## **For Immediate Release**

presents  
**Hitler's Vengeance Weapon**  
featuring  
**THE V-1 BUZZ BOMB**

**WHO:** The Planes of Fame Air Museum volunteers who re-engineered a JB2 *Loon* pulse jet project.

**WHAT:** We present a discussion on the development, design, performance and history of this impressive class of weapons followed by a question and answer period and a demonstration of the firing for all to see and hear.

**WHEN:** **Saturday, May 1, 2010; 10:00 am – 12:00 pm.**

Our Planes of Fame member flight raffle will be in the L-19 Birddog.

**WHERE:** Planes of Fame Air Museum  
7000 Merrill Avenue  
Chino, CA 91710

**WHY:** Beginning on June 13, 1944, and continuing for nearly nine months, Britain's primary population centers were bombarded by Hitler's *Vergeltungswaffe*, or vengeance weapon, better known colloquially to the Allies as the V-1 Buzz Bomb. It took American scientists just 4 months to reverse-engineer a captured German V-1 before they test flew the first JB2 *Loon*.

On the first Saturday of every month Planes of Fame Air Museum, a 501.c.3, hosts a Living History Flying Day in an ongoing effort to educate and inspire current and future generations. Members are admitted free. View our website at [www.planesoffame.org](http://www.planesoffame.org) for more info and become a *Facebook* fan today!
