

## **Freedom of Information Request Reference No:**

I note you seek access to the following information:

1. List of vehicles currently owned/operated by the Metropolitan Police Service including
2. Vehicle registration numbers,
3. Met reference number (e.g., call sign, etc.),
4. Make and model,
5. Type of vehicle (e.g., car, bike, van, boat),
6. Whether the vehicle is marked (with a police livery) or not,
7. Police station or unit that the vehicle is assigned to,
8. Purpose of vehicle (e.g., roads policing, CID surveillance, armed response vehicle),
9. Date vehicle was acquired by the Met,
10. Cost of vehicle.
11. What is the total value of vehicles owned by the Metropolitan Police?

Following receipt of your request searches were conducted within the MPS to locate information relevant to your request.

### **EXTENT OF SEARCHES TO LOCATE INFORMATION**

To locate the information relevant to your request searches were conducted within Human Resources (HR) and Central Operations (CO).

### **RESULT OF SEARCHES**

The searches located records relevant to your request.

### **DECISION**

I have today decided to:

disclose records numbered 1 to 9 subject to the deletion of information pursuant to the provisions of section 24 (National Security) & Section 31 (Law Enforcement) of the Freedom of Information Act 2000 (the Act); and

fully exempt record number 10 pursuant to the provisions of section 43 (2) (Commercial Interests) of the Act

fully exempt record number 11 pursuant to the provisions of section 21 (Information reasonably accessible by other means) of the Act.

### **REASONS FOR DECISION**

#### **Evidence of Harm**

In considering whether or not this information should be disclosed, I have considered the potential harm that could be caused by disclosure.

#### **24 National security**

To provide the locations and registration details of all vehicles within the MPS would assist those committing offences, including criminals and terrorists planning to commit serious offences, helping them evade detection.

If vehicles involved in central operation functions were easily identifiable this could put the officers themselves at risk and could also impact on the investigations themselves.

### **31 Law enforcement**

To disclose where all vehicles are based would provide information to non law abiding persons as to how many vehicles are based at each station and provide them with information which may assist them in their criminal pursuits.

To disclose vehicle identification codes will increase the likelihood of vehicles being cloned and the trade in these vehicles increasing. Community relations may be undermined by cloned vehicles being on the streets and especially by these vehicles being identified as police vehicles. Also, the efficiency of operations may be compromised if the security of vehicle identities was to be made known.

## **Public Interest Test**

### **Public interest considerations favouring disclosure**

The public release of the requested information would reinforce the commitment of the MPS to openness and transparency. Release would also demonstrate that the MPS is prepared to engage the general public in matters of public interest when a request for information is made. Disclosing this information could raise awareness within communities of investigations.

### **Public interest considerations favouring non-disclosure**

The public interest is not what an individual in the public would find interesting ; it is what would be for the greater good of the community as a whole.

There is a public interest in the police force being able to maintain an efficient service to the public. By disclosing details of all our unmarked vehicles could compromise operations. This could potentially compromise the ability of the force in the future to prevent and detect crime, putting public safety at risk.

Providing all the requested information would potentially allow vehicles to be cloned and could compromise the efficiency of ongoing and future operations. If the credibility of the MPS was to be undermined the flow of information to the service would diminish.

A disclosure of the total number of unmarked vehicles within the MPS along with their registration details, identification codes and locations would reveal our capabilities and provide enough information to individuals and terrorists planning to commit serious offences to help avoid detection. If the law enforcement role of the MPS was to be

compromised by disclosure of this information it could be detrimental to the community as a whole.

### **Balancing Test**

After weighing up the competing interests I have determined that the disclosure of the above information would not be in the public interest. I consider that the benefit that would result from the information being disclosed does not outweigh disclosing information relating to the registration detail, identification codes and locations of all our marked vehicles.

This information does not provide details which allow scrutiny of the efficiency of the force or key decision making which would have a far greater public interest. The release of this information in this case does not meet this standard.

Providing the public with an efficient service, in this case, outweighs the considerations favouring disclosure.

### **Section 43 Commercial Interests**

#### **Evidence of Harm**

In considering whether or not this information should be disclosed, I have considered the potential harm that could be caused by disclosure.

Individual purchase prices cannot be disclosed for the following reasons:

Disclosure could breach proper undertakings to maintain the confidence of information provided by third parties; and

Disclosure could disadvantage government organisations or the MPS in future commercial or policy negotiations with others.

#### **Factors favouring disclosure**

Accountability for public funds - where public funds are being spent, there is a public interest in accountability and justification. In this case, investment in the vehicle fleet is a significant budgetary element and the MPS is accountable to members of the public for its efficiency in the allocation of this expenditure.

#### **Factors favouring non-disclosure**

Interests of third parties - where individuals or third party interests might be jeopardised by release of information that relates to personal affairs of individuals and/or sensitive commercial information held about business, financial, contractual or operational issues. In this case, the disclosure of information may provide any future bidders with an unfair advantage and compromise the current supplier.

The MPS for commercial and confidentiality reasons cannot divulge information concerning their working practices, functionality and commercial and contractual agreements with individual suppliers or on the goods and services they supply.

## Balancing Test

In this case, there are factors favouring disclosure and non-disclosure. Whilst the MPS is accountable for its use of public money, it must also protect confidence of information provided by third parties. Details of cost may, if disclosed, disadvantage the Service in future negotiations.

In this case, therefore, I feel the balance lies in non-disclosure of this information.

Below is the information with regards to helicopters:

### **Air Support Unit C011(9)**

G:MPSA Eurocopter EC145	call sign India 99	Cost £5.2 Million Pounds
G:MPSB Eurocopter EC145	call sign India 98	Cost £5.2 Million Pounds
G:MPSC Eurocopter EC145	call sign India 97	Cost £5.2 Million Pounds

All marked in Police livery

Used in all MPS Operations

Acquired July 2009

In relation to question 11 the information you have requested can be located at the below link. This information is published monthly and will be updated in March 2011:<http://www.mpa.gov.uk/downloads/publications/accounts/2009-10.pdf>

### **Notes:**

The Met reference number for question three is shown as the vehicle fleet number.. Below is a glossary explaining the purpose of the vehicle for question eight. For question nine the date the vehicle was acquired by the MPS is the start date.

### **CATEGORY**

Area  
Incident Response Vehicle (IRV)  
Traffic Vehicles  
offences and  
encourage road safety.  
General Purpose (GP)  
police officers and  
other employees.  
Training Vehicles  
Control

### **ROLES**

Used for patrol and pursuit duties.  
Emergency response vehicles.  
Used to police the roads, reduce traffic  
  
General transportation duties of both  
  
Used to train police drivers.  
Used for command and control purposes

Misc	Horse boxes, trailers etc
Patrol	Used for patrol duties
Protected Carrier	Used for public order duties
Support	Used in a supporting role

All vehicles in the attached document are marked with a police livery. The exemptions above have been applied in relation to unmarked vehicles, covert fleet, HGV's, minibuses and vans involved in airport related functions and major incidents, motorbikes assigned to CO functions, boats, CO vehicles, ARV response and CBR response.

Please find attached your copies of records numbered 1 to 9.

## **LEGAL APPENDIX**

### **Section 17 of the Act provides:**

(1) A public authority which, in relation to any request for information, is to any extent relying on a claim that any provision in part II relating to the duty to confirm or deny is relevant to the request or on a claim that information is exempt information must, within the time for complying with section 1(1), give the applicant a notice which-

- (a) states the fact,
- (b) specifies the exemption in question, and
- (c) states (if that would not otherwise be apparent) why the exemption applies.

### **Section 24 of the Act provides:**

(1) Information which does not fall within section 23(1) is exempt information if exemption from section 1(1)(b) is required for the purpose of safeguarding national security.

(2) The duty to confirm or deny does not arise if, or to the extent that, exemption from section 1(1)(a) is required for the purpose of safeguarding national security.

(3) A certificate signed by a Minister of the Crown certifying that exemption from section 1(1)(b), or from section 1(1)(a) and (b), is, or at any time was, required for the purpose of safeguarding national security shall, subject to section 60, be conclusive evidence of that fact.

(4) A certificate under subsection (3) may identify the information to which it applies by means of a general description and may be expressed to have prospective effect.

### **Section 31 of the Act provides:**

(1) Information which is not exempt information by virtue of section 30 is exempt information if its disclosure under this Act would, or would be likely to, prejudice-

- (a) the prevention or detection of crime,

### **Section 43 of the Act provides:**

(2) Information is exempt information if its disclosure under this Act would, or would be likely to, prejudice the commercial interests of any person (including the public authority holding it).

**Section 21 of the Act provides:**

- (1) Information which is reasonably accessible to the application otherwise than under section 1 is exempt information...
- (3) For the purposes of subsection (1), information which is held by a public authority and does not fall within subsection (2)(b) is not to be regarded as reasonably accessible to the applicant merely because the information is available from the public authority itself on request, unless the information is made available in accordance with the authority's publication scheme and any payment required is specified in, or determined in accordance with, the scheme.
