of the following— 21
22
- (a) administering a properly made development application; 23
- (b) assessing and deciding part or all of a properly made development application. 24
25

[s 48]

- (2) Generally, a regulation prescribes who is the assessment manager for each type of development application. 1
2
- (3) However, if— 3
- (a) a regulation prescribes a local government or the chief executive (each *the entity*) to be the assessment manager for a development application in relation to development that requires code assessment; and 4
5
6
7
- (b) the entity keeps a list of persons who are appropriately qualified to be an assessment manager in relation to that development; and 8
9
10
- (c) someone makes a development application in relation to only that development to a person on the entity’s list; and 11
12
13
- (d) the person accepts the application; 14
the person is the *assessment manager* for the application. 15
- (4) As soon as practicable after the person accepts the application, the person must give a copy of the application to the prescribed assessment manager. 16
17
18
- (5) If the regulation under subsection (2) does not prescribe who is the assessment manager for a particular development application, the Minister may decide who is the assessment manager. 19
20
21
22
- (6) If the Minister decides who is the assessment manager, the Minister may— 23
24
- (a) decide that a person who could also have been the assessment manager is instead to be a referral agency for the application; and 25
26
27
- (b) impose limits on the referral agency’s powers (to the power to only give advice, for example). 28
29
- (7) The Minister must give notice of the Minister’s decisions under this section to— 30
31
- (a) the applicant; and 32

(b)	a person that the Minister decides is the assessment manager; and	1 2
(c)	a person that the Minister decides is a referral agency.	3
(8)	For an application for development that is tidal works, a local government may exercise an assessment manager's functions despite any limits on the local government's powers under—	4 5 6
(a)	the City of Brisbane Act, section 11; or	7
(b)	the Local Government Act, section 9.	8
49	What is a <i>development approval</i>, <i>preliminary approval</i> or <i>development permit</i>	9 10
(1)	A <i>development approval</i> is—	11
(a)	a preliminary approval; or	12
(b)	a development permit; or	13
(c)	a combination of a preliminary approval and development permit.	14 15
(2)	A <i>preliminary approval</i> is the part of a decision notice for a development application that—	16 17
(a)	approves the development to the extent stated in the decision notice; but	18 19
(b)	does not authorise the carrying out of assessable development.	20 21
(3)	A <i>development permit</i> is the part of a decision notice for a development application that authorises the carrying out of the assessable development to the extent stated in the decision notice.	22 23 24 25
(4)	Subject to section 66(2), a preliminary approval that is still in effect applies instead of a later development permit for the development, to the extent of any inconsistency, unless—	26 27 28
(a)	the development application for the development permit states the way the development permit is to be inconsistent with the preliminary approval; or	29 30 31

[s 50]

- (b) after the application for the development permit is made, the applicant and, if the applicant is not the owner, the owner agree in writing to the inconsistency. 1
2
3
- (5) In this Act, a reference to a development approval— 4
 - (a) means the development approval as changed from time to time; and 5
6
 - (b) includes the development conditions imposed on the approval. 7
8
- (6) In this section— 9
 - decision notice* means— 10
 - (a) a decision notice under section 63(1); or 11
 - (b) a decision notice under section 64(6); or 12
 - (c) a negotiated decision notice under section 76(3). 13

Division 2 Making or changing applications 14

50 Right to make development applications 15

- (1) A person may make a development application, including for a preliminary approval. 16
17
- (2) However, a development application may not be made for prohibited development. 18
19
- (3) A development application for a preliminary approval may also include a variation request. 20
21

51 Making development applications 22

- (1) A development application must be— 23
 - (a) made in the approved form to the assessment manager; 24
and 25
 - (b) accompanied by— 26

-
- (i) the documents required under the form to be attached to, or given with, the application; and
- (ii) the required fee.
- (2) The application must be accompanied by evidence of the consent of the owner of the premises to the application, to the extent—
- (a) the applicant is not the owner; and
- (b) the application is for—
- (i) a material change of use of premises or reconfiguring a lot; or
- (ii) works on premises that are below high-water mark and are outside a canal; and
- (c) the premises are not excluded premises.
- (3) If, under the Environmental Protection Act, section 115, a development application is taken to be an application for an environmental authority, the development application must comply with section 125(1)(c) to (3) of that Act as if—
- (a) a reference to the application were a reference to a development application; and
- (b) a reference to the applicant were a reference to an applicant for a development application.
- (4) An assessment manager—
- (a) must accept an application that complies with subsections (1) to (3); and
- (b) must not accept an application unless it complies with subsections (2) and (3); and
- (c) may accept an application that does not comply with subsection (1).
- (5) An application that complies with subsections (1) to (3), or that the assessment manager accepts under subsection (4)(c), is a *properly made application*.

[s 52]

52	Changing or withdrawing development applications	1
(1)	An applicant may change or withdraw a development application, before the application is decided, by a notice given to the assessment manager.	2 3 4
(2)	However—	5
(a)	if the change is, or includes, a change of applicant, the notice may be given by the person who proposes to become the applicant if the notice is accompanied by the consent of the current applicant; and	6 7 8 9
(b)	section 51(2) applies for making the change as though the change were an application if—	10 11
(i)	the applicant no longer owns the premises or the change is to include premises that the applicant does not own; and	12 13 14
(ii)	were the application to be remade with the change, section 51(2) would apply to the application; and	15 16
(c)	the change may not include prohibited development.	17
(3)	If the change is a minor change, the change does not affect the development assessment process.	18 19
53	Publicly notifying certain development applications	20
(1)	An applicant must give public notice of a development application if the application—	21 22
(a)	requires impact assessment; or	23
(b)	includes a variation request.	24
(2)	The notice must be given in the way stated in the development assessment rules.	25 26
(3)	However, the assessment manager may assess and decide a development application even if some of the requirements of the development assessment rules about the notice have not been complied with, if the assessment manager considers any noncompliance has not—	27 28 29 30 31

-
- (a) adversely affected the public’s awareness of the existence and nature of the application; or 1
2
- (b) restricted the public’s opportunity to make properly made submissions about the application. 3
4
- (4) The public notice must state that— 5
- (a) a person may make a submission about the application to the assessment manager; and 6
7
- (b) any submission must be made by a stated day that is at least— 8
9
- (i) for an application that includes a variation request—30 business days after the public notice is given; or 10
11
12
- (ii) for an application of a type prescribed by regulation—the period prescribed for the application; or 13
14
15
- (iii) for any other application—15 business days after the public notice is given. 16
17
- (5) Any person may make a submission about the application. 18
- (6) Submissions made about the application remain effective even if the notice is given again under the development assessment rules. 19
20
21
- (7) This section applies even if a referral agency has directed refusal of all or part of the development application. 22
23
- (8) The assessment manager may, at the applicant’s request, give the notice for the applicant, for a fee of no more than the reasonable costs of doing so. 24
25
26
- (9) In this section— 27
- business day* does not include a day between 20 December of a year and 5 January of the next year. 28
29

[s 54]

Part 3	Assessing and deciding development applications	1 2
Division 1	Referral agency's assessment	3
54	Copy of application to referral agency	4
(1)	An applicant for a development application must, within the period required under the development assessment rules, give a copy of the application, and the required fee, to each referral agency.	5 6 7 8
(2)	A <i>referral agency</i> , for a development application, is—	9
(a)	the person prescribed by regulation as a referral agency for applications of that type; or	10 11
(b)	if that person's functions have been devolved or delegated to another person—the other person; or	12 13
(c)	if the Minister has decided that a person is a referral agency under section 48(6)—that person.	14 15
(3)	However, if a person is the assessment manager for a development application, and would be a referral agency for the application because of subsection (2)(b)—	16 17 18
(a)	the person is not a referral agency for the application, but the person's functions and powers as assessment manager include those the person would have had as a referral agency; and	19 20 21 22
(b)	the person's fee for the development application includes the required fee under subsection (1).	23 24
(4)	Despite subsection (1), the applicant need not give a copy of the application to a referral agency if—	25 26
(a)	the applicant gave the assessment manager the referral agency's response stated in section 57(3) with the application; and	27 28 29

-
- (b) the referral agency's response states that— 1
- (i) the referral agency does not require the applicant to 2
give a copy to the agency; or 3
 - (ii) the referral agency does not require the applicant to 4
give a copy to the agency if stated conditions, 5
including a time limit within which the application 6
must be made, are satisfied; and 7
- (c) any conditions stated in paragraph (b)(ii) are satisfied. 8
- (5) The assessment manager may, if asked by the applicant, give a 9
copy of the application to a referral agency for the applicant, 10
for a fee of no more than the reasonable costs of doing so. 11
- 55 Referral agency's assessment 12**
- (1) A referral agency decided by the Minister under section 48(6) 13
must assess a development application as required under 14
section 60, as if the agency were the assessment manager. 15
- (2) For any other referral agency, a regulation may prescribe the 16
matters the referral agency— 17
- (a) may, must, or must only assess a development 18
application against; and 19
 - (b) may, must, or must only have regard to for the 20
assessment. 21
- (3) If the regulation refers to a statutory instrument or another 22
document applied, adopted or incorporated (with or without 23
changes), the reference is a reference to the instrument or 24
other document as in effect when the application was properly 25
made. 26
- (4) However, the referral agency may give the weight that the 27
referral agency considers is appropriate, in the circumstances, 28
to any amendment or replacement of the instrument or other 29
document that came into effect after the application was 30
properly made. 31

[s 56]

56	Referral agency's response	1
(1)	After assessing the development application, the referral agency must decide—	2 3
(a)	to tell the assessment manager that the agency has no requirements for the application; or	4 5
(b)	to direct the assessment manager to do any or all of the following—	6 7
(i)	to give any development approval subject to stated development conditions;	8 9
(ii)	to give any development approval for only a stated part of the application;	10 11
(iii)	to give any development approval only as a preliminary approval;	12 13
(iv)	to impose a stated currency period for a development approval given; or	14 15
(c)	to direct the assessment manager to refuse the application for stated reasons.	16 17
(2)	However, to the extent the application is a variation request, the referral agency must, instead of a decision under subsection (1), decide—	18 19 20
(a)	to tell the assessment manager that the agency has no requirements for the variation request; or	21 22
(b)	to direct the assessment manager to do any or all of the following—	23 24
(i)	to approve only some of the variations sought;	25
(ii)	subject to section 61(3)—to approve different variations from those sought; or	26 27
(c)	to direct the assessment manager to refuse the variation request.	28 29
(3)	The referral agency may give advice about the application to the assessment manager.	30 31

-
- (4) The referral agency must give a notice (a *referral agency's response*) about the referral agency's decision to—
- (a) the applicant; and
 - (b) the assessment manager.
- (5) A regulation may limit the powers of a referral agency (to the power to only give advice, for example).
- (6) If—
- (a) the referral agency is—
 - (i) the chief executive; or
 - (ii) an entity prescribed by regulation; and
 - (b) to the extent the referral agency's assessment involves development other than development prescribed by regulation;
- the referral agency must publish a notice about the referral agency's decision on the referral agency's website.
- (7) The notice must state—
- (a) a description of the development to which the referral agency's assessment relates; and
 - (b) a description of the matters under section 55(2) that the referral agency assessed the development against, and had regard to; and
 - (c) the reasons for the referral agency's decision; and
 - (d) any matter prescribed by regulation.

57 Response before application

- (1) Sections 55 and 56 apply to the extent a response is given before a proposed development application is made, by a person who would, if the application were made, be a referral agency.
- (2) However, a reference in section 55 to when the application was properly made is a reference to the day the proposed

[s 58]

applicant first gave the person documents in relation to the proposed development application.	1 2
(3) If the application—	3
(a) is the same or is not substantially different from the proposed application; and	4 5
(b) is made within the time, if any, stated in the response; the response is, or is part of, the person’s referral agency’s response for the application.	6 7 8
(4) The proposed applicant must, if asked, pay the person the required fee for the referral, even if there is no application.	9 10
(5) A fee under section 54(1) for the part of the application relating to a response under this section does not have to be paid again for the application.	11 12 13
58 Effect of no response	14
(1) If a referral agency does not comply with section 56(4) before the end of the period stated in the development assessment rules for complying with that section (the <i>stated period</i>), the agency is taken to have given a response that the agency has no requirements for, or advice about, the application.	15 16 17 18 19
(2) However, subsection (1) is subject to—	20
(a) any other provision of the development assessment rules, to the extent the other provision affects when the stated period would otherwise end; and	21 22 23
<i>Examples of what other provisions may provide for—</i>	24
• extending the period for giving a referral agency’s response	25
• giving a late referral agency’s response	26
• changing a referral agency’s response before the application is decided	27 28
• reviving a development application after a contravention of the development assessment rules	29 30
(b) section 98; and	31

(c)	another effect of not giving a referral agency’s response prescribed under a regulation for a matter.	1 2
Division 2	Assessment manager’s decision	3
59	What this division is about	4
(1)	This division is about deciding properly made development applications, including variation requests.	5 6
(2)	An assessment manager must comply with this division even if a referral agency’s response directs the assessment manager to refuse the application.	7 8 9
(3)	Subject to section 62, the assessment manager’s decision must be based on the assessment carried out for the development.	10 11
60	Deciding development applications	12
(1)	This section applies to a properly made development application, other than a part of a development application that is a variation request.	13 14 15
(2)	To the extent the application involves development that requires code assessment, the assessment manager, after carrying out the assessment—	16 17 18
(a)	must decide to approve the application to the extent the development complies with all of the assessment benchmarks for the development; and	19 20 21
(b)	may decide to approve the application even if the development does not comply with some or all of the assessment benchmarks; and	22 23 24
	<i>Examples—</i>	25
1	An assessment manager may approve an application for development that does not comply with some of the benchmarks if the decision resolves a conflict between the benchmarks.	26 27 28 29

[s 60]

|-----|---|----------------------|
| 2 | An assessment manager may approve an application for development that does not comply with some or all of the benchmarks if the decision resolves a conflict between the benchmarks and a referral agency's response. | 1
2
3
4 |
| (c) | may impose development conditions on an approval; and | 5
6 |
| (d) | may, to the extent the development does not comply with some or all the assessment benchmarks, decide to refuse the application only if compliance can not be achieved by imposing development conditions. | 7
8
9
10 |
| (3) | To the extent the application involves development that requires impact assessment, the assessment manager, after carrying out the assessment, must decide— | 11
12
13 |
| (a) | to approve all or part of the application; or | 14 |
| (b) | to approve all or part of the application, but impose development conditions on the approval; or | 15
16 |
| (c) | to refuse the application. | 17 |
| (4) | The assessment manager must approve any part of the application for which, were that part of the application the subject of a separate development application, there would be a different assessment manager— | 18
19
20
21 |
| (a) | other than to the extent a referral agency for the development application directs the refusal of the part under section 56(1)(c); and | 22
23
24 |
| (b) | subject to any requirements of the referral agency under 56(1)(b). | 25
26 |
| (5) | The assessment manager may give a preliminary approval for all or part of the development application, even though the development application sought a development permit. | 27
28
29 |
| (6) | If an assessment manager approves only part of a development application, the rest is taken to be refused. | 30
31 |

61	Assessing and deciding variation requests	1
(1)	This section applies to a part of a properly made development application that is a variation request.	2 3
(2)	When assessing the variation request, the assessment manager must consider—	4 5
(a)	the result of the assessment of that part of the development application that is not the variation request; and	6 7 8
(b)	the consistency of the variations sought with the rest of the local planning instrument that is sought to be varied; and	9 10 11
(c)	the effect the variations would have on submission rights for later development applications, particularly considering the amount and detail of information included in, attached to, or given with the application and available to submitters; and	12 13 14 15 16
(d)	any other matter prescribed by regulation.	17
(3)	The assessment manager must decide—	18
(a)	to approve—	19
(i)	all or some of the variations sought; or	20
(ii)	different variations from those sought; or	21
(b)	to refuse the variations sought.	22
	<i>Note—</i>	23
	The part of a variation approval that approves variations is a local categorising instrument. Section 43(6) states limits on the variation approval as a categorising instrument.	24 25 26
62	Complying with referral agency's responses	27
	Other than to the extent a referral agency's response provides advice, an assessment manager's decision must—	28 29
(a)	comply with all referral agency's responses; and	30

[s 63]

- (b) if a referral agency's response requires conditions to be imposed on a development approval—include the conditions exactly as stated in the response. 1
2
3

63 Notice of decision 4

- (1) The assessment manager must give a decision notice about the assessment manager's decision to— 5
6
 - (a) the applicant; and 7
 - (b) each referral agency; and 8
 - (c) if the development is in a local government area and the assessment manager is not the local government—the local government; and 9
10
11
 - (d) if the assessment manager is a chosen assessment manager—the prescribed assessment manager; and 12
13
 - (e) if a negotiated decision notice is not given in relation to the decision—each principal submitter; and 14
15
 - (f) any other person prescribed by regulation. 16

Note— 17

See the development assessment rules for when the notice is to be given. 18

- (2) The notice must be in the approved form and state— 19
 - (a) whether the application is approved, approved in part or refused; and 20
21
 - (b) if the application is approved in part—the extent to which the application is approved; and 22
23
 - (c) if the application is approved or approved in part—whether the approval is a preliminary approval, a development permit, or both; and 24
25
26
 - (d) if section 64(5) applies—that the assessment manager is taken to have approved the application under that subsection; and 27
28
29
 - (e) if development conditions are imposed— 30

(i)	the conditions; and	1
(ii)	for each condition—whether the condition was imposed directly by the assessment manager or required to be imposed under a referral agency’s response; and	2 3 4 5
(iii)	for each condition imposed under a referral agency’s response—the referral agency’s name; and	6 7 8
(iv)	for each condition about infrastructure under chapter 4—the provision of this Act under which the condition was imposed; and	9 10 11
(f)	if the application is refused—	12
(i)	whether the assessment manager was directed to refuse the application and, if so, the referral agency directing refusal and whether the refusal was solely because of the direction; and	13 14 15 16
(ii)	for a refusal for a reason other than because of a referral agency’s direction—the reasons for the refusal; and	17 18 19
(g)	for a variation approval—the variations; and	20
(h)	the name, residential or business address, and electronic address of each principal submitter; and	21 22
(i)	the day the decision was made.	23
(3)	The notice must also state, or be accompanied by, the documents prescribed by regulation.	24 25
(4)	If—	26
(a)	the assessment manager in relation to a development application is—	27 28
(i)	a local government; or	29
(ii)	the chief executive; or	30
(iii)	an entity prescribed by regulation; and	31

5
6 |
| (iv) | development prescribed by regulation; | 7 |
| | the assessment manager must publish a notice about the decision on the assessment manager’s website. | 8

| (d) | the reasons for the assessment manager’s decision; and | 24 |
| (e) | if the development application was approved, or approved subject to conditions, and the development did not comply with any or all of the benchmarks—the reasons why the application was approved despite the development not complying with any or all of the benchmarks; and | 25

-
- 64 Deemed approval of applications** 1
- (1) This section applies to a development application if— 2
- (a) the application requires only code assessment; and 3
 - (b) the assessment manager does not decide the application 4
within the period, or extended period, allowed under the 5
development assessment rules. 6
- (2) However, this section does not apply to a development 7
application— 8
- (a) that includes a variation request; or 9
 - (b) if a referral agency directs the assessment manager— 10
 - (i) to give any development approval for only a stated 11
part of the application; or 12
 - (ii) to refuse the application; or 13
 - (c) that includes development for which the building 14
assessment provisions are an assessment benchmark; or 15
 - (d) that is subject to a direction under section 95(1)(b), if 16
the stated period for the application under that section 17
has not ended. 18
- (3) The applicant may, before the application is decided, give a 19
notice (a *deemed approval notice*), in the approved form, that 20
states the application should be approved, to the assessment 21
manager. 22
- (4) The applicant must give a copy of the deemed approval notice 23
to each person stated in section 63(1)(b), (d) or (e) for the 24
application. 25
- (5) On the day the assessment manager receives the deemed 26
approval notice, the assessment manager is taken to have 27
given an approval (a *deemed approval*) to the applicant. 28
- (6) The assessment manager may, within 10 business days after 29
receiving the deemed approval notice, give the applicant a 30
decision notice, in the approved form, in which the decision— 31
- (a) approves the application; or 32
-

[s 65]

- (b) approves the application subject to development conditions. 1
2
- (7) The deemed approval is taken to be— 3
 - (a) to the extent a referral agency or the Minister has directed the approval be a preliminary approval—a preliminary approval; or 4
5
6
 - (b) otherwise—the type or types of approval applied for. 7
- (8) The deemed approval is taken to include— 8
 - (a) any conditions that a referral agency’s response directed the assessment manager to impose; and 9
10
 - (b) any conditions that the Minister directed the assessment manager to impose under section 95(1)(d); and 11
12
 - (c) if the assessment manager does not give a decision notice to the applicant under this section—the standard conditions in the development assessment rules. 13

Division 3 Development conditions 16

65 Permitted development conditions 17

- (1) A development condition imposed on a development approval must— 18
19
 - (a) be relevant to, but not be an unreasonable imposition on, the development or the use of premises as a consequence of the development; or 20
21
22
 - (b) be reasonably required in relation to the development or the use of premises as a consequence of the development. 23
24
25
- (2) A development condition may— 26
 - (a) limit how long— 27
 - (i) a lawful use may continue; or 28
 - (ii) works may remain in place; or 29

-
- (b) state that development must not start until— 1
- (i) other development permits for development on the 2
same premises have been given; or 3
- (ii) other development on the same premises, including 4
development that the development application does 5
not cover, has been substantially started or 6
completed; or 7
- Note—* 8
- For when development can otherwise start, see section 72. 9
- (c) require compliance with an infrastructure agreement for 10
the premises; or 11

completed within a stated period; or 13
- (e) require the payment of security under an agreement 14
under section 67 to support a requirement under 15
paragraph (d). 16
- Note—* 17
- See chapter 4, parts 2 and 3 for other permitted development conditions. 18

- 66 Prohibited development conditions** 19
- (1) A development condition must not— 20
- (a) require a person other than the applicant to carry out 21
works for the development; or 22
- (b) require a person to enter into an infrastructure 23
agreement; or 24
- (c) other than under chapter 4, part 2 or 3, require a 25
monetary payment for the establishment, operating or 26
maintenance costs of, works to be carried out for, or 27
land to be given for— 28
- (i) infrastructure; or 29

[s 67]

- (ii) for the imposition of a condition by a State infrastructure provider—infrastructure or works to protect the operation of the infrastructure; or 1
2
3
- (d) require an access restriction strip; or 4
- (e) limit the period a development approval has effect for a use or works forming part of a network of infrastructure, other than State-owned or State-controlled transport infrastructure; or 5
6
7
8
- (f) relate to water infrastructure about a matter for which the SEQ Water Act requires a water approval. 9
10
- Examples for paragraph (f)—* 11
- A development condition that requires— 12
- works to be carried out 13
 - a monetary payment 14
 - land in fee simple to be given. 15
- (2) A development condition must not be inconsistent with a development condition of an earlier development approval in effect for the development, unless— 16
17
18
- (a) the same person imposes the conditions; and 19
- (b) the applicant agrees in writing to the later condition applying; and 20
21
- (c) if the applicant is not the owner of the premises—the owner agrees in writing to the later condition applying. 22
23
- (3) A development condition that complies with subsection (2) applies instead of the earlier condition. 24
25
- Note—* 26
- For other limits on development conditions about environmental offsets, see the *Environmental Offsets Act 2014*, section 14. 27
28

67 Agreements about development conditions 29

Part 4 Development assessment rules 4

68 Development assessment rules 5

- (1) The Minister must make rules (the *development assessment rules*) for the development assessment process, including rules about— 6
7
8
- (a) how notification is to be carried out for development applications for which public notification is required; and 9
10
11
 - (b) the consideration of properly made submissions. 12
- (2) Also, the development assessment rules may provide for— 13
- (a) the period within which a development application may be taken to be properly made for section 51(5); or 14
15
 - (b) the effect on a development application of the expiry of a time limit under, or of a contravention of, the rules (the lapsing of the application, for example); or 16
17
18
 - (c) the revival of lapsed applications; or 19
 - (d) how and when a referral agency may change its response before a development application or change application is decided; or 20
21
22
 - (e) the standard conditions for a deemed approval; or 23
 - (f) any matter in relation to part 5, divisions 2 to 4; or 24
 - (g) the effect on a process under this chapter of taking action under the *Native Title Act 1993* (Cwlth), part 2, division 3. 25
26
27

Examples— 28

[s 69]

• the effect, for section 52, of different types of change on a development application	1 2
• the period for making referral agency’s responses, including when the responses may be made late	3 4
• matters to be considered when deciding whether a change to a development application or development approval would result in substantially different development	5 6 7
• matters to be considered when deciding if an action is a material change of use	8 9
• the periods for taking actions under the process	10
• the effect of not taking the actions within the periods	11
• provisions for information requests, and when and how the information can be sought	12 13
(3) Section 10 applies to making the development assessment rules as if the rules were a State planning policy.	14 15
(4) The development assessment rules do not have effect unless prescribed by regulation.	16 17
(5) However, the development assessment rules are not subordinate legislation.	18 19
69 Amending the rules	20
(1) The Minister may amend the development assessment rules.	21
(2) However, the amendment does not have effect until—	22
(a) the chief executive publishes both the amendment, and the rules as amended, on the department’s website; and	23 24
(b) the rules as amended are prescribed by regulation.	25
(3) Sections 10 and 11 apply to amending the development assessment rules as if the rules were a State planning policy.	26 27
(4) The regulation must state the day the amendment was published.	28 29

70	Access to and evidence of the rules	1
(1)	The chief executive must keep the following on the department's website—	2 3
(a)	the development assessment rules, as in effect from time to time;	4 5
(b)	endnotes to the development assessment rules that state—	6 7
(i)	when all amendments made to the rules took effect; and	8 9
(ii)	details of each regulation that prescribes the rules;	10
(c)	any superseded versions of the development assessment rules.	11 12
(2)	The following provisions apply to the rules as if the rules were subordinate legislation and as if a reference in the provisions to the parliamentary counsel were a reference to the chief executive—	13 14 15 16
(a)	the <i>Legislative Standards Act 1992</i> , section 10A;	17
(b)	the <i>Evidence Act 1977</i> , sections 43(h) and 46A.	18
(3)	A failure to comply with subsection (1) does not invalidate or otherwise affect the rules.	19 20
Part 5	Development approvals	21
Division 1	Effect of development approval	22
71	When development approval has effect	23
(1)	Generally, a development approval starts to have effect when the approval is given, or taken to have been given, to the applicant.	24 25 26

[s 71]

- (2) However— 1
- (a) if an appeal about the approval is started, and subject to 2
the outcome of the appeal—the approval starts to have 3
effect when the appeal ends; or 4
- (b) if no appeal about the approval is started, but there was a 5
submitter for the development application who had not 6
given the assessment manager a notice withdrawing the 7
submitter’s submission before the application was 8
decided—the approval starts to have effect on the day 9
after the last of the following happens— 10
- (i) the last submitter gives the assessment manager 11
notice that the submitter will not be appealing the 12
decision; 13
- (ii) the last appeal period for the development approval 14
ends. 15
- (3) The assessment manager must give the applicant a copy of 16
any notice under subsection (2)(b). 17
- (4) Despite subsections (1) and (2), if land that is the subject of an 18
acquisition approval is taken or acquired under the 19
Acquisition Act or the State Development Act after the 20
approval would otherwise take effect under subsection (1) or 21
(2), the approval starts to have effect when the land is taken or 22
acquired. 23
- (5) The part of a variation approval that is a categorising 24
instrument applies instead of a local planning instrument, to 25
the extent of any inconsistency, until— 26
- (a) the development is completed; or 27
- (b) the variation approval lapses under section 88(2). 28
- (6) In this section— 29
- acquisition approval***, for acquisition land, means a 30
development approval that relates to the purpose for which the 31
land is to be taken or acquired. 32

submitter includes an advice agency that, in its referral agency's response, has told the assessment manager to treat the response as a submission.

- 72 When development may start**
- (1) Development under a development approval may start when—
- (a) all development permits for the development have started to have effect; and
 - (b) all development conditions of the permits that are required to be complied with before development starts have been complied with.
- (2) However, if an appeal is started in relation to a development approval, other than an appeal about a change application or extension application, development must not start until—
- (a) the appeal ends; or
 - (b) the tribunal or court hearing the appeal allows all or part of the development to start, because the tribunal or court considers the outcome of the appeal would not be affected.
- 73 Attachment to the premises**
- While a development approval is in effect, the approval—
- (a) attaches to the premises, even if—
 - (i) a later development (including reconfiguring a lot) is approved for the premises; or
 - (ii) the premises are reconfigured; and
 - (b) binds the owner, the owner's successors in title, and any occupier of the premises.

[s 74]

Division 2	Changing development approvals	1
Subdivision 1	Changes during appeal period	2
74	What this subdivision is about	3
	This subdivision is about changing a development approval before the applicant’s appeal period for the approval ends.	4 5
75	Making change representations	6
(1)	The applicant may make representations (<i>change representations</i>) to the assessment manager, during the applicant’s appeal period for the approval, about changing—	7 8 9
(a)	a matter in the development approval, other than—	10
(i)	a matter stated because of a referral agency’s response; or	11 12
(ii)	a development condition imposed under a direction made by the Minister under chapter 3, part 6, division 2; or	13 14 15
(b)	the standard conditions of a deemed approval.	16
(2)	If the applicant needs more time to make the change representations, the applicant may, during the applicant’s appeal period for the approval, suspend the appeal period by a notice given to the assessment manager.	17 18 19 20
(3)	Only 1 notice may be given.	21
(4)	If a notice is given, the appeal period is suspended—	22
(a)	if the change representations are not made within a period of 20 business days after the notice is given to the assessment manager—until the end of that period; or	23 24 25
(b)	if the change representations are made within 20 business days after the notice is given to the assessment manager, until—	26 27 28

-
- (i) the applicant withdraws the notice, by giving another notice to the assessment manager; or
 - (ii) the applicant receives notice that the assessment manager does not agree with the change representations; or
 - (iii) the assessment manager gives the applicant a negotiated decision notice; or
 - (iv) any period for deciding the representations under the development assessment rules expires.

76 Deciding change representations

- (1) The assessment manager must assess the change representations against and having regard to the matters that must be considered when assessing a development application, to the extent those matters are relevant.
- (2) The assessment manager must give a decision notice to—
 - (a) the applicant; and
 - (b) if the assessment manager agrees with any of the change representations—
 - (i) each principal submitter; and
 - (ii) each referral agency; and
 - (iii) if the assessment manager is not a local government and the development is in a local government area—the relevant local government; and
 - (iv) if the assessment manager is a chosen assessment manager—the prescribed assessment manager; and
 - (v) another person prescribed by regulation.

Note—

See the development assessment rules for when the notice is to be given.

[s 77]

- (3) A decision notice (a *negotiated decision notice*) that states the assessment manager agrees with a change representation must—
 - (a) state the nature of the change agreed to; and
 - (b) comply with section 63(2) and (3).
- (4) A negotiated decision notice replaces the decision notice for the development application.
- (5) Only 1 negotiated decision notice may be given.
- (6) If a negotiated decision notice is given to an applicant, a local government may give a replacement infrastructure charges notice to the applicant.

Subdivision 2 Changes after appeal period 12

77 What this subdivision is about 13

This subdivision is about changing a development approval, other than the currency period, after all appeal periods in relation to the approval end. 14
15
16

78 Making change application 17

- (1) A person may make an application (a *change application*) to change a development approval. 18
19
- (2) A change application must be made to the responsible entity. 20
- (3) The *responsible entity* is— 21
 - (a) for a change application for a minor change to a development condition that a referral agency imposes—the referral agency; or 22
23
24
 - (b) the P&E Court, if— 25
 - (i) the change application is for a minor change; and 26

(ii)	the development approval was given because of an order of the court, and	1 2
(iii)	there were properly made submissions for the application; or	3 4
(c)	otherwise—the assessment manager.	5
(4)	If the P&E Court is the responsible entity, the court—	6
(a)	must assess and decide the change application as required under this subdivision; but	7 8
(b)	is not otherwise bound by the process under this subdivision.	9 10
79	Requirements for change applications	11
(1)	A change application must be—	12
(a)	made—	13
(i)	if the responsible entity has a form for the application—in the form; or	14 15
(ii)	by notice; and	16
(b)	accompanied by—	17
(i)	the required fee; and	18
(ii)	for an application for a minor change—a copy of any pre-request response notice for the application; and	19 20 21
(iii)	to the extent the application relates to premises, other than excluded premises, of which the applicant is not the owner—evidence of the consent of the owner of the premises to the change application.	22 23 24 25 26
(2)	The responsible entity—	27
(a)	must accept an application that complies with subsection (1); and	28 29

[s 80]

(b)	must not accept an application unless it complies with subsection (1)(b)(iii); and	1 2
(c)	may accept an application that does not comply with subsection (1)(a) to (b)(ii).	3 4
80	Notifying affected entities of minor change application	5
(1)	Anyone who proposes to make a change application for a minor change must give notice of the proposal and the details of the change to each affected entity.	6 7 8
(2)	An <i>affected entity</i> is—	9
(a)	if the responsible entity would be the assessment manager—a referral agency for the development application other than the chief executive; or	10 11 12
(b)	if the responsible entity would be a referral agency—the assessment manager, and any other referral agencies for the development application, other than the chief executive; or	13 14 15 16
(c)	if the responsible entity would be the P&E Court—the assessment manager, and any referral agencies for the development application, other than the chief executive; or	17 18 19 20
(d)	another person prescribed by regulation.	21
(3)	The affected entity may give the person who proposes to make the change application a notice (a <i>pre-request response notice</i>) that states—	22 23 24
(a)	whether the affected entity objects to the change; and	25
(b)	the reasons for any objection.	26
(4)	If the applicant for a change application for a minor change has not received a pre-request response notice from an affected entity, the applicant must give a copy of the application to the affected entity as soon as practicable after the applicant gives the application to the responsible entity.	27 28 29 30 31

-
- (5) An affected entity must, within 15 business days after receiving a copy of a change application for a minor change, give the responsible entity and the applicant a notice (a *response notice*) that states—
- (a) the affected entity has no objection to the change; or
 - (b) the affected entity objects to the change and the reasons for the objection.
- (6) If the affected entity does not do so, the responsible entity must decide the application as if the affected entity had given a response notice stating the affected entity had no objection to the change.

81 Assessing and deciding application for minor changes

- (1) This section applies to a change application for a minor change to a development approval.
- (2) When assessing the change application, the responsible entity must consider—
- (a) the information the applicant included with the application; and
 - (b) if the responsible entity is the assessment manager and submissions were properly made about the development application—the submissions; and
 - (c) any pre-request response notice or response notice given in relation to the change application; and
 - (d) all matters the responsible entity would or may assess against or have regard to, if the change application were a development application; and
 - (e) another matter that the responsible entity considers relevant.
- (3) For subsection (2)(d), the responsible entity—
- (a) must assess against, or have regard to, the matters that applied when the development application was made; and

[s 82]

- (b) may assess against, or have regard to, the matters that applied when the change application was made. 1
2
- (4) After assessing the change application, the responsible entity must decide to— 3
4
 - (a) make the change, with or without imposing development conditions, or amending development conditions, relating to the change; or 5
6
7
 - (b) refuse to make the change. 8
- (5) If there is no affected entity, the responsible entity must decide the application within 20 business days after receiving the application. 9
10
11
- (6) If there is an affected entity, the responsible entity— 12
 - (a) must not decide the application until— 13
 - (i) the responsible entity receives a pre-request response notice, or response notice, from each affected entity; or 14
15
16
 - (ii) the end of 20 business days after the responsible entity received the application; but 17
18
 - (b) must decide the application within 25 business days after receiving the application. 19
20
- (7) However, the responsible entity and the applicant may, within the period stated in subsection (5) or (6)(b), agree to extend the period. 21
22
23

82 Assessing and deciding application for other changes 24

- (1) This section applies to a change application, other than for a minor change to a development approval. 25
26
- (2) For administering the change application, and assessing and deciding the change application in the context of the development approval, part 2, division 2 and part 3, other than sections 51, 63 and 64(8)(c), and the development assessment rules, apply— 27
28
29
30
31

-
- (a) as if— 1
- (i) the responsible entity were the assessment 2
manager; and 3
 - (ii) the change application were the original 4
development application, with the changes 5
included, but was made when the change 6
application was made. 7
- (b) with necessary changes. 8
- (3) However— 9
- (a) section 53 does not apply to the change application if 10
the change is not a minor change only because the 11
change may cause— 12
 - (i) a referral to a referral agency if there were no 13
referral agencies for the development application; 14
or 15
 - (ii) a referral to extra referral agencies; or 16
 - (iii) a referral agency to assess the change application 17
against extra matters; and 18
 - (b) the power— 19
 - (i) to direct that a development condition be imposed 20
under section 56(1)(b)(i) includes a power to direct 21
that a development condition be amended; and 22
 - (ii) to impose a development condition under section 23
60(2)(b) or (3)(b) or 64(6)(b) includes a power to 24
amend a development condition. 25
- (4) To remove any doubt, it is declared that following matters 26
apply, only to the extent the matters are relevant to assessing 27
and deciding the change application in the context of the 28
development approval— 29
- (a) the assessment benchmarks; 30
 - (b) any matters a referral agency must, may, or may only 1
assess the application against or have regard to under 2
-

[s 83]

(c) if the responsible entity is a chosen assessment manager—the prescribed assessment manager; and	15 16
(d) any referral agency for the application; and	17
(e) if the responsible entity is not a local government and the premises are in a local government area—the local government whose local government area includes the premises; and	18 19 20 21
(f) if the application relates to a development approval given after the application for the development approval was called in—the Minister that called in the application; and	22 23 24 25
(g) if the approval was given under a court order and the court was not the responsible entity—the court.	26 27
(2) The decision notice must state the day when—	28

(b)	the distributor-retailer.	20
(2)	The parties may enter into an agreement (a <i>breakup agreement</i>) about the charges breakup.	21 22
(3)	A breakup agreement applies instead of a charges breakup prescribed by regulation.	23 24
(4)	A charges resolution of the local government must state the charges breakup for all adopted charges under the resolution.	25 26
(5)	However, the adopted charges must not be more than the proportion of the maximum adopted charges—	27 28
(a)	the local government may have under a breakup agreement to which the local government is a party; or	29 30

[s 115]

(b)	if the local government is not a party to a breakup agreement—prescribed by regulation.	1 2
(6)	Subsection (7) applies if there is a charges resolution of the local government and the parties later enter into a breakup agreement with a different charges breakup from the resolution.	3 4 5 6
(7)	The breakup agreement does not have effect until the later of the following—	7 8
(a)	the local government makes a new charges resolution that reflects the agreement;	9 10
(b)	the distributor-retailer adopts a new infrastructure charges schedule that reflects the agreement.	11 12
115	Working out cost of infrastructure for offset or refund	13
(1)	For working out an offset or refund under this part, a charges resolution must include a method for working out the cost of the infrastructure that is the subject of the offset or refund.	14 15 16
(2)	The method must be consistent with the parameters for the purpose provided for under a guideline made by the Minister and prescribed by regulation.	17 18 19
116	Criteria for deciding conversion application	20
(1)	A charges resolution must include criteria for deciding a conversion application.	21 22
(2)	The criteria must be consistent with parameters for the criteria provided for under a guideline made by the Minister and prescribed by regulation.	23 24 25
117	Steps after making charges resolution	26
(1)	After making a charges resolution, a local government must—	27
(a)	upload and keep the resolution on the local government’s website; and	28 29

-
- (b) attach the resolution to each copy of the planning scheme that the local government gives to, or publishes for, others. 1
2
3
- Note—* 4
- A charges resolution is not part of a planning scheme even if the resolution is attached to the scheme. 5
6
- (2) The charges under the charges resolution have effect— 7
- (a) if the charges resolution is uploaded on the relevant local government website before the beginning of the day stated in the resolution as the day for the charges to have effect—on the day stated in the resolution; or 8
9
10
11
- (b) otherwise—on the day the charges resolution is uploaded on the website. 12
13

Subdivision 3 Levying charges 14

118 When charge may be levied and recovered 15

- (1) This section applies if— 16
- (a) a development approval has been given; and 17
- (b) an adopted charge applies to providing trunk infrastructure for the development. 18
19
- (2) The local government must give a notice (an *infrastructure charges notice*) to the applicant. 20
21
- Note—* 22
- For when a local government may give a replacement infrastructure charges notice for a negotiated decision notice, see section 76(6). 23
24
- (3) The local government must give the infrastructure charges notice— 25
26
- (a) if the local government is the assessment manager—at the same time as, or as soon as practicable after, the development approval is given; or 27
28
29

[s 118]

- (b) if the local government is a referral agency—within 10 business days after the local government receives a copy of the development approval; or
 - (c) if the development approval is a deemed approval for which a decision notice has not been given—within 20 business days after the local government receives a copy of the deemed approval notice; or
 - (d) if paragraphs (a) to (c) do not apply—within 20 business days after the local government receives a copy of the development approval.
- (4) Subsection (3) is subject to subsection (8), and any other provision under which an infrastructure charges notice may be amended or replaced.
- (5) The local government must give an infrastructure charges notice to the applicant for a change application or extension application if—
 - (a) an approval is given for the application; and
 - (b) subsection (1)(b) did not apply for the development approval to which the application relates, but applies because of the change or extension.
- (6) If an approval is given for a change application or extension application related to a development approval for which an infrastructure charges notice has been given, the local government may give an amended infrastructure charges notice to the applicant.
- (7) However, an infrastructure charges notice may be given or amended under subsection (5) or (6) only if the notice or amendment relates to the change to, or extension of, the development approval.
- (8) The local government must give the infrastructure charges notice or amended infrastructure charges notice under subsection (5) or (6)—

[s 119]

-
- (a) if the local government is the assessment manager or responsible entity—at the same time as, or as soon as practicable after, the approval is given; or 1
2
3
- (b) otherwise—within 20 business days after the local government receives a copy of the approval. 4
5
- (9) The amended infrastructure charges notice replaces the infrastructure charges notice. 6
7
- (10) A reference in this Act to an infrastructure charges notice includes a reference to an amended infrastructure charges notice. 8
9
10
- (11) An infrastructure charges notice stops having effect to the extent the development approval stops having effect. 11
12
- (12) A charge (a *levied charge*) under an infrastructure charges notice— 13
14
- (a) is subject to sections 119 and 128; and 15
- (b) is payable by the applicant; and 16
- (c) attaches to the premises; and 17
- (d) becomes payable as provided for under subdivision 4; and 18
19
- (e) is subject to an agreement under section 122(1). 20
- 119 Limitation of levied charge** 21
- (1) A levied charge may be only for extra demand placed on trunk infrastructure that the development will generate. 22
23
- (2) When working out extra demand, the demand on trunk infrastructure generated by the following must not be included— 24
25
26
- (a) an existing use on the premises if the use is lawful and already taking place on the premises; 27
28
- (b) a previous use that is no longer taking place on the premises if the use was lawful at the time the use was carried out; 29
30
31

[s 120]

- (c) other development on the premises if the development may be lawfully carried out without the need for a further development permit. 1
2
3
- (3) However— 4
- (a) the demand generated by a use or development stated in subsection (2) may be included if an infrastructure requirement that applies, or applied to the use or development, has not been complied with; and 5
6
7
8
- (b) the demand generated by development stated in subsection (2)(c) may be included if— 9
10
- (i) an infrastructure requirement applies to the premises on which the development will be carried out; and 11
12
13
- (ii) the infrastructure requirement was imposed on the basis of development of a lower scale or intensity being carried out on the premises. 14
15
16
- (4) In this section— 17
- charges notice* means— 18
- (a) an infrastructure charges notice; or 19
- (b) a notice stated in section 124(3). 20
- infrastructure requirement* means a charges notice, or a condition of a development approval, that requires infrastructure or a payment in relation to demand on trunk infrastructure. 21
22
23
24
- 120 Requirements for infrastructure charges notice 25**
- (1) An infrastructure charges notice must state all of the following for the levied charge— 26
27
- (a) the current amount of the charge; 28
- (b) how the charge has been worked out; 29
- (c) the premises; 30

-
- (d) when the charge will be payable under section 121; 1
 - (e) if an automatic increase provision applies— 2
 - (i) that the charge is subject to automatic increases; 3
and 4
 - (ii) how the increases are worked out under the 5
provision; 6
 - (f) whether an offset or refund under this part applies and, 7
if so, information about the offset or refund, including 8
when the refund will be given. 9
- (2) However, the infrastructure charges notice need not include 10
the information stated in subsection (1)(f) if the person who is 11
to receive the notice has advised, in writing (including in any 12
approved form), that the information need not be included in 13
the notice. 14
 - (3) The infrastructure charges notice must also include, or be 15
accompanied by, a decision notice about the decision to give 16
the notice. 17

Subdivision 4 Payment 18

121 Payment triggers generally 19

- (1) A levied charge becomes payable— 20
 - (a) if the charge applies for reconfiguring a lot—when the 21
local government that levied the charge approves a plan 22
for the reconfiguration that, under the Land Title Act, is 23
required to be given to the local government for 24
approval; or 25
 - (b) if the charge applies for building work—when the final 26
inspection certificate for the building work, or the 27
certificate of classification for the building, is given 28
under the Building Act; or 29

[s 122]

	(c) if the charge applies for a material change of use—when the change happens; or	1 2
	(d) if the charge applies for other development—on the day stated in the infrastructure charges notice under which the charge is levied.	3 4 5
	(2) This section is subject to section 122.	6
122	Agreements about payment or provision instead of payment	7 8
	(1) The recipient of an infrastructure charges notice and the local government that gave the notice may agree about either or both of the following—	9 10 11
	(a) whether the levied charge under the notice may be paid other than as required under section 121 including whether the charge may be paid by instalments;	12 13 14
	(b) whether infrastructure may be provided instead of paying all or part of the levied charge.	15 16
	(2) If the levied charge is subject to an automatic increase provision, the agreement must state how increases in the charge are payable under the agreement.	17 18 19
Subdivision 5	Changing charges during relevant appeal period	20 21
123	Application of this subdivision	22
	This subdivision applies to the recipient of an infrastructure charges notice given by a local government.	23 24
124	Representations about infrastructure charges notice	25
	(1) During the appeal period for the infrastructure charges notice, the recipient may make representations to the local government about the infrastructure charges notice.	26 27 28

(2)	The local government must consider the representations.	1
(3)	If the local government—	2
	(a) agrees with a representation; and	3
	(b) decides to change the infrastructure charges notice;	4
	the local government must, within 10 business days after	5
	making the decision, give a new infrastructure charges notice	6
	(a <i>negotiated notice</i>) to the recipient.	7
(4)	The local government may give only 1 negotiated notice.	8
(5)	A negotiated notice—	9
	(a) must be in the same form as the infrastructure charges	10
	notice; and	11
	(b) must state the nature of the changes; and	12
	(c) replaces the infrastructure charges notice.	13
(6)	If the local government does not agree with any of the	14
	representations, the local government must, within 10	15
	business days after making the decision, give a decision	16
	notice about the decision to the recipient.	17
(7)	The appeal period for the infrastructure charges notice starts	18
	again when the local government gives the decision notice to	19
	the recipient.	20
125	Suspending relevant appeal period	21
(1)	If the recipient needs more time to make representations, the	22
	recipient may give a notice suspending the relevant appeal	23
	period to the local government.	24
(2)	The recipient may give only 1 notice.	25
(3)	If the representations are not made within 20 business days	26
	after the notice is given, the balance of the relevant appeal	27
	period restarts.	28
(4)	If representations are made within the 20 business days and	29
	the recipient gives the local government a notice withdrawing	30

[s 126]

the notice of suspension, the balance of the relevant appeal 1
period restarts the day after the local government receives the 2
notice of withdrawal. 3

Division 3 **Development approval conditions** 4
 about trunk infrastructure 5

Subdivision 1 **Conditions for necessary trunk** 6
 infrastructure 7

126 **Application and operation of subdivision** 8

- (1) This subdivision applies if— 9
- (a) trunk infrastructure— 10
 - (i) has not been provided; or 11
 - (ii) has been provided but is not adequate; and 12
 - (b) the trunk infrastructure is or will be located on— 13
 - (i) premises (the *subject premises*) that are the subject 14
of a development application, whether or not the 15
infrastructure is necessary to service the subject 16
premises; or 17
 - (ii) other premises, but is necessary to service the 18
subject premises. 19
- (2) Section 127 provides for the local government to be able to 20
impose particular development conditions (each a *necessary* 21
infrastructure condition) on the development approval. 22

Note— 23

For imposing or amending development conditions in relation to an 24
approval of a change application, see sections 81(4)(a) and 82(5). 25

127	Necessary infrastructure conditions	1
(1)	If the LGIP identifies adequate trunk infrastructure to service the subject premises, the local government may impose a development condition requiring either or both of the following to be provided at a stated time—	2 3 4 5
(a)	the identified infrastructure;	6
(b)	different trunk infrastructure delivering the same desired standard of service.	7 8
(2)	If the LGIP does not identify adequate trunk infrastructure to service the subject premises, the local government may impose a development condition requiring development infrastructure necessary to service the premises to be provided at a stated time.	9 10 11 12 13
(3)	However, a local government may impose a condition under subsection (2) only if the development infrastructure services development consistent with the assumptions in the LGIP about type, scale, location or timing of development.	14 15 16 17
(4)	A necessary infrastructure condition is taken to comply with section 65(1) if—	18 19
(a)	generally, the infrastructure required is the most efficient and cost-effective solution for servicing other premises in the general area of the subject premises; and	20 21 22
(b)	for a necessary infrastructure condition that requires the provision of the infrastructure located on the subject premises—	23 24 25
(i)	the provision is not an unreasonable imposition on the development; or	26 27
(ii)	the provision is not an unreasonable imposition on the use of the subject premises as a consequence of the development.	28 29 30
(5)	To remove any doubt, it is declared that a necessary infrastructure condition may be imposed for infrastructure even if the infrastructure will service premises other than the subject premises.	31 32 33 34

[s 128]

128	Offset or refund requirements	1
(1)	This section applies if—	2
(a)	trunk infrastructure that is the subject of a necessary infrastructure condition services, or is planned to service, premises other than the subject premises; and	3 4 5
(b)	an adopted charge applies to the development.	6
(2)	If the cost of the infrastructure required to be provided under the condition is equal to or less than the amount worked out by applying the adopted charge to the development, the cost must be offset against that amount.	7 8 9 10
	<i>Note—</i>	11
	For how the cost is worked out, see sections 115 and 136.	12
(3)	If the cost of the infrastructure required to be provided under the condition is more than the amount worked out by applying the adopted charge to the development—	13 14 15
(a)	no amount is payable for the development approval; and	16
(b)	the local government must refund to the applicant the difference between the establishment cost of the trunk infrastructure and the amount worked out by applying the adopted charge to the development.	17 18 19 20
	<i>Example—</i>	21
	A necessary infrastructure condition of a development approval requires transport infrastructure to be provided. The cost of the transport infrastructure is \$500,000. Adopted charges apply to the development at a total amount of \$600,000. The cost of the infrastructure under the necessary infrastructure condition (\$500,000) must be offset against the total amount worked out by applying the adopted charge to the development (\$600,000), rather than offsetting it only against the part of the charge relating to transport infrastructure.	22 23 24 25 26 27 28 29 30

Subdivision 2	Conditions for extra trunk infrastructure costs	1 2
129	Imposing development conditions	3
(1)	A local government may impose a development condition (an <i>extra payment condition</i>) requiring the payment of extra trunk infrastructure costs if—	4 5 6
(a)	the development—	7
(i)	will generate infrastructure demand of more than that required to service the type or scale of future development that the LGIP assumes; or	8 9 10
(ii)	will require new trunk infrastructure earlier than when identified in the LGIP; or	11 12
(iii)	is for premises completely or partly outside the PIA; and	13 14
(b)	the development would impose extra trunk infrastructure costs on the local government after taking into account either or both of the following—	15 16 17
(i)	levied charges for the development;	18
(ii)	trunk infrastructure provided, or to be provided, by the applicant under this part.	19 20
(2)	However, an extra payment condition must not be imposed for a State infrastructure provider.	21 22
(3)	An extra payment condition is taken to comply with section 65(1) to the extent the infrastructure is necessary, but not yet available, to service the development.	23 24 25
(4)	Subsection (3) applies even if the infrastructure is also intended to service other development.	26 27
(5)	The power to impose an extra payment condition is subject to sections 130 to 135.	28 29

[s 130]

130	Content of extra payment condition	1
(1)	An extra payment condition must state—	2
(a)	the reason why the condition was imposed; and	3
(b)	the amount of the payment to be made under the condition; and	4 5
(c)	details of the trunk infrastructure for which the payment is required; and	6 7
(d)	the time (the <i>payment time</i>) when the amount becomes payable; and	8 9
(e)	the applicant may, instead of making the payment, elect to provide all or part of the trunk infrastructure; and	10 11
(f)	if the applicant so elects—	12
(i)	any requirements for providing the trunk infrastructure; and	13 14
(ii)	when the trunk infrastructure must be provided.	15
(2)	Unless the applicant and the local government otherwise agree, the payment time is—	16 17
(a)	if the trunk infrastructure is necessary to service the premises—by the day the development, or works associated with the development, starts; or	18 19 20
(b)	otherwise—	21
(i)	if the extra payment condition applies for reconfiguring a lot—when the local government approves a plan for the reconfiguration that, under the Land Title Act, is required to be given to the local government for approval; or	22 23 24 25 26
(ii)	if the extra payment condition applies for building work—when the final inspection certificate for the building work, or the certificate of classification for the building, is given under the Building Act; or	27 28 29 30
(iii)	if the extra payment condition applies for a material change of use—when the change happens.	31 32

131	Restriction if development completely in PIA	1
(1)	This section applies to an extra payment condition that a local government imposes for development completely inside the PIA.	2 3 4
(2)	The extra payment condition may require a payment only as follows—	5 6
(a)	for trunk infrastructure to be provided earlier than planned in the LGIP—the extra establishment cost that the local government incurs to provide the infrastructure earlier than planned;	7 8 9 10
(b)	for infrastructure associated with a different type or scale of development from that assumed in the LGIP—the establishment cost of any extra trunk infrastructure made necessary by the development.	11 12 13 14
132	Extra payment conditions for development outside PIA	15
	An extra payment condition that a local government imposes for development completely or partly outside the PIA may require the payment of—	16 17 18
(a)	the establishment cost of trunk infrastructure that is—	19
(i)	made necessary by the development; and	20
(ii)	if the local government’s planning scheme indicates the premises are part of an area intended for future development for purposes other than rural or rural residential purposes—necessary to service the rest of the area; and	21 22 23 24 25
(b)	either or both of the following establishment costs of any temporary trunk infrastructure—	26 27
(i)	costs required to ensure the safe or efficient operation of infrastructure needed to service the development;	28 29 30
(ii)	costs made necessary by the development; and	31

[s 133]

(c)	any decommissioning, removal and rehabilitation costs of the temporary infrastructure; and	1 2
(d)	the maintenance and operating costs for up to 5 years of the infrastructure and temporary infrastructure as stated in paragraphs (a) and (b).	3 4 5
133	Refund if development in PIA	6
(1)	This section applies to an extra payment condition that a local government imposes for development completely inside the PIA.	7 8 9
(2)	The local government must refund the payer the proportion of the establishment cost of the infrastructure that—	10 11
(a)	may be apportioned reasonably to other users of the infrastructure; and	12 13
(b)	has been, is, or is to be, the subject of a levied charge by the local government.	14 15
134	Refund if development approval stops	16
(1)	This section applies if—	17
(a)	a development approval subject to an extra payment condition no longer has effect; and	18 19
(b)	a payment has been made under the condition; and	20
(c)	construction of the infrastructure that is the subject of the condition has not substantially started before the development approval no longer has effect.	21 22 23
(2)	The local government must refund to the payer any part of the payment the local government has not spent, or contracted to spend, on designing and constructing the infrastructure.	24 25 26
(3)	The timing of the refund is subject to terms agreed between the payer and local government.	27 28

135	Extra payment condition does not affect other powers	1
	To remove any doubt, it is declared that the imposition of an extra payment condition does not prevent a local government from—	2 3 4
	(a) adopting charges for trunk infrastructure and levying charges; or	5 6
	(b) imposing a condition for non-trunk infrastructure; or	7
	(c) imposing a necessary infrastructure condition.	8
Subdivision 3	Working out cost for required offset or refund	9 10
136	Process	11
	(1) This section applies if—	12
	(a) a development approval requires the applicant to provide trunk infrastructure; and	13 14
	(b) the local government has given the applicant an infrastructure charges notice that includes information about an offset or refund under this part relating to the establishment cost of the trunk infrastructure; and	15 16 17 18
	(c) the applicant does not agree with the amount of the establishment cost.	19 20
	(2) The applicant may, by notice given to the local government, require the local government to use the method under the relevant charges resolution to recalculate the establishment cost.	21 22 23 24
	(3) A notice under subsection (2) must be given to the local government before the levied charge under the infrastructure charges notice becomes payable under section 121.	25 26 27
	(4) By notice given to the applicant, the local government must amend the infrastructure charges notice.	28 29

[s 137]

(5)	The amended infrastructure charges notice must adopt the method to work out the establishment cost.	1 2
Division 4	Miscellaneous provisions about trunk infrastructure	3 4
Subdivision 1	Conversion of particular non-trunk infrastructure before construction starts	5 6 7
137	Application of this subdivision	8
	This subdivision applies if—	9
(a)	a particular development condition under section 144 requires non-trunk infrastructure to be provided; and	10 11
(b)	the construction of the non-trunk infrastructure has not started.	12 13
138	Application to convert infrastructure to trunk infrastructure	14 15
(1)	The applicant for the development approval may apply to convert non-trunk infrastructure to trunk infrastructure.	16 17
	<i>Note—</i>	18
	In this Act, <i>applicant</i> , in relation to a development approval, includes any person in whom the benefit of the approval vests—see section 279.	19 20
(2)	The application (the <i>conversion application</i>) must be made to the local government, in writing, within 1 year after the development approval starts to have effect.	21 22 23
139	Deciding conversion application	24
(1)	The local government must consider and decide the conversion application within 30 business days after—	25 26

-
- (a) the application is made; or 1
- (b) if an information request is made—the applicant 2
complies with the request. 3
- (2) When deciding the conversion application, the local 4
government must consider the criteria for deciding the 5
application in its charges resolution. 6
- (3) However, at any time before making the decision, the local 7
government may give the applicant a notice requiring the 8
applicant to give information that the local government 9
reasonably needs to make the decision. 10
- (4) The notice must state— 11
- (a) the information the local government requires; and 12
- (b) the period of at least 10 business days for giving the 13
information; and 14
- (c) the effect of subsection (5). 15
- (5) The application lapses if the applicant does not comply with 16
the notice within the later of the following— 17
- (a) the period stated in the notice for giving the information; 18
- (b) the period as agreed between the local government and 19
applicant, within the period stated in the notice. 20
- 140 Notice of decision 21**
- (1) As soon as practicable after deciding the conversion 22
application, the local government must give a decision notice 23
about the decision to the applicant. 24
- (2) If the decision is to convert non-trunk infrastructure to trunk 25
infrastructure, the notice must state whether an offset or 26
refund under this part applies and, if it does, information 27
about the offset or refund. 28

[s 141]

141	Effect of and action after conversion	1
(1)	This section applies if the decision on a conversion application is to convert non-trunk infrastructure to trunk infrastructure.	2 3 4
(2)	The condition of the relevant development approval requiring the non-trunk infrastructure to be provided no longer has effect.	5 6 7
(3)	Within 20 business days after making the decision, the local government may amend the development approval by imposing a necessary infrastructure condition for the trunk infrastructure.	8 9 10 11
(4)	If a necessary infrastructure condition is imposed, the local government must also do either of the following within 10 business days after the imposition for the purposes of section 128(2) or (3)(b)—	12 13 14 15
(a)	give an infrastructure charges notice;	16
(b)	amend an infrastructure charges notice, by notice given to the applicant.	17 18
(5)	For taking action under subsections (3) and (4), divisions 2 and 3 and schedule 1, table 1, item 4 apply as if—	19 20
(a)	a development approval were a reference to the conversion; and	21 22
(b)	a levied charge were a reference to the amendment of a levied charge.	23 24
Subdivision 2	Other provisions	25
142	Financial provisions	26
(1)	A levied charge paid to a local government must be used to provide trunk infrastructure.	27 28
(2)	To remove any doubt, it is declared that the amount paid need not be held in trust by the local government.	29 30

143	Levied charge taken to be rates	1
(1)	A levied charge is, for the purpose of its recovery, taken to be rates of the local government that levied the charge.	2 3
(2)	However, subsection (1) is subject to any agreement between the local government and the applicant.	4 5
Division 5	Non-trunk infrastructure	6
144	Conditions local governments may impose	7
	A development condition about non-trunk infrastructure that a local government imposes—	8 9
(a)	must state—	10
(i)	the infrastructure to be provided; and	11
(ii)	when the infrastructure must be provided.	12
(b)	may be about providing development infrastructure for 1 or more of the following—	13 14
(i)	a network, or part of a network, internal to the premises;	15 16
(ii)	connecting the premises to external infrastructure networks;	17 18
(iii)	protecting or maintaining the safety or efficiency of the infrastructure network of which the non-trunk infrastructure is a component.	19 20 21
	<i>Example of a condition for subparagraph (iii)—</i>	22
	A condition that works near transport infrastructure must not adversely affect the infrastructure's integrity.	23 24

[s 145]

Part 3	Provisions for State infrastructure providers	1 2
145	Imposing conditions about infrastructure	3
(1)	A State infrastructure provider may impose a development condition (a <i>State-related condition</i>) on a development approval about—	4 5 6
(a)	infrastructure; and	7
(b)	works to protect or maintain infrastructure operation.	8
(2)	However, a State-related condition may only be about protecting or maintaining the safety or efficiency of—	9 10
(a)	existing or proposed State-owned or State-controlled transport infrastructure; or	11 12
(b)	public passenger transport or public passenger transport infrastructure (whether or not State-owned or State-controlled); or	13 14 15
(c)	the safety or efficiency of railways, ports or airports under the Transport Infrastructure Act; or	16 17
(d)	if the State infrastructure provider is the chief executive—a matter stated in paragraph (a), (b) or (c) for another State infrastructure provider.	18 19 20
	<i>Examples of infrastructure that might be required under a State-related condition—</i>	21 22
	• turning lanes or traffic signals at a site access or nearby intersection that are to ensure road links and intersections continue to perform at an acceptable level	23 24 25
	• upgraded traffic control devices at a level crossing in response to increased traffic	26 27
	• drainage or retaining structures that are to protect transport infrastructure from changed hydraulics or excavation next to State-owned or State-controlled transport infrastructure	28 29 30
(3)	In this section—	31

public passenger transport means the carriage of passengers by a public passenger service as defined under the *Transport Operations (Passenger Transport) Act 1994* using a public passenger vehicle as defined under that Act.

public passenger transport infrastructure means infrastructure for, or associated with, the provision of public passenger transport.

safety or efficiency, of infrastructure, means—

- (a) the safety of the users of the infrastructure and of other persons affected by the infrastructure; or
- (b) the efficiency of the use of the infrastructure.

146 Content of State-related condition

A State-related condition must state—

- (a) the infrastructure or works to be provided, or the contribution to be made, under the condition; and
- (b) when the provision or contribution must take place.

147 Refund if State-related condition stops

- (1) This section applies if—
 - (a) a State infrastructure provider imposed a State-related condition on a development approval; and
 - (b) a payment has been made under the condition; and
 - (c) construction of the infrastructure that is the subject of the condition had not substantially started; and
 - (d) the development approval stops having effect.
- (2) The public sector entity responsible for providing the infrastructure must refund to the payer any part of the payment not spent, or contracted to spend, on designing or constructing the infrastructure before being told the development approval no longer has effect.

[s 148]

148	Reimbursement by local government for replacement infrastructure	1 2
(1)	This section applies if infrastructure provided under a State-related condition—	3 4
(a)	has replaced, or is to replace, infrastructure for which there has been, is, or is to be, a levied charge by a local government; and	5 6 7
(b)	provides the same desired standard of service as the replaced infrastructure.	8 9
(2)	The local government must—	10
(a)	pay the amount of the levied charge, when paid to local government, to the State infrastructure provider that imposed the condition to—	11 12 13
(i)	provide the replacement infrastructure; or	14
(ii)	reimburse a person who provided the replacement infrastructure; and	15 16
(b)	agree with the State infrastructure provider and the person who provided the replacement infrastructure about when the amount of the levied charge will be paid.	17 18 19

Part 4 Infrastructure agreements 20

149	Infrastructure agreement	21
	An <i>infrastructure agreement</i> is an agreement, as amended from time to time, stated in—	22 23
(a)	section 67, to the extent the agreement is about a condition for paying for, or providing, infrastructure; or	24 25
(b)	section 122; or	26
(c)	section 130(2); or	27

(d)	section 134(3); or	1
(e)	section 143(2); or	2
(f)	section 148(2); or	3
(g)	section 157.	4
150	Obligation to negotiate in good faith	5
(1)	This section applies if—	6
(a)	a public sector entity proposes to another entity that they enter into an infrastructure agreement; or	7 8
(b)	another entity proposes to a public sector entity that they enter into an infrastructure agreement.	9 10
(2)	The entity (the <i>recipient</i>) to whom the proposal is made must, in writing, tell the entity making the proposal if the recipient agrees to entering into negotiations for an infrastructure agreement.	11 12 13 14
(3)	When negotiating an infrastructure agreement, the entities must act in good faith.	15 16
	<i>Examples of actions that subsection (3) requires—</i>	17
•	disclosing to the other party to the negotiations in a timely way information relevant to entering into the proposed agreement	18 19
•	considering and responding in a timely way to the other party's proposals about the proposed agreement	20 21
•	giving reasons for each response	22
151	Content of infrastructure agreement	23
(1)	An infrastructure agreement must—	24
(a)	if responsibilities under the agreement would be affected by a change in the ownership of premises that are the subject of the agreement—include a statement about how the responsibilities must be fulfilled in that event; and	25 26 27 28 29

[s 152]

(b)	if the fulfilment of responsibilities under the agreement depends on development entitlements that may be affected by a planning change—include a statement about—	1 2 3 4
(i)	refunding or reimbursing amounts paid under the agreement; and	5 6
(ii)	changing or cancelling the responsibilities if the development entitlements are changed without the consent of the person required to fulfil the responsibilities; and	7 8 9 10
(c)	include any other matter prescribed by regulation.	11
(2)	To remove any doubt, it is declared that an infrastructure agreement may include matters that are not within the jurisdiction of a public sector entity that is a party to the agreement.	12 13 14 15
152	Copy of infrastructure agreement for local government	16
(1)	This section applies if—	17
(a)	a distributor-retailer or a public sector entity other than a local government is a party to an infrastructure agreement; and	18 19 20
(b)	the local government for the area to which the agreement applies is not a party to the agreement.	21 22
(2)	The distributor-retailer or public sector entity must give a copy of the agreement to the local government.	23 24
153	Copy of particular infrastructure agreements for distributor-retailers	25 26
(1)	This section applies if—	27
(a)	a participating local government for a distributor-retailer is a party to an infrastructure agreement; and	28 29

(b)	the distributor-retailer is not a party to the infrastructure agreement; and	1 2
(c)	the infrastructure agreement relates to a water approval or an application for a water approval under the SEQ Water Act, chapter 4C, part 2.	3 4 5
(2)	The local government must give a copy of the agreement to the distributor-retailer.	6 7
154	When infrastructure agreement binds successors in title	8
(1)	This section applies if the owner of premises to which an infrastructure agreement applies—	9 10
(a)	is a party to the agreement; or	11
(b)	consents to the responsibilities under the agreement being attached to the premises.	12 13
(2)	However, subsection (1) does not apply to any responsibilities that a public sector entity is to fulfil.	14 15
(3)	The responsibilities under the infrastructure agreement attach to the premises and bind the owner of the premises and the owner’s successors in title.	16 17 18
(4)	If the owner’s consent under subsection (1) is given but not endorsed on the agreement, the owner must give a copy of the document evidencing the owner’s consent to the local government for the premises to which the consent applies.	19 20 21 22
(5)	Despite subsection (3), subsections (6) and (7) apply if—	23
(a)	the infrastructure agreement states that if the premises are subdivided, part of the premises is to be released from the responsibilities; and	24 25 26
(b)	the premises are subdivided.	27
(6)	The part is released from the responsibilities.	28
(7)	The responsibilities are no longer binding on the owner of the part.	29 30

[s 155]

155	Exercise of discretion unaffected by infrastructure agreement	1 2
	An infrastructure agreement is not invalid merely because its fulfilment depends on the exercise of a discretion by a public sector entity about an existing or future development application.	3 4 5 6
156	Infrastructure agreement applies instead of approval and charges notice	7 8
(1)	To the extent of any inconsistency, an infrastructure agreement applies instead of—	9 10
(a)	a development approval; or	11
(b)	an infrastructure charges notice; or	12
(c)	a notice stated in section 298(1).	13
(2)	However, if a State infrastructure provider, other than the chief executive, is a party to the infrastructure agreement, subsection (1) applies only if the chief executive approves the agreement either before or after the development approval or notice is given.	14 15 16 17 18
(3)	The approval of the agreement must be given by notice to all parties to the agreement.	19 20
(4)	The approval may be given before or after the agreement is entered into.	21 22
157	Agreement for infrastructure partnerships	23
(1)	A person may enter into an agreement with a public sector entity about—	24 25
(a)	providing or funding infrastructure; or	26
(b)	refunding payments made towards the cost of providing or funding infrastructure.	27 28
(2)	Subsection (1) has effect despite parts 2 and 3 and chapter 3, part 3, division 3.	29 30

Part 5	Miscellaneous	1
158	Particular local government land held on trust	2
(1)	Land given to, or taken by, a local government for public parks infrastructure or local community facilities under this chapter must be given or taken in fee simple on trust.	3 4 5
(2)	If the local government later sells the land—	6
(a)	the land is sold free of the trust; and	7
(b)	the net proceeds of the sale must be used to provide trunk infrastructure.	8 9
Chapter 5	Offences and enforcement	10
Part 1	Introduction	11
159	What this chapter is about	12
(1)	This chapter is about offences against this Act, including development offences, and ways to prevent or remedy the effect of those offences.	13 14 15
(2)	Part 2 creates development offences.	16
(3)	Part 3 is about notices from an enforcement authority requiring a person to refrain from committing a development offence, or to remedy the effect of a development offence.	17 18 19
(4)	Part 4 is about proceedings in a Magistrates Court for development offences and other offences against this Act.	20 21
(5)	Part 5 is about orders made by the P&E Court requiring a person not to commit a development offence, or to remedy the effect of a development offence.	22 23 24

[s 160]

- (6) Parts 6 to 8 are about inspectors, their powers for enforcement, and related matters. 1
2
- (7) Part 9 contains miscellaneous provisions about offences and enforcement. 3
4

Part 2 Development offences 5

160 What part is about 6
This part creates offences (each a *development offence*), subject to any exemption under this part. 7
8

161 Carrying out prohibited development 9
A person must not carry out prohibited development, unless— 10

- (a) the development is carried out under a development approval given for a superseded planning scheme application; or 11
12
13
- (b) the local government for the area in which the development is carried out has agreed, or is taken to have agreed, to a request under section 29(4)(b) for the development. 14
15
16
17

Maximum penalty—4500 penalty units. 18

162 Carrying out assessable development without permit 19

- (1) A person must not carry out assessable development, unless all necessary development permits are in effect for the development. 20
21
22

Maximum penalty— 23

- (a) if the assessable development is on a Queensland heritage place or local heritage place—17,000 penalty units; or 24
25
26

(b)	otherwise—4500 penalty units.	1
(2)	However, subsection (1) does not apply to development carried out—	2 3
(a)	under section 29(10)(a); or	4
(b)	in accordance with an exemption certificate under section 46; or	5 6
(c)	under section 88(3).	7
163	Compliance with development approval	8
	A person must not contravene a development approval.	9
	Maximum penalty—4500 penalty units.	10
164	Unlawful use of premises	11
	A person must not use premises unless the use—	12
(a)	is a lawful use; or	13
(b)	for designated premises—complies with any requirements about the use of the premises in the designation.	14 15 16
	Maximum penalty—4500 penalty units.	17
165	Exemptions if emergency causing safety concern	18
(1)	This section applies to works, development or a use (an <i>activity</i>) carried out because an emergency endangers—	19 20
(a)	a person’s life or health; or	21
(b)	a building’s structural safety; or	22
(c)	the operation or safety of infrastructure, other than a building; or	23 24
(d)	for tidal works—the structural safety of a structure for which there is a development permit for operational work that is tidal works.	25 26 27

[s 165]

- (2) A person who, in an emergency, is carrying out necessary operational work that is tidal works does not commit a development offence, other than an offence against section 161, if the person—
- (a) has made a safety management plan for the works, after considering—
 - (i) the long-term safety of members of the public who have access to the works or a structure to which the works relate; and
 - (ii) if practicable, the advice of a registered professional engineer who has audited the works or structure; and
 - (b) complies with the plan; and
 - (c) gives a copy of the plan to the enforcement authority as soon as reasonably practicable after starting the works; and
 - (d) takes reasonable precautions and exercises proper diligence to ensure the works or a structure to which the works relate are in a safe condition, including by engaging a registered professional engineer to audit the works or structure.
- (3) A person who, in an emergency, is carrying out necessary building work on a Queensland heritage place, or local heritage place, does not commit a development offence, other than an offence against section 161, if the person—
- (a) gets the advice of a registered professional engineer about the works before starting the works, unless it is not practicable to do so; and
 - (b) takes all reasonable steps—
 - (i) to ensure the works are reversible; or
 - (ii) if the works are not reversible—to minimise the impact of the works on the place’s cultural heritage significance.

-
- (4) A person who, in an emergency, is carrying out any other necessary activity does not commit a development offence if the person gives notice that the person has been carrying out the activity, as soon as reasonably practicable after starting the activity, to—
- (a) the enforcement authority; and
 - (b) a person who must be given notice of the activity under another Act.
- (5) Subsections (2), (3) and (4) stop applying to a person carrying out an activity if an enforcement notice or order requires the activity to stop.
- (6) Subsections (2) and (3) stop applying to a person carrying out the activity if—
- (a) the person does not, as soon as reasonably practicable after starting the activity—
 - (i) make a development application that, but for the exemption, would be required for the activity; and
 - (ii) give a notice of a type mentioned in subsection (4); or
 - (b) the person complies with paragraph (a), but the person's development application is refused.
- (7) If the person's development application is refused, the person must restore, as far as practicable, premises to the condition the premises were in immediately before the activity was carried out.
- Maximum penalty—4500 penalty units.
- (8) In this section—
- emergency*** means an event or situation that involves an imminent and definite threat requiring immediate action (whether before, during or after the event or situation), other than routine maintenance due to wear and tear.
- Example of an action not done because of an emergency—*

[s 166]

- the carrying out, in winter, of a use or of building or operational work in anticipation of the next cyclone season 1
2
- necessary**, in relation to an activity, means the activity is necessary to ensure the emergency does not, or is not likely to, endanger someone or something stated in subsection (1)(a) to (d). 3
4
5
6
- registered professional engineer** means— 7
- (a) a registered professional engineer under the *Professional Engineers Act 2002*; or 8
9
- (b) a person registered as a professional engineer under an Act of another State. 10
11

Part 3 Enforcement notices 12

- 166 Show cause notices** 13
- (1) This section applies if an enforcement authority— 14
- (a) reasonably believes a person has committed, or is committing, a development offence; and 15
16
- (b) is considering giving an enforcement notice for the offence to the person. 17
18
- (2) The enforcement authority must give the person a notice (a **show cause notice**) that— 19
20
- (a) states the enforcement authority is considering giving an enforcement notice to the person; and 21
22
- (b) outlines the facts and circumstances that form the basis for the enforcement authority's reason for giving an enforcement notice; and 23
24
25
- (c) states the person may make representations about the notice to the enforcement authority; and 26
27
- (d) states how the representations may be made; and 28

-
- (e) states— 1
- (i) a day and time for making the representations; or 2
 - (ii) a period within which the representations must be made. 3
4
- (3) The day or period stated in the show cause notice must be, or must end, at least 20 business days after the notice is given. 5
6
- (4) After considering any representations made by the person as required under the show cause notice, the enforcement authority may give the enforcement notice if the enforcement authority still considers it appropriate to do so. 7
8
9
10
- (5) An enforcement authority need not give a show cause notice to the person, before giving the person an enforcement notice, if— 11
12
13
- (a) the development offence relates to— 14
 - (i) a Queensland heritage place or a local heritage place; or 15
16
 - (ii) works that the enforcement authority reasonably believes are a danger to persons or a risk to public health; or 17
18
19
 - (iii) the demolition of works; or 20
 - (iv) the clearing of vegetation; or 21
 - (v) the removal of quarry material allocated under the *Water Act 2000*; or 22
23
 - (vi) extracting clay, gravel, rock, sand or soil, not stated in subparagraph (v), from Queensland waters; or 24
25
 - (vii) development that the enforcement authority reasonably believes is causing erosion, sedimentation or an environmental nuisance (as defined in the Environmental Protection Act, section 15); or 26
27
28
29
30
 - (b) the enforcement authority reasonably believes it is not appropriate in the circumstances to give the show cause 31
32
-

[s 167]

notice (because the notice is likely to adversely affect
the effectiveness of the enforcement notice, for
example). 1
2
3

167 Enforcement notices 4

- (1) If an enforcement authority reasonably believes a person has
committed, or is committing, a development offence, the
authority may give an enforcement notice to— 5
6
7
- (a) the person; and 8
- (b) if the offence involves premises and the person is not the
owner of the premises—the owner of the premises. 9
10
- (2) An **enforcement notice** is a notice that requires a person to do 11
either or both of the following— 12
- (a) to refrain from committing a development offence; 13
- (b) to remedy the effect of a development offence in a stated
way. 14
15

Examples of what an enforcement notice may require— 16

The notice may require a person do any or all of the following on or
before a stated time or within a stated period— 17
18

- to stop carrying out development 19
- to demolish or remove development 20
- to restore, as far as practicable, premises to the condition the
premises were in immediately before development was started 21
22
- to do, or not to do, another act to ensure development complies with
a development permit 23
24
- if the enforcement authority reasonably believes works are
dangerous, to repair or rectify the works, to secure the works, or to
fence the works off to protect people 25
26
27
- to stop a stated use of premises 28
- to apply for a development permit 29
- to give the enforcement authority a compliance program that shows
how compliance with the enforcement notice will be achieved. 30
31

- (3) The notice must state— 32

-
- | | | |
|-----|--|----------------------|
| (a) | the nature of the alleged offence; and | 1 |
| (b) | if the notice requires the person not to do an act— | 2 |
| | (i) the period for which the requirement applies; or | 3 |
| | (ii) that the requirement applies until further notice; | 4 |
| | and | 5 |
| (c) | if the notice requires the person to do an act— | 6 |
| | (i) the details of the act; and | 7 |
| | (ii) the period within which the act must be done; and | 8 |
| (d) | that the person has an appeal right against the giving of
the notice. | 9
10 |
| (4) | The notice may require demolition or removal of all or part of
works if the enforcement authority reasonably believes it is
not possible or practical to take steps— | 11
12
13 |
| | (a) to make the development accepted development; or | 14 |
| | (b) to make the works comply with a development approval;
or | 15
16 |
| | (c) if the works are dangerous—to remove the danger. | 17 |
| (5) | A person must not contravene an enforcement notice.
Maximum penalty—4500 penalty units. | 18
19 |
| (6) | An enforcement notice that requires development on premises
to stop being carried out may be given by fixing the notice to
the premises in a way that a person entering the premises
would normally see the notice. | 20
21
22
23 |
| (7) | A person must not deal with an enforcement notice stated in
subsection (6) in a way that is reasonably likely to prevent the
recipient seeing the notice.
Maximum penalty—4500 penalty units. | 24

[s 168]

168	Consulting private certifier about enforcement notice	1
(1)	This section applies if a private certifier is engaged in relation to development.	2 3
(2)	The enforcement authority must not give an enforcement notice for that part of the development for which the private certifier is engaged until the authority has consulted about the giving of the notice with—	4 5 6 7
(a)	the private certifier; or	8
(b)	if the enforcement authority is the private certifier—the local government.	9 10
(3)	However, subsection (2) does not apply if the enforcement authority reasonably believes the works for which the enforcement notice is to be given are dangerous.	11 12 13
(4)	If the enforcement authority is the private certifier, the authority may not delegate power to give an enforcement notice that orders the demolition of a building.	14 15 16
(5)	The enforcement authority may carry out consultation under this section in the way the enforcement authority considers appropriate.	17 18 19
169	Notifying about show cause and enforcement notices	20
(1)	This section applies if the enforcement authority gives a show cause notice or enforcement notice to a person.	21 22
(2)	If—	23
(a)	the notice relates to development in relation to which a local government could have been the assessment manager, but was not the assessment manager; and	24 25 26
(b)	the enforcement authority is not the local government; the enforcement authority must give a copy of the notice to the local government.	27 28 29
(3)	If—	30

-
- (a) the notice relates to development in relation to which the chief executive could have been the assessment manager, but was not the assessment manager; and
- (b) the enforcement authority is not the chief executive; the enforcement authority must give a copy of the notice to the chief executive.
- (4) If the enforcement authority withdraws the show cause notice or enforcement notice, the enforcement authority must give notice of the withdrawal to—
- (a) for a notice given under subsection (2)—the local government; or
- (b) for a notice given under subsection (3)—the chief executive.
- (5) A failure to comply with subsection (2) or (3) does not invalidate or otherwise affect the show cause notice or enforcement notice.
- 170 Stay of enforcement notice**
- (1) An appeal against an enforcement notice stays the operation of the notice until—
- (a) the tribunal or court hearing the appeal decides otherwise; or
- (b) the appeal ends.
- (2) However, the notice is not stayed to the extent the notice is about a matter stated in section 166(5)(a).
- 171 Application in response to show cause or enforcement notice**
- If a person applies for a development permit in response to a show cause notice, or as required by an enforcement notice, the person—

[s 172]

(a)	must not withdraw the application, unless the person has a reasonable excuse; and	1 2
(b)	must take all necessary and reasonable steps to enable the application to be decided as soon as practicable, unless the person has a reasonable excuse; and	3 4 5
(c)	if the person appeals the decision on the application—must take all necessary and reasonable steps to enable the appeal to be decided as soon as practicable, unless the person has a reasonable excuse.	6 7 8 9
	Maximum penalty—4500 penalty units.	10
172	Enforcement authority may remedy contravention	11
(1)	This section applies if an enforcement notice is contravened and the enforcement authority is not a local government.	12 13
	<i>Note—</i>	14
	If the enforcement authority is a local government, see the Local Government Act, section 142 or the City of Brisbane Act, section 132.	15 16
(2)	The enforcement authority may—	17
(a)	do anything reasonably necessary to ensure the notice is complied with; and	18 19
(b)	recover any reasonable costs and expenses incurred in doing so as a debt owing by the recipient to the authority.	20 21 22
Part 4	Offence proceedings in Magistrates Court	23 24
173	Proceedings for offences	25
(1)	Proceedings (<i>offence proceedings</i>) for an offence against this Act—	26 27

-
- (a) are to be taken in a summary way; and 1
- (b) must start— 2
- (i) within 1 year after the offence is committed; or 3
- (ii) within 1 year after the offence comes to the 4
complainant’s knowledge, but no later than 2 years 5
after the offence is committed. 6
- (2) However, only the enforcement authority may bring a 7
proceeding for an offence under— 8
- (a) if the offence is about the building assessment 9
provisions—sections 162 or 163; or 10
- (b) otherwise—sections 167, 171 or 225. 11
- (3) In a complaint starting offence proceedings, a statement that 12
the matter of the complaint came to the complainant’s 13
knowledge on a stated day is evidence of the matter. 14
- 174 Proceedings brought in a representative capacity 15**
- (1) A person may bring offence proceedings in a representative 16
capacity, if the person has the consent of— 17
- (a) for proceedings brought on behalf of a body of persons 18
or a corporation—the members of its controlling or 19
governing body; or 20
- (b) for proceedings brought on behalf of an individual—the 21
individual. 22
- Note—* 23
- For proceedings by a local government, see the Local Government Act, 24
section 237 or the City of Brisbane Act, section 218. 25

| (b) | other special circumstances, including, for example, the
inspector's remote location. | 2
3 |
| (2) | The application— | 4 |

(4)	Subsection (3) applies despite section 184.	10
202	Failure to comply with direction	11
(1)	The person in control of the vehicle must comply with a direction under section 200 unless the person has a reasonable excuse. Maximum penalty—60 penalty units.	12 13 14 15
(2)	It is a reasonable excuse for the person not to comply with a direction if—	16 17
(a)	the vehicle was moving and the inspector did not comply with section 201; or	18 19
(b)	to comply immediately would have endangered someone else or caused loss or damage to property, and the person complies as soon as it is practicable to do so.	20 21 22
(3)	Subsection (2) does not limit subsection (1).	23
(4)	A person does not commit an offence against subsection (1) if—	24 25
(a)	the direction the person fails to comply with is given under section 200(2); and	26 27
(b)	the person is not given an offence warning for the direction.	28 29

[s 203]

Division 2	Seizure by inspectors and forfeiture	1
Subdivision 1	Power to seize	2
203	Seizing evidence at a place that may be entered without consent or warrant	3 4
	(1) This section applies if an inspector enters a place that the inspector may enter under this Act without the consent of an occupier of the place or a warrant.	5 6 7
	(2) The inspector may seize a thing at the place if the inspector reasonably believes the thing is evidence of an offence against this Act.	8 9 10
204	Seizing evidence at a place entered with consent	11
	(1) This section applies if—	12
	(a) an inspector may enter a place under this Act only with the consent of an occupier of the place or under a warrant; and	13 14 15
	(b) the inspector enters the place after getting the consent.	16
	(2) The inspector may seize a thing at the place only if—	17
	(a) the inspector reasonably believes the thing is evidence of an offence against this Act; and	18 19
	(b) seizing the thing is consistent with the purpose of entry, as explained to the occupier when asking for the occupier's consent.	20 21 22
205	Seizing evidence at a place entered with warrant	23
	(1) This section applies if—	24
	(a) an inspector may enter a place under this Act only with the consent of an occupier of the place or under a warrant; and	25 26 27

-
- (b) the inspector enters the place under a warrant. 1
- (2) The inspector may seize the evidence for which the warrant 2
was issued. 3
- (3) The inspector may also seize anything else at the place if the 4
inspector reasonably believes— 5
- (a) the thing is evidence of an offence against this Act; and 6
- (b) seizing the thing is necessary to prevent the thing being 7
destroyed, hidden or lost. 8
- (4) The inspector may also seize a thing at the place if the 9
inspector reasonably believes the thing has immediately been 10
used in committing an offence against this Act. 11
- 206 Seizing property subject to security 12**
- (1) An inspector may seize a thing, and exercise powers relating 13
to the thing, despite a lien or other security over the thing 14
claimed by another person. 15
- (2) However, the seizure does not affect the other person's claim 16
to the lien or other security against a person, other than the 17
inspector or a person acting for the inspector. 18
- 207 Securing seized thing 19**
- (1) After seizing a thing under this division, an inspector may— 20
- (a) move the thing from the place (the *place of seizure*) 21
where the thing was seized; or 22
- (b) leave the thing at the place of seizure and take 23
reasonable action to restrict access to the thing. 24
- (2) For subsection (1)(b), the inspector may, for example— 25
- (a) seal the thing, or the entrance to the place of seizure, and 26
mark the thing or place to show access to the thing or 27
place is restricted; or 28
- (b) for equipment—make the thing inoperable; or 29

[s 208]

<i>Examples of making equipment inoperable—</i>	1
dismantling the equipment or removing a component without which the equipment can not be used	2 3
(c) require a person who the inspector reasonably believes is in control of the place or thing to do—	4 5
(i) an act stated in paragraph (a) or (b); or	6
(ii) anything else an inspector could do under subsection (1)(a).	7 8
(3) The person must comply with a requirement made of the person under subsection (2)(c), unless the person has a reasonable excuse.	9 10 11
Maximum penalty—100 penalty units.	12
(4) If an inspector restricts access to a seized thing, a person must not tamper with the thing, or with anything used to restrict access to the thing, without—	13 14 15
(a) an inspector's approval; or	16
(b) a reasonable excuse.	17
Maximum penalty—100 penalty units.	18
(5) If an inspector restricts access to a place, a person must not enter the place in contravention of the restriction, or tamper with anything used to restrict access to the place, without—	19 20 21
(a) an inspector's approval; or	22
(b) a reasonable excuse.	23
Maximum penalty—100 penalty units.	24
Subdivision 2 Safeguards for seized things	25
208 Receipt and decision notice for seized thing	26
(1) This section applies if an inspector seizes anything under this division unless—	27 28

-
- (a) the inspector reasonably believes there is no-one
apparently in possession of the thing or it has been
abandoned; or
- (b) because of the condition, nature and value of the thing it
would be unreasonable to require the inspector to
comply with this section.
- (2) The inspector must, as soon as practicable after seizing the
thing, give the following to an owner or person in control of
the thing before it was seized—
- (a) a receipt for the thing that generally describes the thing
and its condition;
- (b) a decision notice about the decision to seize the thing.
- (3) However, if an owner or person from whom the thing is seized
is not present when the thing is seized, the receipt and
decision notice may be given by leaving them in a
conspicuous position, and in a reasonably secure way, at the
place at which the thing is seized.
- (4) The receipt and decision notice may—
- (a) be given in the same document; and
- (b) relate to more than 1 seized thing.
- (5) The inspector may delay giving the receipt and decision
notice if the inspector reasonably suspects giving them may
frustrate or otherwise hinder an investigation by the inspector
under this Act.
- (6) However, the delay may be only for as long as the inspector
continues to have the reasonable suspicion and remains in the
vicinity of the place at which the thing was seized to keep the
thing under observation.
- 209 Access to seized thing**
- (1) This section applies until a seized thing is forfeited or
returned.

[s 210]

- (2) The inspector who seized the thing must allow an owner of the thing, free of charge—
 - (a) to inspect the thing at any reasonable time, and from time to time; and
 - (b) if the thing is a document—to copy the document.
- (3) However, subsection (2) does not apply if it is impracticable or would be unreasonable to allow the owner to inspect or copy the thing.

210 Returning seized thing

- (1) This section applies if a seized thing is not—
 - (a) forfeited under subdivision 3; or
 - (b) subject to a disposal order under division 3.
- (2) As soon as the chief executive stops being satisfied there are reasonable grounds for keeping the thing, the chief executive must return the thing to its owner.
- (3) If the thing is not returned to its owner within 3 months after the thing was seized, the owner may apply to the chief executive for its return.
- (4) Within 30 days after receiving the application, the chief executive must—
 - (a) if the chief executive is satisfied there are reasonable grounds for keeping the thing and decides to keep the thing—give a decision notice to the owner; or
 - (b) otherwise—return the thing to the owner.
- (5) For this section, there are reasonable grounds for keeping the thing if—
 - (a) the thing is being, or is likely to be, examined; or
 - (b) the thing is needed, or may be needed, for—

-
- (i) a proceeding for an offence against this Act that is likely to be started or that has been started but not completed; or
 - (ii) an appeal from a decision in a proceeding for an offence against this Act; or
 - (c) it is not lawful for the owner to possess the thing.
 - (6) Subsection (5) does not limit the grounds that may be reasonable grounds for keeping the thing.
 - (7) Nothing in this section affects a lien or other security over the seized thing.
 - (8) In this section—
owner, of a seized thing, includes a person who would be entitled to possession of the thing if it had not been seized.

Subdivision 3 Forfeiting seized things

211 Forfeiture by chief executive decision

- (1) The chief executive may decide a seized thing is forfeited to the State if an inspector—
 - (a) after making reasonable inquiries, can not find an owner; or
 - (b) after making reasonable efforts, can not return it to an owner; or
 - (c) reasonably believes it is necessary to keep the thing to prevent the thing being used to commit the offence for which the thing was seized.
- (2) However, the inspector is not required to—
 - (a) make inquiries if it would be unreasonable to make inquiries to find an owner; or
 - (b) make efforts if it would be unreasonable to make efforts to return the thing to an owner.

[s 212]

<i>Example for paragraph (b)—</i>	1
the owner of the thing has migrated to another country	2
(3) The inspector must consider the thing's condition, nature and value when deciding—	3 4
(a) whether it is reasonable to make inquiries or efforts; and	5
(b) if inquiries or efforts are made—what inquiries or efforts, including the period over which they are made, are reasonable.	6 7 8
(4) If the chief executive decides to forfeit a thing, the chief executive must as soon as practicable give a decision notice about the decision to a person (the <i>former owner</i>) who owned the thing immediately before the thing was forfeited.	9 10 11 12
(5) If the decision was made under subsection (1)(a) or (b), the decision notice may be given by leaving the notice at the place where the thing was seized, in a conspicuous position and in a reasonably secure way.	13 14 15 16
(6) The decision notice must state that the former owner may apply for a stay of the decision if the former owner appeals against the decision.	17 18 19
(7) However, subsections (4) to (6) do not apply if—	20
(a) the decision was made under subsection (1)(a) or (b); and	21 22
(b) the place where the thing was seized is—	23
(i) a public place; or	24
(ii) a place where the notice is unlikely to be read by the former owner.	25 26
212 Dealing with things forfeited or transferred to State	27
(1) A thing becomes the property of the State if—	28
(a) the thing is forfeited to the State under section 211(1); or	29 30

-
- (b) the owner of the thing and the State agree, in writing, to the transfer of the ownership of the thing to the State. 1
2
 - (2) The chief executive may deal with the thing as the chief executive considers appropriate (by destroying the thing or giving it away, for example). 3
4
5
 - (3) The chief executive must not deal with the thing in a way that could prejudice the outcome of an appeal against the forfeiture. 6
7
8
 - (4) If the chief executive sells the thing, the chief executive may, after deducting the costs of the sale, return the proceeds of the sale to the former owner of the thing. 9
10
11
 - (5) This section is subject to a disposal order made for the thing. 12

Division 3 Disposal orders 13

213 Disposal order 14

- (1) This section applies if a court convicts a person of an offence against this Act. 15
16
- (2) The court may make an order (a *disposal order*), on its own initiative or on an application by the prosecution, for the disposal of any of the following things owned by the person— 17
18
19
 - (a) anything that was the subject of, or used to commit, the offence; 20
21
 - (b) another thing the court considers is likely to be used by the person or another person in committing a further offence against this Act. 22
23
24
- (3) The court may make a disposal order for a thing— 25
 - (a) whether or not it has been seized under this Act; and 26
 - (b) if the thing has been seized—whether or not it has been returned to the former owner. 27
28
- (4) When deciding whether to make a disposal order for a thing, the court— 29
30

[s 214]

(a)	may require notice to be given to anyone the court considers appropriate, including, for example, any person who may have property in the thing; and	1 2 3
(b)	must hear any submission that a person claiming to have property in the thing may wish to make.	4 5
(5)	The court may make any order to enforce the disposal order that it considers appropriate.	6 7
(6)	This section does not limit the court's powers under another law.	8 9
Division 4	Other information-obtaining powers of inspectors	10 11
214	Requiring name and address	12
(1)	This section applies if an inspector—	13
(a)	finds a person committing an offence against this Act; or	14
(b)	finds a person in circumstances that lead the inspector to reasonably suspect the person has just committed an offence against this Act; or	15 16 17
(c)	has information that leads the inspector to reasonably suspect a person has just committed an offence against this Act.	18 19 20
(2)	The inspector may require the person to state the person's name and residential address.	21 22
(3)	Also, the inspector may require the person to give evidence of the correctness of the stated name or address if, in the circumstances, it would be reasonable to expect the person to—	23 24 25 26
(a)	be in possession of evidence of the correctness of the stated name or address; or	27 28
(b)	otherwise be able to give the evidence.	29

(4)	When making a requirement, the inspector must give an offence warning to the person.	1 2
(5)	The person must comply with the requirement, unless the person has a reasonable excuse. Maximum penalty—40 penalty units.	3 4 5
(6)	The person may not be convicted of an offence under subsection (5) unless the person is found guilty of the offence in relation to which the requirement was made.	6 7 8
215	Requiring documents to be produced	9
(1)	This section applies to—	10
	(a) a document issued to a person under this Act; and	11
	(b) a document required to be kept by a person under this Act.	12 13
(2)	An inspector may require the person to produce the document to an inspector for inspection, at a reasonable time and place that the inspector nominates.	14 15 16
(3)	The person must comply with the requirement, unless the person has a reasonable excuse. Maximum penalty—40 penalty units.	17 18 19
(4)	It is not a reasonable excuse for the person to fail to comply with the requirement on the basis that complying with the requirement might tend to incriminate the person or expose the person to a penalty.	20 21 22 23
	<i>Note—</i>	24
	However, see section 223 (which is about evidential immunity).	25
(5)	The inspector must inform the person, in a way that is reasonable in the circumstances—	26 27
	(a) that the person must comply with the requirement even though complying might tend to incriminate the person or expose the person to a penalty; and	28 29 30

[s 216]

- (b) that, under section 223, there is a limited immunity against the future use of the information or document given in compliance with the requirement. 1
2
3
- (6) If the inspector fails to comply with subsection (5), the person can not be convicted of the offence against subsection (3). 4
5
- (7) If a court convicts a person of an offence against subsection (3), the court may, as well as imposing a penalty for the offence, order the person to comply with the requirement. 6
7
8
- (8) In this section— 9
produce, a document that is an electronic document, means produce a clear written reproduction of the document. 10
11
- 216 Requiring documents to be certified** 12
- (1) This section applies to a document produced under section 215 to an inspector. 13
14
- (2) The inspector may keep the document to copy the document. 15
- (3) If the inspector copies the document, or an entry in the document, the inspector may require the person responsible for keeping the document to certify the copy as a true copy of the document or entry. 16
17
18
19
- (4) The inspector must return the document to the person as soon as practicable after copying the document. 20
21
- (5) However, if the inspector makes a requirement of the person under subsection (3), the inspector may keep the document until the person complies with the requirement. 22
23
24
- (6) The person must comply with the requirement, unless the person has a reasonable excuse. 25
26
Maximum penalty—40 penalty units. 27
- (7) It is not a reasonable excuse for the person to fail to comply with the requirement on the basis that complying with the requirement might tend to incriminate the person or expose the person to a penalty. 28
29
30
31

Note—

However, see section 223 (which is about evidential immunity).

- (8) The inspector must inform the person, in a way that is reasonable in the circumstances—
- (a) that the person must comply with the requirement even though complying might tend to incriminate the person or expose the person to a penalty; and
 - (b) that, under section 223, there is a limited immunity against the future use of the information or document given in compliance with the requirement.
- (9) If the person fails to comply with subsection (6), but the inspector fails to comply with subsection (8), the person can not be convicted of the offence against subsection (6).

217 Requiring information

- (1) This section applies if an inspector reasonably believes—
- (a) an offence against this Act has been committed; and
 - (b) a person may be able to give information about the offence.
- (2) The inspector may, by notice given to the person, require the person to give information about the offence to the inspector, at a stated reasonable time and place.
- (3) The person must comply with the requirement, unless the person has a reasonable excuse.
- Maximum penalty—40 penalty units.
- (4) It is a reasonable excuse for an individual not to give the information if giving the information might tend to incriminate the individual or expose the individual to a penalty.
- (5) In this section—

[s 218]

give, information that is stored as an electronic document, 1
means produce a clear written reproduction of the 2
information. 3

Division 5 Damage 4

218 Duty to avoid inconvenience and minimise damage 5

When exercising a power, an inspector must take all 6
reasonable steps to cause as little inconvenience, and do as 7
little damage, as possible. 8

Note— 9

Also, see section 220 (which is about compensation). 10

219 Notice of damage 11

(1) This section applies if— 12

(a) an inspector damages something when exercising, or 13
purporting to exercise, a power; or 14

(b) a person (the *assistant*) acting under the direction or 15
authority of an inspector damages something. 16

(2) However, this section does not apply to damage the inspector 17
reasonably considers is trivial or if the inspector reasonably 18
believes— 19

(a) there is no-one apparently in possession of the thing; or 20

(b) the thing has been abandoned. 21

(3) The inspector must give notice of the damage to a person who 22
appears to the inspector to be an owner, or person in control, 23
of the thing. 24

(4) However, if for any reason it is not practicable to comply with 25
subsection (3), the inspector must— 26

(a) leave the notice at the place where the damage 27
happened; and 28

-
- (b) ensure it is left in a conspicuous position and in a reasonably secure way. 1
2
- (5) The inspector may delay complying with subsection (3) or (4) 3
if the inspector reasonably suspects complying with the 4
subsection may frustrate or otherwise hinder an investigation 5
by the inspector. 6
- (6) The delay may be only for so long as the inspector continues 7
to have the reasonable suspicion and remains in the vicinity of 8
the place. 9
- (7) If the inspector believes the damage was caused by a latent 10
defect in the thing or other circumstances beyond the control 11
of the inspector or the assistant, the inspector may state the 12
belief in the notice. 13
- (8) The notice must state— 14
- (a) particulars of the damage; and 15
- (b) that the person who suffered the damage may claim 16
compensation under section 220. 17

Division 6 Compensation for loss 18

220 Compensation for loss 19

- (1) A person may claim compensation from the State if the person 20
incurs loss because of the exercise, or purported exercise, of a 21
power by or for an inspector, including a loss arising from 22
compliance with a requirement made of the person under 23
division 2, 3 or 4. 24
- (2) The compensation may be claimed and ordered in a 25
proceeding— 26
- (a) brought in a court with jurisdiction for the recovery of 27
the amount of compensation claimed; or 28
- (b) for an alleged offence against this Act, the investigation 29
of which gave rise to the claim for compensation. 30

[s 221]

- (3) A court may order the payment of compensation only if it is satisfied it is just to make the order in the circumstances. 1
2
- (4) When considering whether it is just to order compensation, the court must consider— 3
4
- (a) any relevant offence committed by the claimant; and 5
- (b) whether the loss arose from a lawful seizure or lawful forfeiture. 6
7
- (5) A regulation may prescribe other matters that may, or must, be taken into account by the court when considering whether it is just to order compensation. 8
9
10
- (6) Section 218 does not provide for a statutory right of compensation other than is provided by this section. 11
12
- (7) In this section— 13
loss includes costs and damage. 14

Division 7 Other offences relating to inspectors

15
16

221 Obstructing inspector

17

- (1) A person must not obstruct an inspector exercising a power, or someone helping an inspector exercising a power, unless the person has a reasonable excuse. 18
19
20
Maximum penalty—60 penalty units. 21
- (2) If a person has obstructed an inspector, or someone helping an inspector, and the inspector decides to proceed with the exercise of the power, the inspector must warn the person that— 22
23
24
25
- (a) it is an offence to cause an obstruction, unless the person has a reasonable excuse; and 26
27
- (b) the inspector considers the person's conduct an obstruction. 28
29

(3)	In this section—	1
	<i>obstruct</i> includes assault, hinder, resist, attempt to obstruct and threaten to obstruct.	2 3
222	Impersonating inspector	4
	A person must not impersonate an inspector.	5
	Maximum penalty—60 penalty units.	6
Division 8	Other provisions	7
223	Evidential immunity	8

(2)	Evidence of the information or document, and other evidence directly or indirectly derived from the information or document, is not admissible against the individual in a proceeding to the extent it tends to incriminate the individual, or expose the individual to a penalty, in the proceeding.	12 13 14 15 16
(3)	However, this section does not apply to a proceeding about the false or misleading nature of the information or anything in the document or in which the false or misleading nature of the information or document is relevant evidence.	17 18 19 20
Part 9	Miscellaneous	21
224	Application of other Acts	22
(1)	If another Act—	23

[s 225]

- (a) specifies monetary penalties for offences about development greater or less than the penalties specified in this Act; or
 - (b) provides that an activity specified in this Act as a development offence is not an offence; or
 - (c) contains provisions about the carrying out of development in an emergency; or
 - (d) includes requirements about show cause notices or enforcement notices that are different from the requirements of this Act; or
 - (e) includes provisions about the issuing of other notices having the same effect as show cause notices or enforcement notices; or
 - (f) includes requirements about proceedings for the prosecution for development offences or other offences that are different from the requirements of this Act; or
 - (g) includes requirements about proceedings for enforcement orders that are different to the requirements of this Act;
- the provisions of the other Act apply instead of the provisions of this Act to the extent of any inconsistency.
- (2) The chief executive's nomination of a person as an inspector or enforcement authority does not prevent the person performing functions of an investigative or enforcement nature that the person has under another Act.
 - (3) This chapter does not limit a court's powers under the *Penalties and Sentences Act 1992* or another law.

225 False or misleading information

- (1) A person must not, for this Act, give an official information that the person knows is false or misleading in a material particular.
Maximum penalty—4500 penalty units.

-
- (2) Subsection (1) does not apply if the person, when giving the information to the official—
- (a) informs the official, to the best of the person’s ability, how the information is false or misleading; and
 - (b) if the person has, or can reasonably get, the correct information—gives the correct information.
- (3) In this section—
- official* means—

 - (b) the officer did not take all reasonable steps to ensure the corporation did not engage in the conduct constituting the offence.
- Maximum penalty—the penalty for a contravention of the executive liability provisions by an individual.

[s 226]

- (2) When deciding whether things done or omitted to be done by the executive officer constitute reasonable steps for subsection (1)(b), a court must consider—
- (a) whether the officer knew, or ought reasonably to have known, of the corporation's conduct constituting the offence against the executive liability provision; and
 - (b) whether the officer was in a position to influence the corporation's conduct in relation to the offence against the executive liability provision; and
 - (c) any other matter that the court considers relevant.
- (3) The executive officer may be proceeded against for, and convicted of, an offence against subsection (1) whether or not the corporation has been proceeded against for, or convicted of, the offence against the executive liability provision.
- (4) This section does not affect—
- (a) the corporation's liability for the offence against the executive liability provision; or
 - (b) the liability, under the Criminal Code, chapter 2, of any person for the offence, whether or not the person is an executive officer of the corporation.
- (5) In this section—

227	Responsibility for representative	1
(1)	If it is relevant to prove, in offence proceedings, a person's state of mind about particular conduct, it is enough to show—	2 3
(a)	the person's representative was engaged in the conduct for the person within the scope of the representative's actual or apparent authority; and	4 5 6
(b)	the representative had the state of mind.	7
(2)	The person is taken to have engaged in the representative's conduct, unless the person proves the person could not have prevented the conduct by exercising reasonable diligence.	8 9 10
(3)	In this section—	11
	<i>conduct</i> means an act or omission.	12
	<i>representative</i> means—	13
(a)	of a corporation—an executive officer, employee or agent of the corporation; or	14 15
(b)	of an individual—an employee or agent of the individual.	16 17

	(b) further regulate the use; or	7
	(c) require the use to be changed.	8
(2)	If a planning instrument change happens after building or other works have been lawfully constructed or effected, the change does not require the building or works to be altered or removed.	9
(3)	If a planning instrument change happens after a development approval is given, the change does not—	10
	(a) stop or further regulate the development; or	11
	(b) otherwise affect the approval to any extent to which the approval remains in effect.	12
		13
		14
		15
		16
		17
		18
260	Implied and uncommenced right to use	19
(1)	This section applies if—	20

(b)	after a development approval starts to have effect, the local government is satisfied—	17 18
(i)	the development would create a need to construct infrastructure on land or to carry drainage over land; and	19 20 21
(ii)	a person with the benefit of the approval has taken reasonable steps to get the agreement of the owner of the land to actions that would facilitate the construction or carriage, but has not been able to get the agreement; and	22 23 24 25 26

19
20 |
| (b) a reference in that section to sections 313(2) and 314(2) were a reference to— | 21

 - (ii) if the relevant entity stated in that section was a concurrence agency—a referral agency; and
 - (b) if the relevant entity stated in that section, as a concurrence agency, imposed a condition of the approval—the chief executive is taken to have imposed the condition.
