

DRUG SCHEDULES REGULATION

to the

Pharmacy Operations and Drug Scheduling Act of British Columbia

The Drug Schedule is printed in an alphabetical format to simplify the process of locating each individual drug entry and determining its status in British Columbia. Each entry is preceded by a code noted as 1, 1A, 2, 3 or 4.

Note: this document is a CPBC-annotated version of the official provincial Drug Schedules Regulation.

Additional drug schedule information can be found at:

- Federal Controlled Drugs and Substances Act (including narcotics)
http://www.bcpharmacists.org/legislation_standards/federal_legislation/

- College of Registered Nurses of British Columbia drug schedule information (nurse practitioners)
<http://www.crnbc.ca/>

1	=	Schedule I
1A	=	Controlled Prescription Program
2	=	Schedule II
3	=	Schedule III
4	=	Schedule IV

Drugs listed in Schedules I, IA, II, III and IV must be sold from licensed pharmacies. Unscheduled drugs may be sold from nonpharmacy outlets. The various schedules are differentiated as follows:

Schedule I (Prescription)

Schedule I drugs require a prescription for sale and are provided to the public by a pharmacist following the diagnosis and professional intervention of a practitioner. The sale is controlled in a regulated environment as defined by provincial pharmacy legislation.

Entries followed by a "V" superscript may be sold without having received a prescription if (a) the drug is in a form not suitable for human use or (b) the main panel of the manufacturer's inner label and the manufacturer's outer label carry, in both official languages, the statement "For Veterinary Use Only" or "For Agricultural Use Only" immediately following or preceding the brand name, proper name or common name, in type size not less than one-half as large as the largest type on the label, and the product is sold in the original manufacturer's container.

Schedule IA (Controlled Prescription Program)

Drugs which may be sold by a pharmacist to a practitioner or on the prescription of a practitioner in accordance with Bylaw (4)(6) of the bylaws to the *Pharmacy Operations and Drug Scheduling Act*.

Schedule II (Professional Service Area)

Drugs which may be sold by a pharmacist on a nonprescription basis and which must be retained within the Professional Service Area of the pharmacy where there is no public access and no opportunity for patient self-selection.

Schedule III (Professional Products Area)

Drugs which may be sold by a pharmacist to any person from the self-selection Professional Products Area of a licensed pharmacy.

Schedule IV (Prescription By Pharmacist)

Drugs which may be prescribed by a pharmacist in accordance with guidelines approved by the Board.

Unscheduled (Nonpharmacy Sale)

Drugs which may be sold by a nonpharmacist to any person.

|---|--|----|---|
| 1 | Abacavir and its salts | 1A | Alfentanil |
| 1 | Abatacept | 1 | Alfuzosin and its salts |
| 1 | Abciximab | 1 | Aliskiren and its salts |
| 1 | Acamprosate and its salts | 1 | Alkyl nitrites |
| 1 | Acarbose and its derivatives | 1 | Allergy serums |
| 1 | Acebutolol and its salts | 2 | Allethrins (pyrethrins) |
| 1 | Acepromazine and its salts ^V | 1 | Allopurinol |
| 3 | Acetaminophen (in sustained-release formulations containing greater than 650 mg per unit or in package sizes greater than 50 units) | 1 | Allylisopropylacetylurea |
| 1 | Acetanilide ^V | 3 | Aloe vera latex, its extracts and derivatives (except aloin) (dosage forms for systemic use containing more than 300mg per dosage unit) |
| 2 | Acetarsol | 1 | Almotriptan and its salts |
| 1 | Acetazolamide | 1 | Alpha-chloralose |
| 1 | Acetohexamide | 1 | Alphadolone and its salts |
| 1 | Acetylcarbromal | 1 | Alphaxalone |
| 1 | Acetylcholine chloride | 1 | Alprazolam |
| 2 | Acetylcysteine | 1 | Alteplase and its salts and derivatives |
| 1 | Acetylsalicylic acid and its salts (in oral preparations containing 80 mg or less per dosage unit in containers with more than 24 dosage units per container) | 1 | Altrenogest |
| 2 | Acetylsalicylic acid and its salts (in oral preparations containing 80 mg or less per dosage unit in child-resistant containers with 24 or less dosage units per container or rectal preparations containing 150 mg or less per dosage unit) | 1 | Altretamine |
| 3 | Acetylsalicylic acid and its salts (in products intended for oral use by adults in strengths of 81 mg per dosage unit and 650 mg or greater per dosage unit and in rectal preparations containing more than 150 mg per dosage unit) | 1 | Alverine and its salts (for parenteral use) |
| 1 | Acitretin and its salts and derivatives | 1 | Amantadine and its salts |
| 1 | Aconiazide and its salts | 1 | Ambenonium chloride |
| 1 | Acyclovir and its salts | 1 | Ambrisentan |
| 1 | Adalimumab | 1 | Amifostine and its salts |
| 1 | Adapalene and its salts and derivatives | 1 | Amikacin and its salts and derivatives |
| 1 | Adefovir and its salts and derivatives | 1 | Amiloride and its salts |
| 1 | Adenosine and its salts (for parenteral use) | 1 | Amino acid solutions (for parenteral use) |
| 2 | Adiphen and its salts for parenteral use | 1 | 4-Amino-pteroyl aspartic acid and its salts |
| 1 | Adrenocortical hormones and their salts and derivatives ^V (except
(a) hydrocortisone or hydrocortisone acetate, when sold as a single medicinal ingredient in a concentration that provides 0.5% or less hydrocortisone in preparations for topical use on the skin and
(b) clobetasone butyrate, when sold in a concentration of 0.05% clobetasone butyrate in cream preparations for topical use on the skin) | 1 | Aminocaproic acid |
| 1 | Agalsidase alfa | 1 | Aminoglutethimide |
| 1 | Alatrofloxacin and its salts and derivatives | 1 | Aminolevulinic acid and its salts and derivatives |
| 1 | Alefacept | 1 | Aminophylline |
| 1 | Alemtuzumab | 1 | Aminopromazine (proquamezine) and its salts |
| 1 | Aldesleukin | 1 | Aminopterin and its salts |
| 1 | Alendronic acid and its salts | 1 | Aminopyrine and its derivatives ^V |
| 1 | Alfacalcidol | 1 | 4-Aminosalicylic acid and its salts |
| | | 1 | 5-Aminosalicylic acid |
| | | 1 | Amiodarone and its salts |
| | | 1 | Amitraz |
| | | 1 | Amitriptyline and its salts |
| | | 1 | Amlexanox and its salts and derivatives |
| | | 1 | Amlodipine and its salts |
| | | 1 | Ammonium bromide |
| | | 1 | Amoxapine |
| | | 1 | Amoxicillin and its salts and derivatives |
| | | 1 | Amphotericin B and its salts and derivatives |
| | | 1 | Ampicillin and its salts and derivatives |
| | | 1 | Amprenavir and its salts and derivatives |
| | | 1 | Amprolium and its salts ^V |
| | | 1 | Amrinone and its salts |
| | | 1 | Amsacrine and its salts |
| | | 2 | Amylocaine and its salts (for ophthalmic or parenteral use) |
| | | 3 | Amylocaine and its salts (preparations for topical use on mucous membranes except lozenges) |
| | | 1 | Anagrelide and its salts |
| | | 1 | Anakinra and its salts and derivatives |
| | | 1 | Anastrozole |

^V Prescription not required if sold for veterinary use, provided that the product is labelled by the manufacturer "for agricultural use only" or "for veterinary use only."

| 1 | Ancestim | 2 | Bentiromide |
| 1A | Anileridine | 2 | Benzalkonium and its salts (liquid preparations in concentrations of more than 2%) |
| 1 | Anidulafungin | 1 | Benzathine penicillin and its salts and derivatives |
| 2 | Anisotropine and its salts | 2 | Benzethonium chloride (liquid preparations in concentrations of more than 1%) |
| 3 | Antazoline and its salts | 3 | Benzocaine and its salts (for topical use on mucous membranes for teething) |
| 2 | Anthralin | 2 | Benzocaine and its salts (for parenteral or ophthalmic use) |
| 2 | Antihemophilic factor, human | 3 | Benzonatate |
| 1 | Antipyrine ^v (except preparations for topical or otic use) | 1 | Benzoyl peroxide (in concentrations greater than 5% or when sold in combination with another medicinal ingredient) |
| 2 | Antipyrine for otic or topical use | 1 | Benzotropine and its salts |
| 1 | Anti-thymocyte globulin | 1 | Benzydamine and its salts |
| 2 | Apomorphine and its salts | 2 | Benzyl benzoate |
| 1 | Apraclonidine and its salts | 1 | Beractant |
| 1 | Apramycin and its salts ^v | 3 | Berberis vulgaris (Barberry) |
| 1 | Aprepitant and its derivatives | 1 | Betahistine and its salts |
| 1 | Aprotinin | 1 | Betaine and its salts (when sold or recommended for the treatment of homocystinuria) |
| 1 | Argatroban and its salts and derivatives | 1 | Betaxolol and its salts |
| 2 | Arginine and its salts | 1 | Bethanechol chloride |
| 2 | Artemisia, its preparations, extracts and compounds (except in trace amounts in homeopathic preparations) | 1 | Bethanidine and its salts |
| 1 | L-Asparaginase | 1 | Bevacizumab |
| 1 | Astemizole and its salts | 1 | Bezafibrate and its salts and derivatives |
| 1 | Atazanavir and its salts | 1 | Bicalutamide |
| 1 | Atenolol and its salts | 1 | Bimatoprost and its derivatives |
| 1 | Atipamezole and its salts | 1 | Biperiden and its salts |
| 1 | Atomoxetine and its salts | 3 | Bisacodyl and its salts |
| 1 | Atorvastatin and its salts | 1 | Bishydroxycoumarin and its salts and derivatives |
| 1 | Atovaquone | 1 | Bisoprolol and its salts |
| 1 | Atracurium besilate | 1 | Bitolterol and its salts |
| 1 | Atropine and its salts (in ophthalmic or parenteral preparations) | 1 | Bivalirudin |
| 1 | Auranofin | 1 | Bleomycin |
| 1 | Aurothioglucose | 2 | Boric acid and its salts (in preparations for systemic use, or ophthalmic preparations in concentrations of greater than 2%) [Note: does not apply to contact lens solutions intended to be rinsed off prior to placement of lens on the eye]. |
| 1 | Azacyclonol and its salts | 1 | Bortezomib |
| 1 | Azaribine | 1 | Bosentan and its salts and derivatives |
| 1 | Azatadine and its salts | 1 | Botulinum Toxin Type A |
| 1 | Azathioprine and its salts | 1 | Botulinum Toxin Type B |
| 1 | Azelaic acid | 1 | Bretylium tosylate |
| 1 | Azithromycin and its salts and derivatives ^v | 1 | Brimonidine and its salts |
| 1 | Azlocillin and its salts and derivatives | 1 | Bromal |
| 1 | Aztreonam and its salts | 1 | Bromal hydrate |
| 1 | Bacitracin and its salts and derivatives (for parenteral use) | 1 | Bromazepam and its salts |
| 3 | Bacitracin and its salts and derivatives (for ophthalmic use) | 1 | Brometone |
| 1 | Baclofen and its salts | 1 | Bromisoval |
| 1 | Bambuterol and its salts | 1 | Bromocriptine and its salts |
| 1 | Basiliximab | 1 | Bromoform |
| 1 | Becaplermin | 3 | Brompheniramine and its salts as a single entity for the treatment of allergies |
| 2 | Belladonna alkaloids, and their salts and derivatives (except in preparations for topical use or in trace amounts in homeopathic preparations) | 2 | Buclizine |
| 3 | Belladonna alkaloids, their salts and derivatives for topical use | 2 | Bufexamac |
| 1 | Bemegride | 1 | Bumetanide and its salts and derivatives |
| 1 | Benactyzine and its salts | | |
| 1 | Benazepril and its salts and derivatives | | |
| 1 | Bendazac and its salts | | |
| 1 | Benoxaprofen and its salts | | |
| 2 | Benoxinate hydrochloride (oxybuprocaine) (for ophthalmic or parenteral use) | | |
| 1 | Benserazide and its salts | | |

^v Prescription not required if sold for veterinary use, provided that the product is labelled by the manufacturer "for agricultural use only" or "for veterinary use only."

| 1 | Cinchophene and its salts | 2 | Cyclopentamine and its salts |
| 1 | Cinoxacin | 1 | Cyclopentolate and its salts (in preparations for parenteral or ophthalmic use, except when sold for use in diagnostic procedures to an optometrist registered in a province of Canada) |
| 1 | Ciprofloxacin and its salts | 2 | Cyclopentolate and its salts (except for ophthalmic or parenteral use) |
| 1 | Cisapride and its salts | 1 | Cyclophosphamide |
| 1 | Cisatracurium besilate | 1 | Cycloserine |
| 1 | Cisplatin | 1 | Cyclosporine |
| 1 | Citalopram and its salts | 2 | Cyproheptadine and its salts |
| 1 | Cladribine and its salts | 1 | Cyproterone and its derivatives |
| 1 | Clarithromycin and its salts and derivatives ^V | 1 | Cytarabine and its salts |
| 3 | Clemastine and its salts | 1 | Dabigatran and its salts and derivatives |
| 1 | Clenbuterol and its salts | 1 | Dacarbazine |
| 2 | Clidinium and its salts | 1 | Daclizumab |
| 1 | Clindamycin and its salts and derivatives | 1 | Dactinomycin |
| 1 | Clobazam and its salts | 1 | Dalfopristin and its salts |
| 2 | Clobetasone butyrate (when sold in a concentration of 0.05% clobetasone butyrate in cream preparations for topical use on the skin) | 1 | Dalteparin and its salts |
| 1 | Clodronic acid and its salts | 1 | Danaparoid and its salts and derivatives |
| 1 | Clofibrate | 1 | Danazol |
| 1 | Clomiphene and its salts | 1 | Danofloxacin and its salts |
| 1 | Clomipramine and its salts | 3 | Danthron |
| 1 | Clonazepam and its salts | 1 | Dantrolene and its salts |
| 1 | Clonidine and its salts | 1 | Dapiprazole and its salts |
| 1 | Clopidogrel and its salts | 1 | Daptomycin |
| 1 | Cloprostenol and its salts and derivatives | 1 | Darifenacin and its salts |
| 1 | Clorazepic acid and its salts | 1 | Dasatanib |
| 1 | Clotrimazole and its salts (except preparations for topical or intra-vaginal use) | 1 | Daunorubicin and its salts |
| 3 | Clotrimazole and its salts (preparations for intra-vaginal use) | 1 | Debrisoquin and its salts |
| 1 | Cloxacillin and its salts and derivatives | 1 | Deferasirox |
| 1 | Clozapine and its salts | 1 | Deferoxamine and its salts |
| 2 | Coal tar (in concentrations of more than 10%) | 3 | Dehydrocholic acid and its salts |
| 2 | Codeine and its salts (in preparations exempted from the Regulations to the <i>Controlled Drugs and Substances Act</i>) | 1 | Delavirdine and its salts |
| 1A | Codeine when prescribed as a single entity or when included in a preparation containing 60 mg or more per dosage unit | 3 | Deoxycholic acid and its salts |
| 1 | Colchicine | 1 | Deracoxib |
| 1 | Colestipol and its salts | 1 | Deserpidine and its alkaloids and salts |
| 1 | Colfosceril and its derivatives | 1 | Desflurane |
| 1 | Colistin and its salt and derivatives | 1 | Desipramine and its salts |
| 2 | Collagenase (as debriding agent) | 3 | Desloratadine and its salts and preparations (in products marketed for paediatric use – under 12 years of age) |
| 1 | Copper sulfate in injectable form for parenteral nutrition | 1 | Desmopressin and its salts |
| 1 | Corticotrophin ^V | 2 | Desoxyribonuclease (pancreatic dornase) |
| 1 | Cosyntropin ^V | 1 | Detomidine and its salts |
| 1 | Cromoglycic acid and its salts (except sodium cromoglycate in concentrations of 2% or less, in solutions for ophthalmic or intranasal use) | 3 | Dexbrompheniramine and its salts |
| 3 | Cromoglycic acid and its salts in solutions of sodium cromoglycate in concentrations of 2% or less, for ophthalmic or intranasal use | 3 | Dexchlorpheniramine and its salts |
| 2 | Crotamiton | 1 | Dexfenfluramine and its salts |
| 2 | Cyclandelate | 1 | Dexraoxane and its salts |
| 2 | Cyclazocine and its salts | 3 | Dextromethorphan and its salts (except in oral dosage forms in package sizes containing no more than 300 mg dextromethorphan base or 409.3 dextromethorphan hydrobromide) |
| 1 | Cyclizine ^V | 1 | Dextrose injection in concentrated solutions for parenteral nutrition |
| | | 2 | Dextrose (sclerosing agents) |
| | | 1 | Diazepam and its salts |
| | | 1 | Diazoxide and its salts |
| | | 1 | Dichloroacetic acid |

^V Prescription not required if sold for veterinary use, provided that the product is labelled by the manufacturer "for agricultural use only" or "for veterinary use only."

1	1 Probucof	1	Rasburicase
1	1 Procainamide and its salts	1	Raubasine and its salts
2	2 Procaine and its salts (for ophthalmic or parenteral use)	1	Rauwolfia
3	3 Procaine and its salts (for topical use on mucous membranes, except lozenges)	1	Remoxipride and its salts
1	1 Procarbazine and its salts	1	Repaglinide and its salts and derivatives
1	1 Procaterol and its salts	1	Rescinnamine and its salts
1	1 Prochlorperazine and its salts	1	Resocortol and its derivatives
1	1 Procyclidine and its salts	1	Reserpine and its salts ^v
1	1 Prodilidine and its salts	1	Retapamulin
1	1 Profenamine and its salts	1	Reviparin and its salts
4	4 Progestin (when used for emergency contraception)	1	Ribavirin
1	1 Proguanil and its salts	1	Rifabutin and its salts
1	1 Promazine and its salts ^v	1	Rifampin and its salts and derivatives
2	2 Promethazine and its salts (except for topical use)	1	Riluzole and its salts
3	3 Promethazine and its salts (for topical use)	1	Risedronic acid and its salts
1	1 Propafenone and its salts	1	Risperidone and its salts
2	2 Propantheline and its salts	1	Ritodrine and its salts
2	2 Proparacaine and its salts (for ophthalmic or parenteral use)	1	Ritonavir
3	3 Proparacaine and its salts (for topical use on mucous membranes, except lozenges)	1	Rituximab
1	1 Propofol	1	Rivaroxaban
1A	1A Propoxyphene	1	Rivastigmine and its salts
1	1 Propranolol and its salts	1	Rizatriptan and its salts
2	2 Propylhexedrine	1	Rocuronium bromide
1	1 Proquamezine (aminopromazine) and its salts (for internal use)	1	Rofecoxib
1	1 Prostaglandins and their salts and derivatives	1	Romifidine and its salts
2	2 Protamine and its salts	* 1	Romiplostim
1	1 Prothipendyl hydrochloride	1	Ronidazole and its salts and derivatives ^v
1	1 Protirelin	1	Ropinirole and its salts
1	1 Protriptyline and its salts	2	Rose Bengal
2	2 Pyrantel and its salts	1	Rosiglitazone and its salts
1	1 Pyrazinamide	1	Rosoxacin and its salts
2	2 Pyrethrins (allethrins)	1	Rosuvastatin and its salts
2	2 Pyrethrins(allethrins) / piperonyl butoxide	2	Rue and its preparations and extracts
1	1 Pyridostigmine bromide	1	Salbutamol and its salts
1	1 Pyrimethamine and its salts	2	Salicylic acid and its salts (in topical preparations in concentrations greater than 40%)
2	2 Pyrvinium and its salts	1	Salmeterol and its salts
1	1 Quetiapine and its salts	1	Salsalate and its salts and derivatives
1	1 Quinagolide and its salts	1	Saquinavir and its salts and derivatives
1	1 Quinapril and its salts and derivatives	1	Saralasin and its salts
1	1 Quinidine salts	1	Sargramostin
1	1 Quinine salts	2	Scopolamine and its salts (hyoscine)
1	1 Quinupristin and its salts	1	Selegiline and its salts
1	1 Rabeprazole and its salts	1	Selenium in injectable form for parenteral nutrition
2	2 Racemethionine	1	Sermorelin and its salts
1	1 Raloxifene and its salts	1	Sertraline and its salts
1	1 Raltegravir and its salts	1	Sevelamer hydrochloride
1	1 Raltitrexed and its salts and derivatives		
1	1 Ramipril and its salts and derivatives		
1	1 Ranibizumab		
1	1 Ranitidine and its salts (except when sold in concentrations of 150 mg or less per oral dosage unit and indicated for the treatment of heartburn)		

^v Prescription not required if sold for veterinary use, provided that the product is labelled by the manufacturer "for agricultural use only" or "for veterinary use only."

1	Thioguanine	1	Trimebutine and its salts
1	Thiopropazate and its salts	1	Trimeprazine and its salts ^v
1	Thioproperazine and its salts	1	Trimethadione
1	Thioridazine and its salts	1	Trimethaphan camsylate
1	Thiotepa	1	Trimethoprim and its salts
1	Thiothixene and its salts	1	Trimetrexate and its salts
1	Thiouracil and its derivatives	1	Trimipramine and its salts
2	Thrombin	1	Trioxsalen
2	Thyroglobulin	3	Tripelennamine and its salts
1	Thyroid ^v	3	Tripolidine
2	Thytotropin	1	Troglitazone
1	Thytotropin alfa	1	Tropicamide and its salts (in preparations for parenteral or ophthalmic use, except when sold for use in diagnostic procedures to an optometrist registered in a province of Canada)
1	Thyroxin and its salts	1	Tropium chloride
1	Tiaprofenic acid and its salts	1	Trovafloxacin and its salts and derivatives
1	Ticarcillin and its salts and derivatives	1	L-Tryptophan, when sold
1	Ticlopidine and its salts		(a) for human use in oral dosage form at a concentration of more than 220 mg per dosage unit or per daily dose, as a single ingredient or in combination with other ingredients, or
1	Tilmicosin		(b) for human or veterinary use as a single ingredient intended for any route of administration other than oral
1	Tiludronic acid and its salts	1	Tubocurarine and its salts
1	Timolol and its salts	1	Tybamate
1	Tinidazole	1	Tylosin and its salts and derivatives (when sold for the treatment of chronic colitis in dogs)
1	Tinzaparin and its salts	1	Tylosin and its salts and derivatives ^v
1	Tioconazole and its salts (except in preparations for topical or intra-vaginal use in humans) ^v		(except when sold for the treatment of chronic colitis in dogs)
3	Tioconazole and its salts (in preparations for intra-vaginal use)	3	Tyrothricine
1	Tiotropium bromide	1	Unoprostone and its salts and derivatives
1	Tipranavir and its salts	1	Uracil and its salts, when sold for the treatment of cancer
1	Tirofiban and its salts and derivatives	2	Urea (in topical preparations in concentrations of more than 25%)
1	Tizanidine and its salts	1	Urofollitropin (human)
1	Tobramycin and its salts and derivatives	1	Ursodeoxycholic acid and its salts
1	Tocainide and its salts	* 1	Ustekinumab
1	Tolazamide	2	Vaccines (influenza, vaccines which are part of a routine immunization program, those requiring special enhanced public access due to disease outbreaks and cholera vaccine (oral, inactivated) when used for prophylaxis against traveler's diarrhea due to enterotoxigenic escherichia coli (ETEC))
1	Tolazoline and its salts	1	Vaccines (except influenza, vaccines which are part of a routine immunization program, those requiring special enhanced public access due to disease outbreaks and cholera vaccine (oral, inactivated) when used for prophylaxis against traveler's diarrhea due to enterotoxigenic Escherichia coli (ETEC))
1	Tolbutamide	1	Valaciclovir and its salts
1	Tolcapone	1	Valdecovir and its salts
1	Tolfenamic acid and its salts and derivatives	1	Valganciclovir and its salts and derivatives
1	Tolmetin and its salts	1	Valproic acid and its salts
1	Tolterodine and its salts	1	Valrubicin and its derivatives
1	Topiramate		
1	Topotecan and its salts		
1	Torasemide and its salts		
1	Toremifene and its salts		
1	Trandolaprilat and its salts and derivatives		
1	Tranexamic acid		
1	Tranylcypromine		
1	Trastuzumab		
1	Trazodone and its salts		
1	Treosulfan		
1	Treprostinil and its salts		
1	Tretamine		
1	Tretinoin and its salts and derivatives		
1	Triamterene and its salts		
1	Triazolam and its salts		
1	Tricaine and its salts		
3	Triethanolamine oleate		
3	Triethanolamine salicylate (in concentrations greater than 20%)		
1	Trifluoperazine and its salts		
1	Triflupromazine and its salts		
1	Trifluridine		
1	Trihexyphenidyl and its salts		
1	Triiodothyropropionic acid		
1	Trilostane
