SOUTH DAKOTA

1991 REAPPORTIONMENT MAP

Each district will elect one senator and two representatives except districts 28A and 28B will each elect one representative and jointly elect one senator.

1996 South Dakota Ballot Questions

Constitutional Amendment A

Title: An amendment to Article VIII, section 11 of the Constitution of the State of South Dakota, relating to the investment of permanent education funds.

Attorney General Explanation:

The Commissioner of School and Public Lands currently invests the permanent school and other education funds. These funds may be invested only in U.S. bonds, securities guaranteed by the U.S., or bonds issued by the State or its schools, counties or municipalities.

The proposed constitutional amendment would transfer school fund investment responsibility to the State Investment Council, which presently invests other state funds. The amendment would allow the school funds to be invested the same as other state funds. The amendment would broaden the types of investments which could be made with school funds, but would still prohibit the investment of school funds in stocks or other equity investments.

Constitutional Amendment B

Title: An amendment to Article XI of the Constitution of the State of South Dakota, relating to the vote required to impose or increase taxes.

Attorney General Explanation:

The Constitution presently allows new taxes to be imposed by majority vote of the Legislature. A majority vote is also required to increase some tax rates; other tax rate increases require either a two-thirds vote of the Legislature, or enactment by a statewide public vote (initiative).

The proposed amendment would require that any new tax, and any increase in the rate of any tax, be approved by two-thirds of each branch of the Legislature, or enacted by the people through initiative.

The proposed amendment applies only to taxes levied by the State. It does not apply to taxes imposed by a local government, such as a county, city, or school.

Initiated Measure 1

Title: An Act requiring South Dakota's Congressional delegation to use their powers to adopt a congressional term limits amendment to the United States Constitution.

Attorney General's Explanation:

This initiated law would require the U.S. Senators and Representative from South Dakota to use all of their powers to support an amendment to the U.S. Constitution which establishes congressional term limits of three terms for a Representative and two terms for a Senator. If the incumbent Senators and Representative do not use their powers in eight designated situations to support a term limits amendment, the Secretary of State would be required to place the words "Disregarded Voter's Instruction on Term Limits" on the ballot next to that candidate's name at his/her next election. A candidate who is not currently in the Senate or the House would be given an opportunity to take a pledge supporting term limits and agreeing, if elected, to use his/her powers to enact the amendment. The Secretary of State would be required to place the words "Declined to Pledge to Support Term Limits" on the ballot next to the name of a candidate who refused to pledge. These restrictions would continue until a constitutional amendment establishing term limits is enacted by Congress and ratified by the states.
