

Titan King Cab SE shown in Red Brawn with optional equipment.

PRINTED EXCLUSIVELY FOR

2005 NISSAN TITAN

LIVE BIG. Nissan's full-size truck is powered by a class-leading* standard 5.6-liter V8 churning out 305 hp and 379 lb-ft of torque, giving you the brute strength to pull up to 9,500 lbs.** of just about anything. But there's more to Titan than power. A lot more. There's its bold, aggressive styling. Its available Utili-track bed channel system, which includes tie-down cleats you can position where you need them most. Its rugged, fully boxed all-steel frame that delivers greater load-bearing ability and improved ride quality. Not to mention its available 4-wheel Limited Slip (ABLS) and switch-on-demand electronic locking rear differential, for more confident traction. Titan is available as a King Cab, with revolutionary Wide Open rear doors that open a full 168 degrees, or Crew Cab, with the most interior space in its class.* See for yourself why size matters. Ask for a test drive today.

*Ward's large pick-up segment, under 8,500 GVWR, standard models starting below \$45,000. ** With Big Tow Package.

THREE RUGGED NISSAN TITAN KING CAB AND CREW CAB MODELS TO CHOOSE FROM.
