## NOTE TO AMENDED CRITERIA

Cycling Canada is carefully following the evolution of the coronavirus on the global and domestic level and how it may impact obtaining quota spots for the Tokyo Olympic Games and/or domestic nomination of athletes for the Tokyo Olympic Games. Unless otherwise required by exceptional and unforeseen circumstances related to the impact of the coronavirus, Cycling Canada will respect these published Internal Nomination Procedures (INP) as written.

However, situations related to the coronavirus pandemic may arise that require this Internal Nomination Procedure to be modified. Any modifications will be made promptly and as often as required following developments that directly impact the Internal Nomination Procedure. In such circumstances, any modifications will be communicated to all affected individuals as soon as possible.

Further, situations may arise that do not allow this Internal Nomination Procedure to be modified or applied as written due to time constraints or other exceptional and unforeseen circumstances. In such situations, any decision, including nomination decisions, will be made by the individual(s) with decision-making authority, as stated in this Internal Nomination Procedure, in consultation with the relevant individual(s) or committee(s) (as applicable), and in accordance with the stated performance objectives and selection philosophy and approach as stated herein. Should it be necessary to make any decision in this manner, Cycling Canada will communicate with all affected individuals as soon as possible.

### 1. INTRODUCTION

The Games of the XXXII Olympiad have been postponed by one year due to the Coronavirus pandemic. They will be held in and around Tokyo, Japan, from July 23 to Aug. 8, 2021.

As provided for in Clause 12 (Amendments and Unforeseen Circumstances), these criteria were amended on June 19, 2020, due to the postponement (see below).

Cycling has been part of the Olympic program since the first modern Games in 1896, and Canada sent its first cycling delegation in 1908. Since then, 153 individuals have represented Canada in cycling events at the Olympic Games, winning a total of 14 medals.

There will be 22 medal events in cycling in Tokyo: 4 road; 2 mountain bike; 2 BMX race; 2 BMX freestyle; and 12 track.

The purpose of this Internal Nomination Policy (INP) is to set out the process and criteria that will be used by Cycling Canada to select athletes to the Tokyo Olympic Games team.

The primary objective of the selection policy and procedures is to select the maximum number of medal potential athletes for the Tokyo Games. The secondary objective is to provide Olympic competition opportunities for athletes identified as on a trajectory for future Olympic Games as part of Cycling Canada's high performance program. In addition, there are specific performance objectives within each cycling sport outlined below.

#### Amendments on June 15, 2020

A range of factors have led to these amendments, including:

- The Tokyo Olympic Games have been postponed by one year due to COVID-19 pandemic
- All domestic and international racing and rankings were suspended in early March, 2020

## Amended Cycling Canada Tokyo Olympic Selection Criteria

- Qualification by nations is complete for road and track; Canada has qualified the following starters:
  - Road women: 2 athletes (2 RR, 2 TT)
  - Road men: 3 athletes (3 RR, 1 TT)
  - Track endurance women: 5 athletes (4 TP, 1 OM)
  - Track endurance men: 4 athletes (4 TP, 2 MA)
  - Track sprint women: 2 athletes (2 SP, 2 KE)
  - Track sprint men: 2 athletes (2 SP, 2 KE)
- Qualification by nations is not complete for mountain bike, BMX Race or BMX Freestyle; according to the amended qualification processes published by the UCI:
  - MTB qualification will include the Olympic ranking up to March 3, 2020 plus:
    - 2 World Cups in 2021 (dates and locations TBD)
    - Note: Canada's projected quota (2 women, 1 man) is unlikely to change
  - BMX Race qualification will include the Olympic ranking up to March 3, 2020 plus:
    - The 2020 World Championships (Houston USA; currently postponed, date TBD)
    - 2 World Cup weekends in 2021 (dates and locations TBD)
    - Note: Canada's projected quota (1 woman, 1 man) is at risk and requires athletes to continue earning points
  - BMX Freestyle qualification will include the Olympic ranking up to March 3, 2020, plus:
    - 2 World Cups in 2021 (dates and locations TBD)
    - Note: Canada is not projected to qualify any BMX Freestyle spots
- Cycling Canada has already selected the starters for the road events, with the exception of one male athlete and male alternate(s) (see below)
- Cycling Canada has already selected the starters for the track events
- Cycling Canada has not yet selected the starters for the mountain bike and BMX events
- Some international racing will resume in 2020, but ongoing calendar changes are expected due to the pandemic
- Return to training and competition will vary by country and region
- It is not known when it will be possible to resume international travel
- It is not known what quarantine or other health requirements may be in place when travel resumes

When drafting these amendments, Cycling Canada adopted the following principles:

- Athletes' health remains the top priority
- Cycling Canada seeks to avoid creating undue incentives for athletes to resume competition in 2020
- As a consequence, other than in men's road, no events taking place between March 3, 2020, and the end of 2020 will be considered for selection
- In men's road, athletes are subject to their professional team contracts and Cycling Canada's position on Olympic selection will have little to no influence on their decision to resume competition in 2020
- Athletes who have already been selected will remain selected, subject to the Performance Readiness clause of this document (Clause 9)
- New athletes may only be selected to events for which selection is complete for the following reasons only:
  - To replace athletes who withdraw or are removed from the team; or
  - As additional alternates
- For the remaining spots, selection will consider performances at events that have already taken place that were part of the published INP, in addition to events in 2021 that correspond to the type of major international competitions that were part of the original INP

## 2. DECISION MAKING AUTHORITY

The High Performance Director (HPD) is responsible for developing and approving the Internal Nomination P process and procedures for the team that will be nominated to the COC for the Tokyo Games.

Prior to publication, the Cycling Canada INP for the Tokyo Games will be circulated to the Cycling Canada Athletes Council for feedback, published in draft form on the Cycling Canada website, and submitted to the High Performance Committee for ratification.

The national team coaches (and, in the case of road cycling, the Road Manager), in consultation with the High Performance Director, are responsible for the implementation of these procedures. All team nominations, including alternates and staff, will be ratified by the High Performance Committee.

During the actual competition period onsite at the Tokyo Games, all final decision making authority will reside with the Team Leader. The starting composition for team events shall be determined on site by the coach of that event (or, in the case of road cycling, the Road Manager) and approved by the Team Leader, and must come from among the athletes competing at the Games.

## 3. INTERNATIONAL FEDERATION (IF) CRITERIA

The maximum size of Canada’s cycling delegation will be determined by the Olympic qualification process drafted by the International Cycling Union (UCI).

Each cycling sport has different qualification timeline and criteria, as follows:

## Amended Cycling Canada Tokyo Olympic Selection Criteria

IF/IOC eligibility requirements:	Athletes must be born on or before Dec. 31, 2002, and have at least 10 UCI points from Olympic track qualifying events.
Cycling Canada eligibility requirements:	Athletes must also have achieved one of the following: <ul style="list-style-type: none"> <li>• Competed at Elite Pan Am Championships, World Cups or World Championships during the qualifying period.</li> </ul>
Selection considerations:	Selection will be based on maximizing medal potential.
Decision making authority:	The Track Head Coach will submit nomination recommendations to the High Performance Director. These must then be ratified by the High Performance Committee before being submitted to the COC for final approval.  Once on site at the Games, final decisions on the team lineup will be made by the relevant program coach.
Process for selection:	Coach nomination based on evaluation of international results (see Appendix 1 for a list of events), training data and physiological testing, with emphasis placed on: <ul style="list-style-type: none"> <li>• Flying 200m times</li> <li>• Technical ability</li> <li>• Tactical ability</li> <li>• Other Factors mentioned in Clause 6 of this policy</li> </ul>
Alternates	One or more alternates per category may be named using the same process as team selection.

### 6. OTHER FACTORS THAT WILL BE CONSIDERED IN SELECTION

In addition to the Specific Selection Criteria, selection will take into consideration any one or more of the following additional factors in selecting riders for any Team:

- Individual performances and/or results in international competition of the rider in the 12-month period prior to the selection to pool or team;
- The rider's potential to contribute to Olympic qualifying spots leading into the next Olympic Games;
- The rider's potential to compete at the next Olympic Games;
- The rider's potential to win a medal at the next Olympic Games;
- The rider's potential to compete at future Olympic Games;
- The rider's technical ability;
- The rider's tactical ability;
- The rider's physical ability / fitness;
- The rider's suitability for the course / venue / environmental conditions of the Event in consideration;
- The rider's attitude, composure and behavior in high-pressure competitive environments;
- The results of any of the rider's sport science tests conducted by CC, including biomechanical and physiological;
- The rider's consistency and reliability in competition;
- The ability of the rider to contribute to a team result;
- The rider's attendance, performance, attitude and conduct in training whilst a member of national team program (DTE, training camp or competition);
- The rider's level of communication with CC, including sharing training programs and reports with the relevant National Coach.

### 7. EXTENUATING CIRCUMSTANCES

In considering the performances and results of riders at events, trials, training camps or other attendances required under this Policy, the selection committee may, at its discretion, give weight to extenuating circumstances in accordance with this Policy.

For the purposes of this Policy, extenuating circumstances means an inability to compete, attend training camps or perform at an optimum level arising from any one or more of the following:

- Injury or illness (documented at the time the incident occurred and accompanied by a certified medical explanation);
- Pregnancy;
- Travel delays caused by carriers.

Riders unable to compete at events, trials, or other attendances required under this Policy must advise the HPD of the extenuating circumstances in writing of this fact and the reasons thereof, with as much advance notice as possible, ideally more than seven (7) days prior to the beginning of the events, trials, or other attendances upon which selection may be considered under this Policy.

In the case of injury or illness, riders are required to provide a doctor's certificate and/or undergo a medical examination by a medical practitioner/s nominated by CC and to provide the opinion and/or report of such practitioner to the HPD. A failure to agree to such request will result in the HPD being prevented from considering the injury or illness as extenuating circumstances.

The determination of an extenuating circumstance will be made on a case-by-case basis. Such determination will be made by the HPD and will be documented accordingly.

### 8. OTHER SELECTION MATTERS

- **Factors Pertaining to Team Size:** Where a greater number of riders achieves the Specific Selection Criteria than is permitted by the maximum Team size specified in this document, the selection committee shall determine which riders are to be nominated for selection. For this reason, achieving the Specific Selection Criteria does not guarantee selection to a Canadian Pool or Team.
- **Additional Riders:** Additional riders (up to the maximum number of riders specified in this document) may be added to a Pool or Team after the Selection Date, at the discretion of the Selection Committee.
- **Removal from a Team:** A rider may be removed from Team in accordance with Clauses 9 and/or 10 of this Policy.
- **Right to Vary or Not Enter Teams:** CC reserves the right to enter a larger or smaller Team or no Team at all in any Category for any Event, regardless of the number of riders who have met the Specific Selection Criteria, for reasons including, but not limited to, CC's assessment of the athletes' ability to meet the performance objectives; budgetary restrictions; or other factors not under CC's control. CC will endeavor to notify individuals affected by such a decision as soon as practicable, with the rationale for the decision.

### 9. PERFORMANCE READINESS AND INJURIES

All selections made using these criteria are subject to an assessment of the athlete's performance readiness.

"Performance readiness" is defined as the ability of the athlete to achieve equal or superior performance(s) onsite at the scheduled event, as compared to the performance(s) the athlete achieved in qualifying. The final recommendation on competitive readiness will be made by the relevant head coach to the HPD, using all available information at his/her disposal including performance results and progress

over the selection period, the suitability of the training and competition plan, fitness and other indicators, submitted medical documentation, consultation with the athlete's personal coach, and any other relevant performance related information.

Once selected, athletes who do not remain performance ready because of lack of fitness, injury, or illness may be removed from the team at any time. Following nomination to the COC, any such removals are subject to the approval of the COC Team Selection Committee. Athletes are required to immediately report any injury, illness, or change in training that could affect their ability to compete at their highest level at the Tokyo Games. Notification must be sent to the relevant head coach and to High Performance Director Kris Westwood ([kris.westwood@cyclingcanada.ca](mailto:kris.westwood@cyclingcanada.ca)).

Prior to the COC nomination deadline all nominated athletes shall have their current performance status evaluated by the relevant Head Coach, and their injury/health status assessed by the relevant IST staff member(s). If, having completed these assessments, an athlete is deemed to be underperforming significantly as a result of injury or illness the relevant head coach shall decide if the athlete will be recovered and will satisfy the definition of "performance readiness" indicated immediately above in order to maintain their nomination to the Olympic Team. Injuries or illnesses to athletes occurring after the nomination deadline will be dealt with similarly, and subject to the OCOG Late Athlete Replacement Policy.

### 10. REMOVAL OF AN ATHLETE ONCE SELECTED

Besides in the case of performance readiness outlined above, an athlete may be removed from selection if she or he:

- breaches or fails to comply with this Policy or any term of the CC Athlete Agreement;
- breaches or fails to comply with:
  - CC National team policy;
  - the rules established by the CCES;
  - the rules of any event, competition or activity in which the rider has been selected to participate;
  - any reasonable instruction or request by the HPD or National Team Coach;
- brings him/herself, another rider in a Pool or Team, the Pool or Team as a whole, an official, CC, or cycling generally, into disrepute;

Removal from the team is subject to the same approvals process as for selection.

Cycling Canada will advise the affected athlete, in writing, of the decision.

### 11. CONFIRMATION OF ENTRIES

By June 30, 2021, Cycling Canada shall determine the athletes (and alternate athletes) it proposes to nominate to the COC for positions on the Canadian Tokyo Olympic Team, subject to any revisions required by an athlete's decision to decline a nomination to be a member of the Canadian Tokyo Olympic Team, or by an athlete's inability to participate at a competitive level due to a health related curtailment of activities.

Substitutions after July 4, 2021 are subject to the IOC Late Athlete Replacement Policy.

### 12. AMENDMENTS & UNFORESEEN CIRCUMSTANCES

In situations where unforeseen circumstances do not allow the selection process to be fairly and objectively applied, the High Performance Director, in consultation with the High Performance Committee, reserves the right to rule on an appropriate course of action.

## Amended Cycling Canada Tokyo Olympic Selection Criteria

### 13. APPEALS

Cycling Canada nominations to the COC for the Tokyo Games may be appealed in accordance with the procedures set out in the Cycling Canada Appeals Policy, published on the Cycling Canada website. Any dispute relating to the Cycling Canada Nomination Procedures for the Tokyo Games must be brought according to said Policy, or may be brought directly to the SDRCC with the consent of all parties.

### 14. GENERAL

The final version of this INP will be published prior to July 23, 2020. The INP will be circulated via email to all 2019-2021 high performance program athletes and coaches and posted on the Cycling Canada website. All subsequent amendments to the approved INP will be circulated to all 2019-2021 high performance program athletes and coaches and posted on the Cycling Canada website.

### 15. STAFF SELECTION (Coaches, Team Leaders)

The High Performance Director has the sole discretion in selecting the support staff, including team leader, coach(s) for the Tokyo Games. The support staff will be selected based on the principle of sending a team of specialists that is best capable of assisting athletes in achieving podium performances at the Games. All selections are subject to COC approval.

### APPENDIX 2 – DEFINITIONS

The words used in this Policy shall have the following meanings:

- **Campaign:** a National Team trip that encompasses two or more **projects**
- **Category:** the category of riders as defined in the UCI regulations and specified in The Specific Selection Criteria document. Categories include junior, U23 and elite.
- **CC:** Cycling Canada
- **CCES:** the Canadian Centre for Ethics in Sport
- **COC:** the Canadian Olympic Committee, the National Olympic Committee (NOC) for Canada.
- **Cycling Disciplines:** The sub-categories of competition within the Cycling Sports. For example, the sport of track cycling is divided into Sprint and Endurance disciplines.
- **Cycling Sports:** These include road, mountain bike, para-cycling, track, and BMX
- **Eligible:** a rider who has satisfied the requirements to be selected as defined in this document.
- **Event:** the different events held at competitions for the cycling Sport. For example, the Road Sport includes both time trial and road race events.
- **Head Coach:** A coach who oversees other coaches in a given cycling sport.
- **HPC:** CC's High Performance Committee
- **HPD:** CC's High Performance Director (this title is interchangeable with HPO – Head of Performance Operations)
- **In Writing:** communication in written form either as a posted letter or via email.
- **IF:** International Federation that is a member of the IOC and is responsible for governing a sport. The cycling IF is the UCI.
- **INP:** Internal Nomination Procedure, the Selection Criteria used by Cycling Canada to nominate the Olympic team.
- **IOC:** The International Olympic Committee, the authority responsible for organizing the Olympic Games
- **Major Games:** Olympic Games, Paralympic Games, Pan American Games, Parapan American Games and Commonwealth Games.
- **National Coach:** the person appointed by Cycling Canada as coach for a cycling Sport. The Head Coach oversees Program coaches in their sport.
- **NOC:** National Olympic Committee that is a member of the IOC. The COC is the NOC for Canada.
- **NSO:** National Sport Organization that is a member of an NOC and an IF. Cycling Canada is the NSO for cycling in Canada.
- **Pool:** in some selection processes, athletes must first qualify to a Pool before being selected to a Team.
- **Program:** a season-long National Team plan within a Cycling Sport that includes training camps and competitions for a defined group of athletes.
- **Program Coach:** A National Coach who supervises athletes' preparation within a cycling sport, and who reports to a Head Coach.
- **Program Coordinator:** the person who makes logistical arrangements for National Team Programs under the direction of a Program Manager, National Coach or the HPD.
- **Program Manager:** the person who manages the National Team Programs for the different Sports of cycling.
- **Project:** a competition the National Team is doing. It may be part of a **campaign**.
- **Road Manager:** Because Canada's top road athletes are members of professional teams with their own coaching support, these athletes are overseen by a Road Manager rather than a coach. The road manager's role is to liaise with the athletes and their teams to coordinate planning and strategy.
- **SDRCC:** Sport Dispute Resolution Centre of Canada.
- **Selection Committee:** The individual or group responsible for selecting athletes for a given Campaign, Project or Program.

## Amended Cycling Canada Tokyo Olympic Selection Criteria

- **Selection Criteria:** the criteria used by Cycling Canada to nominate the Olympic Team. Also referred to as the Internal Nomination Procedure (INP).
- **Selection Date:** the date that selections made by the CC Selection Committee are announced, as specified in the Selection Criteria document.
- **Team:** the group of riders that are selected to represent Canada in Events in each Category as defined in this Policy, also referred to as “**Canadian Team**” or “**National Team.**”
- **Team Leader:** In the context of Major Games, the Team Leader is responsible for Canada’s cycling delegation and has final decision-making authority. At the Olympic Games, this is the High Performance Director. The term “team leader” can also refer to the athlete targeted to perform in the road race event. The other members of the team will be assigned roles to support the leader.
- **UCI Cycling Regulations:** the regulations issued by UCI from time to time that regulate the sport of cycling
- **UCI:** the International Cycling Union, which is the international association of national cycling federations of which CC is the national federation of Canada.
- **World championships:** the UCI-sanctioned World Championship held each year in each of the cycling sports.
